Entrepreneurship and SME Research Rik Donckels, Asko Miettinen, 2019-05-29 First published in 1997 the authors of the present volume provide brand new insights and empirical findings in the field of entrepreneurship and small business research The writers have highlighted three different key themes entrepreneurship start ups and growth and internationalisation The priority of most countries is growth competitiveness and employment In this context the relevance of promoting the creation of new enterprises and understanding the very nature and development of newly created and existing SMEs is becoming more important today The role of entrepreneurship and SMEs for economic and social development welfare and well being is going to be emphasised more than ever before The same holds for research in these fascinating fields This book gives an idea of the state of the art for the time being with its increasing conceptual methodological and empirical complexity and diversity

Women Entrepreneurs Across Racial Lines Andrea Smith-Hunter, 2006-01-01 One of the strengths of this book lies in the admirable literature reviews throughout the volume The authors reviews vast amounts of literature on women entrepreneurs and more specifically studies involving women minority entrepreneurs The nature of this task should not be underestimated given the ever expanding academic field of entrepreneurship and women s entrepreneurship in particular I read this book as an academic and would argue that it is of most use for academics students and professors and provides an up to date and well researched portrait of women entrepreneurs in the USA and beyond this book fills an important gap in the literature not only because there is a growing population of women entrepreneurs but also because of the growing number of minority women entering entrepreneurship Jodyanne Kirkwood Women in Management Review This book serves an important purpose It draws attention to the need for further research on ethnic minority women entrepreneurs Anne de Bruin International Small Business Journal This monograph provides a very comprehensive study of women entrepreneurs in the US and in many industrialized and developing countries Recommended General readers all levels of students faculty and professionals E P Hoffman Choice In this book Andrea E Smith Hunter interweaves quantitative findings with qualitative depth resulting in an informative and objective report of explanatory variables differences and similarities among women entrepreneurs from unlike racial backgrounds Among others she develops models of human capital dimensions network structures and entrepreneurial success L o Paul Dana Journal of International Entrepreneurship Women entrepreneurs command an increasingly large presence at the international and national levels A significant part of this impact is due to

growing numbers of minority women becoming entrepreneurs This volume provides some of the most comprehensive data to date on the topic of women entrepreneurs across racial lines It offers a systematic and conceptual framework for understanding issues of network structures and human and financial capital analyzed through a comparative analysis of minority and white women entrepreneurs The book begins by looking at the historical and current contributions of women in the labor market as well as literature related to women entrepreneurs Subsequent chapters take a critical and in depth look at white and minority entrepreneurs Later chapters examine the status of women entrepreneurs in the US followed by various analyses of their position in the global marketplace The book concludes with a set of action tools to aid women entrepreneurs as they navigate the road to economic success Through a well chosen sample rich analysis and insightful accounts Andrea E Smith Hunter compellingly details the challenges and opportunities faced by women entrepreneurs in today s marketplace Government agencies researchers entrepreneurs and those involved with the financial aspects of entrepreneurial ventures will find this volume of great interest

Small Business in Indonesia Peter van Diermen, 2019-05-23 First published in 1997 this volume examines why small scale enterprises have performed so well in Indonesia given that the country s labour force is expected to expand and urbanise rapidly between 1995 and 2025 It also considers what future contribution small scale enterprises could make Peter van Diermen explores the industrial organisation of family businesses local development in a global context and family businesses in Jakarta in considering the unexpected success of small scale enterprises and the future contributions they could make

Job Generation and Labour Market Change D.J. Storey, Stanley Johnson, 1987-10-01 Technological Change, Industrial Restructuring and Regional Development Ash Amin, John Goddard, 2018-03-22 Originally published in 1986 this book was published at a time when the manufacturing structure of advanced economies was transformed The growing internationalization of production the rising power of giant corporations and the increasing rate of technological innovation remain key issues today The impact of these changes is felt unevenly between regions shown by huge job losses in some places and high tech based growth in others Drawing together contributions from economists geographers sociologists and management specialists the problems facing the declining regions are discussed and analyzed The book will be of interest to researchers planners and policymakers concerned with the regional aspects of technological change and industrial restructuring
