SMU Reflections Bonnie Brunk Hillerbrand, 1986 *The Negro's Church* Benjamin E. Mays, 2015-08-04 Benjamin E Mays 1894 1984 was President and Professor Emeritus of Morehouse College *NASA Technical Note* ,1970 *The Evangelistic Love of God & Neighbor* Bishop Scott J. Jones, 2010-08-01 There are it seems as many definitions of the term evangelism as there are people doing the defining For some it means proclaiming the gospel to those who have not heard it To others it means making disciples of Jesus Christ To others it means working for the transformation of the world into the kingdom of God For still others it has principally to do with building vibrant healthy congregations Underlying this confusion is a fundamental inability to locate the practice of evangelism within one s overall theological convictions We will never understand the part that proclamation disciple making kingdom building and church growth play in evangelism until we first ask a more important question What does evangelism have to do with who God is What is it we know about God that makes evangelism a central part of what it means to be Christian In this comprehensive theology of evangelism Scott J Jones proposes to ground the practice of evangelism in an understanding of God s love for the world specifically as seen in the incarnation of God in Christ In Jesus God took on all of what it means to be human Because of this evangelism must be a ministry to the whole person The typical distinctions between soul winning social action and church growth evaporate individual conversion and acts of mercy are part of the same ministry of bringing persons more fully into the reign of a loving God **Evangelism and the Openness of God** Vaughn W. Baker, 2012-12-18 In *Evangelism and the Openness of God* Vaughn Baker argues that a dynamic concept of God as articulated in open theism better serves the evangelistic mission of the church than does conventional theology Open theism affirms an ontology of love as opposed to power and it focuses on God s kenosis in creation allowing for the authentic freedom of creation influenced by divine persuasion God s genuine temporal relationship with creation one that is open synergist and non coercive provides a new perspective for evangelistic activity In this volume the author has made a valuable contribution to the integration of new developments in theology and evangelism **Leak Detector for Use in Space Environment** Kenneth W. Woodis, 1970 **The Oxbridge Evangelist** Michael J. Gehring, 2017-02-28 In *The Oxbridge Evangelist Motivations Practices and Legacy of C S Lewis* Michael Gehring examines the evangelistic practices of one of the most significant lay evangelists of the twentieth century In the early 1930s not many who knew Lewis would have guessed that he would become such a significant evangelist He has left an evangelistic legacy that has influenced millions across the world Yet Lewis scholarship has not given sufficient attention to this crucial aspect of his legacy This work examines Lewis s loss and recovery of faith and it shows how his experience heightened his own awareness of the loss of the Christian faith in England Because of his ability to identify with others Lewis engaged in the work of evangelism with uncanny skill This work required singular courage on his part it cost him dearly professionally and in his relationships Gehring critically explores Lewis s motivations practices and legacy of evangelism In doing so he provides

penetrating insight for those interested in the theory and practice of evangelism in a culture that too readily leaves it to the crazies of the Christian tradition or relegates it to the margins of church life **Image and Reflection** Ethel C.
