

The background of the image is a scenic landscape at sunset or sunrise. A dark, silhouetted mountain range stretches across the middle ground. In the foreground, a calm body of water reflects the warm, orange and yellow light of the sky. The sky is filled with soft, wispy clouds, and the overall atmosphere is serene and contemplative.

The Only Victor:

The Victor Sayings in the Book of Revelation Mark Wilson, 2007-10-01 This is the first major study to focus solely on the victor sayings and should prove invaluable to scholars and students of Revelation and apocalyptic literature. It demonstrates that the motif of victory is Revelation's macrodynamic theme. Chiasmus is proposed as the book's macrostructure based in part on the chiastic nature of the promises to the victors with the later fulfillment of these promises in the book. The proposed forms for the seven letters forms such as edicts, oracles and epistles are examined and it is concluded that they are a *mixtum compositum* best called prophetic letters. The sociological significance of victory is explored within the Greco-Roman world. The text of the promises and their co-texts as reflected intertextually in traditions of biblical literature receive thorough examination. The eschatological fulfillment of the victor sayings is surveyed in Revelation's later chapters especially in chapters 21-22 where the new Jerusalem is depicted. The study concludes with an investigation of the ways that the promises were appropriated for the time and the text world of Revelation.

The Handley Page Victor: The History & Development of a Classic Jet Roger Brooks, 2007-11-12 The first volume of Roger Brooks detailed reference to the Victor covers the conception, design and test flying of the prototype HP 80 and then the production and operation of the Mark 1 in its many roles. This second volume completes the history of the aircraft by describing the improved Mark 2 that was primarily conceived to carry Britain's Blue Steel nuclear deterrent. The aircraft was to be re-engined with the Rolls Royce Conway and the enlargement of the air intakes in the wing are one of the more noticeable external differences on these models. When the V Bomber Force lost its primary *raison d'être* as the delivery vehicle for the nuclear deterrent the Victors were adapted for the air-to-air refueling tanker role a task they successfully carried out until their airframe life was exhausted. This volume also includes lengthy appendices on all Marks that include a mass of detailed historical information, the testing of many new systems, modifications throughout service life, the authors' first-hand experiences as a Victor crew chief, operational records and a complete list of all Victor accidents with a detailed analysis and official reports.
