**Sketches on the Long March** Zhen Huang, 1982      The Minjian Avant-Garde Chang Tan, 2024-02-15 The Minjian Avant Garde studies how experimental artists in China mixed with brought changes to and let themselves be transformed by minjian the volatile and diverse public of the post Mao era Departing from the usual emphasis on art institutions global markets or artists communities Chang Tan proposes a new analytical framework in the theories of socially engaged art that stresses the critical agency of participants the affective functions of objects and the versatility of the artists in diverse sociopolitical spheres Drawing from hitherto untapped archival materials and interviews with the artists Tan challenges the views of Chinese artists as either dissidents or conformists to the regime and sees them as navigators and negotiators among diverse political discourses and interests She questions the fetishization of marginalized communities among practitioners of progressive art and politics arguing that the members of minjian are often more complex defiant and savvy than the elites would assume The Minjian Avant Garde critically assesses the rise of populism in both art and politics and show that minjian could constitute either a democratizing or a coercive force This book was published with generous support from the George Dewey and Mary J Krumrine Endowment      Words and Their Stories Ban Wang, 2010-10-05 As China joins the capitalist world economy the problems of social disintegration that gave rise to the earlier revolutionary social movements are becoming pressing Instead of viewing the Chinese Revolution as an academic study these essays suggest that the motifs of the Revolution are still alive and relevant The slogan Farewell to Revolution that obscures the revolutionary language is premature In spite of dislocations and ruptures in the revolutionary language to rethink this discourse is to revisit a history in terms of sedimented layers of linguistic meanings and political aspirations Earlier meanings of revolutionary words may persist or coexist with non revolutionary rivals Recovery of the vital uses of key revolutionary words proffers critical alternatives in which contemporary capitalist myths can be contested      **Drawing from Life** Christine I. Ho, 2020-02-11 Drawing from Life explores revolutionary drawing and sketching in the early People s Republic of China 1949 1965 in order to discover how artists created a national form of socialist realism Tracing the development of seminal works by the major painters Xu Beihong Wang Shikuo Li Keran Li Xiongcai Dong Xiwen and Fu Baoshi author Christine I Ho reconstructs how artists grappled with the representational politics of a nascent socialist art The divergent approaches styles and genres presented in this study reveal an art world that is both heterogeneous and cosmopolitan Through a history of artistic practices in pursuit of Maoist cultural ambitions to forge new registers of experience new structures of feeling and new aesthetic communities this original book argues that socialist Chinese art presents a critical alternative vision for global modernism      **Rough Sketches of the Life of an Old Soldier** Jonathan Leach, 1831      The Compleat Body of the Art Military ...
