Smoke Over Golan:

Inside Israel's Northern Command Dani Asher, 2016-03-18 On October 6 1973 Israel's Northern Command was surprised by the thunder of cannon fire and the sight of dense black smoke A Syrian force of 1 400 tanks supported by artillery and air power had attacked from the north while the Egyptian military invaded the Sinai Peninsula in the south Syria sought to avenge its devastating loss of the Golan Heights in the 1967 Six Day War a conflict that not only resulted in territorial gain for Israel but also cemented the nation's reputation as the region's preeminent military power Although Israel ultimately prevailed the Yom Kippur War or Ramadan War as it is known in Arab countries shattered the illusion of Israel's invincibility In *Syrians at the Border* Israel's foremost scholar of the war Dani Asher and an eminent group of experts provide the definitive history of this key conflict The contributors Major General Yitzhak Hofi the Northern commander in chief Major General Uri Simchoni head of Command Operations Brigadier General Avraham Bar David head of Artillery and Colonel Hagai Mann the command's intelligence officer all held key positions during the fighting Together they offer fresh insight into the prewar debate that raged between the Israeli Northern Command and intelligence officers who believed that Syria would not instigate conflict This seminal study also examines the pivotal battles that changed the course of the war as well as the disastrous effects of a flawed postwar evaluation that adversely affected the careers of several high ranking intelligence officials and the course of defense strategic planning thereafter The contributors' incisive analyses contribute significantly to our understanding of this troubled region

rock flight Hasib Hourani, 2025-04-08 A powerfully moving debut poetry collection about the violence of colonialist occupation One more rock thrown onto the pile to tumble the mountain on my chest Hasib Hourani Hasib Hourani's *rock flight* is a book length poem that over seven chapters follows a single personal and historical narrative centered on the violent occupation of Palestine The poem uses refrains of suffocation rubble and migratory bird patterns to address the realities of forced displacement economic restrictions and surveillance technology that Palestinians face both within Palestine and across the diaspora Searing and fierce tender and pleading *rock flight* invites the reader to embark on an exploration of space while limited by the box like confines of the page Through the whole Hourani moves between poetry and prose historical events and meditations on language Fluxus like instructions and interactions with friends strangers and family As incantatory and stirring as Inger Christensen's *alphabet* or Ra l Zurita's *Inri* *rock flight* adapts themes of displacement and refusal into an interactive reading experience where the book becomes an object in flux
