Since the downfall of the Derge and the establishment of the decree for religious freedom there have been types of problems related to the size and type of groups that have greatly affected the Ethiopian evangelical church The first category of problem is due to the attraction that many contemporary church leaders have for reaching multitudes and building mega church ministries at the expense of small group ministries Because of the priority on the large group environment small group ministries have been neglected resulting in a whole generation of students and people who have never experience the vibrant spiritual benefits of a small group As a result believers are inclined to attend only Sunday Worship Services and the rest of the week live disconnected from vital relational community and involvement Too many churches in Ethiopia today have chosen to focus on the quantity of the people rather than the quality of the disciple resulting in the spiritual diseases of nominalism and carnality Discipleship and biblical Koinonia are being ignored therefore many people are not experiencing the richness of biblical Christianity in many practical ways This has resulted in the loss of Ethiopian Evangelicals identity as well as an influence on all aspects of Ethiopian culture including her institutions and government Reaching a Generation for Christ Richard R. Dunn, Mark H. Senter III, 1997-03-05 Things have changed The Truth has not The 1950 s are gone forever The days of the Sunday school attendance award and the much loved Sunday school picnic have faded into oblivion Yet some youth ministries still operate as if today s kids are living in a vacuum unaffected by the changing morals of today s society How can we reach these kids with the truth of the gospel More than fifty of America s youth experts give advice and encouragement to those who long to see this generation know the love of Christ They help readers think through their philosophies of youth ministry break down barriers that impede progress and maximize their own gifts and the gifts of those who work with them They answer tough questions such as How can leaders build a relational youth ministry How can we find and support volunteers What are the issues women face in youth ministry How do we minister in ethnic communities How should we respond to popular culture How can we help hurting adolescents You can have a vibrant youth ministry even in

these uncertain times You can reach this generation for Christ **Emerging Hope** Jimmy Long,2004-08-18 How do we do church in this era of cynicism Jimmy Long looks at the connections between postmodernism and the emerging generations GenXers and millennials highlighting implications for evangelism and discipleship Here is a hopeful strategy for ministry that will appeal to a generation starved for belonging **What Every Small-Group Leader Should Know** Larry Kreider,2010-08-11 With over 30 years of experience in leading small groups pioneer Larry Kreider writes I am completely convinced that if God can use me He can use anyone Most people have untapped leadership potential and unleashing those abilities is often just a matter of equipment and motivation What Every Small Group Leader Should Know is the go to guide for plenty of both Whether readers have already taken a step of faith into a leadership position or are still praying about the possibility this will become an indispensable handbook of practical tips tools and suggestions At the heart of What Every Small Group Leader Should Know is a big picture vision of biblical service Jesus said that whoever wants to be great in His kingdom must become a servant see Mark 10 43 It s that passion for meeting others needs that is the difference between ho hum small group leaders and effective thriving leaders *Thirty-Three Academic Reflections on the Emerging Church* Kenneth Harley,2006-06 In these academic reflections I will talk about some of issues that directly or indirectly contribute to the Emerging Church of today and tomorrow and those that are part of the emerging Body of Christ now and in the near future Christians need to find effective ways to share our Faith and to become better at communicating the Gospel of Jesus not just for the survival of the Church but for the betterment of every man woman and child in the world This book hopefully will start you on a journey to learn how you can communicate the Gospel the Good News of Jesus Christ to the next generations more effectively **A True Leader C.A.R.E.S** Dr. Wain,2009-01-15 Do you have a desire or calling to lead and no idea where to begin or where you are headed Do you feel you must have a title or position to be a leader Have you been a pastor for years but not effective in developing your leadership team If any of this is trueXthis book is for you This book was not written exclusively for church leadership It will examine leadership principles that are pertinent in every area of life Step by step it will guide you through the process of personal leadership development It is guaranteed to give everyone who is serious about leadership useful tools and incentives to transform lives In Part I it will introduce and define a new term with an old flavorXLeadership Christianity Within its pages you will see how creating change and making good sound decisions are essential in your life as a leader Part II includes a detailed examination and application of the five most important characteristics of a leader who C A R E S Character Attitude Relationships Effective Communications Self Discipline The final chapters of Part III are geared toward action Showing you the leader how these principles can be utilized in your everyday life at home in your church and in your community Rev Wayne P Bowman DMin How To Conduct Discipleship Training Rufus McDowell, D. Min.,2022-03-09 Leadership Training In Discipleship For Christians With Prior Drug and Alcohol Dependence This book is resultant of my Doctor of Ministry Research Project providing a means for leaders and teachers to

learn dynamics to disciple Christians that had prior drug or alcohol dependence Before implementation of this dissertation I discovered that there was not a definitive manual to train individuals to facilitate or conduct discipleship programming exclusive and conducive to this group This book is not only meant to be academic the intent is to offer concise information and instruction to aid ministers pastors church laity and others delivering drug and alcohol rehabilitative pastoral care Further usage will aid participants in traditional church institution chaplaincy prison workplace and other faith based settings Fundamentally this book insinuates spiritual social and emotional suggestions for anyone desiring development in both personal and spiritual formation In addition this book will equip you with biblical principles and modalities to teach holistically These standpoints entail examination of a biblical philosophy of discipleship centered on the Great Commission and Great Commandment in developing a comprehensive strategy involving a theological and practical study and teaching approach Throughout this study a small group format is emphasized for training and evaluation giving particular attention to Christ s model of discipleship with regards to facilitating and coaching This book will aid in revealing that the culture of the church consists of a unique group of Christians some whom have abused drugs or alcohol served time in prison and misunderstood in church ministries

For a New Generation Lee D. Kricher, 2016-08-02 A New Generation Church is a church with attendees whose average age is at least as young as the average age of the community in which the

church exists Any church can become a New Generation Church that reaches and continues to reach the next generation The Psalmist writes We will not hide these truths from our children we will tell the next generation about the glorious deeds of the Lord about his power and his mighty wonders Psalm 78 4 NLT No Christian would purposely hide the timeless truths of Christianity from the next generation But often we do not because of the substance of our church but because of the approach of our church For A New Generation is not about changing your church s statement of faith or core beliefs It is about evaluating and changing as needed your church s programs ministries and practices in order to more effectively connect with and stay connected with the next generation Written for both church leaders and members For a New Generation presents 5 practical strategies that will lay a foundation for a church to thrive for generations to come It is based on the assumption that accepting the status quo is the greatest threat to your church s core mission and perhaps to the long term survival of your church
