Small World Long Gone:

Small World ... Long Gone Avis D. Carlson, 1977 Small World Brad Herzog, 2004-05-18 Who says all the exotic locales are overseas The author of *States of Mind* travels America and shows readers they don't need to go far from home to experience the beautiful the historic and the bizarre

School Choice David Harmer, 1994 What school choice will mean and how we get it *Making the Grade* William A. Fischel, 2009-11-15 A significant factor for many people deciding where to live is the quality of the local school district with superior schools creating a price premium for housing The result is a race to the top as all school districts attempt to improve their performance in order to attract homebuyers Given the importance of school districts to the daily lives of children and families it is surprising that their evolution has not received much attention In this provocative book William Fischel argues that the historical development of school districts reflects Americans desire to make their communities attractive to outsiders The result has been a standardized interchangeable system of education not overly demanding for either students or teachers one that involved parents and local voters in its governance and finance Innovative in its focus on bottom up processes generated by individual behaviors rather than top down decisions by bureaucrats *Making the Grade* provides a new perspective on education reform that emphasizes how public schools form the basis for the localized social capital in American towns and cities

Losing My Mind Thomas DeBaggio, 2002-04-05 When Tom DeBaggio turned fifty seven in 1999 he thought he was about to embark on the relaxing golden years of retirement time to spend with his family his friends the herb garden he had spent decades cultivating and from which he made a living Then one winter day he mentioned to his doctor during a routine exam that he had been stumbling into forgetfulness making his work difficult After that fateful visit and a subsequent battery of tests over several months DeBaggio joined the legion of twelve million others afflicted with Alzheimer's disease But under such a curse DeBaggio was also given one of the greatest gifts the ability to chart the ups and downs of his own failing mind *Losing My Mind* is an extraordinary first person account of early onset Alzheimer's the form of the disease that ravages younger more alert minds DeBaggio started writing on the first day of his diagnosis and has continued despite his slipping grasp on one of life's greatest treasures memory In an inspiring and detailed account DeBaggio paints a vivid picture of the splendor of memory and the pain that comes from its loss Whether describing the happy days of a youth spent in a much more innocent time or evaluating how his disease has affected those around him DeBaggio poignantly depicts one of the most important parts of our lives remembrance and how we often take it for granted But to DeBaggio memory is more than just an account of a time long past it is one's ability to function to think and ultimately to survive As his life becomes reduced to moments of clarity the true power of thought and his ability to connect to the world shine through and in DeBaggio's case it is as much in the lack of functioning as it is in the ability to function that one finds love hope and the relaxing golden years of peace At once an autobiography a medical history and a testament to the beauty of memory *Losing My Mind* is more than just a story of Alzheimer's it is the captivating tale of one
