

Sociology Of Work Concepts And Cases

Clifton D. Bryant, Dennis L. Peck

Sociology Of Work Concepts And Cases:

The Sociology of Work Carol Jean Auster, 1996-01-01 The Work of Professional Football Martin Roderick, 2006-09-27 A long term study providing rare insights into the precarious career and ordinary working culture of professional footballers Away from the celebrity obsessed media gaze the work of a professional footballer is rarely glamorous and for most players a career in football is insecure and short lived A former professional Martin Roderick s familiarity with the world of football is the foundation for this privileged research into a world that is typically closed to the public gaze and ignored by media reportage and academic research which prefers to focus on a small unrepresentative group of elite players Key themes explored within the text include the culture of work in professional football the changing identity orientation and expectations of players during their careers the fragile and uncertain nature of professional sport careers the performance and dramatic aspects of a career under public scrutiny the role of relationships with managers owners support staff and partners players responses to the insecurities inherent in professional football such as injury ageing performance and transfer The text deals with a wide range of issues of interest to sports students and academics particularly those with a focus on the sociology of sport but also including sport development sport management and coaching studies. The text will also be of interest to researchers in the fields of careers industrial relations and the sociology of work **Coping Among Professionals** Kwok B. Chan, 2007 Based on a large scale survey indepth interviews and comparative analyses this book offers deep analyses of work stress and coping among seven professional groups doctors lawyers engineers nurses teachers police officers and life insurance agents The book makes practical recommendations for personal organizational and societal intervention Sociology of Work Vicki Smith, 2013-05-16 The simple act of going to work every day is an integral part of all societies across the globe It is an ingrained social contract we all work to survive But it goes beyond physical survival Psychologists have equated losing a job with the trauma of divorce or a family death and enormous issues arise from financial panic to sinking self esteem Through work we build our self identity our lifestyle and our aspirations How did it come about that work dominates so many parts of our lives and our psyche This multi disciplinary encyclopedia covers curricular subjects that seek to address that question ranging from business and management to anthropology sociology social history psychology politics economics and health Features Benefits International and comparative coverage 335 signed entries A to Z fill 2 volumes in print and electronic formats Cross References and Suggestions for Further Readings guide readers to additional resources A Chronology provides students with historical perspective of the sociology of work In the electronic version the comprehensive Index combines with the Cross References and thematic Reader's Guide themes to provide robust search and browse capabilities The Sociology of Social Work Martin Davies, 2023-07-21 How do sociologists explain the role and function of social work in society How has sociological knowledge been used adapted and misused by social workers Originally published in 1991 The Sociology of Social Work

includes chapters on sociological theory and social work child protection community care probation interviews family therapy residential care race and knowledge and power **Year-book** University of Southern California,1922 Sociology, Work and Organisation Tony Watson, Marek Korczynski, 2011-09-19 Providing an authoritative overview of both traditional and emergent themes in the sociological study of work this popular text explains and justifies the use of the sociological imagination to understand the nature of institutions of work occupations management and employment Information University of Southern California, 1925 Sociology, Work and Industry Tony Watson, 2002-09-11 First published in 2002 Routledge is an imprint of Taylor Francis an informa company 21st Century Sociology: A Reference Handbook Clifton D. Bryant, Dennis L. Peck, 2007 Publisher Description Core Concepts in Sociology J. Michael Ryan, 2018-09-07 An essential guide to the basic concepts that comprise the study of sociology with contributions from an international range of leading experts Core Concepts in Sociology is a comprehensive guide to the essential concepts relevant to the current study of the discipline and wider social science The contributing authors cover a wide range of concepts that remain at the heart of sociology including those from its academic founding and others much more recent in their development The text contains contributions from an international panel of leading figures in the field utilizing their expertise on core concepts and presenting an accessible introduction for students Drawing on the widest range of ideas research current literature and expert assessment Core Concepts in Sociology contains over 90 concepts that represent the discipline Coverage includes concepts ranging from aging to capitalism democracy to economic sociology epistemology to everyday life media to risk stigma and much more This vital resource Sets out the concepts that underpin the study of sociology and wider social science Contains contributions from an international panel of leading figures in the field Includes a comprehensive review of the basic concepts that comprise the foundation and essential development of the discipline Designed as a concise and accessible resource Written for students researchers and wider professionals with an interest in the field of sociology Core Concepts in Sociology offers a concise affordable and accessible resource for studying the underpinnings of sociology and social science Encyclopedia of Case Study Research Albert J. Mills, Gabrielle Durepos, Elden Wiebe, 2009-10-21 Case study research has a long history within the natural sciences social sciences and humanities dating back to the early 1920 s At first it was a useful way for researchers to make valid inferences from events outside the laboratory in ways consistent with the rigorous practices of investigation inside the lab Over time case study approaches garnered interest in multiple disciplines as scholars studied phenomena in context Despite widespread use case study research has received little attention among the literature on research strategies The Encyclopedia of Case Study Research provides a compendium on the important methodological issues in conducting case study research and explores both the strengths and weaknesses of different paradigmatic approaches These two volumes focus on the distinctive characteristics of case study research and its place within and alongside other research methodologies Key Features

Presents a definition of case study research that can be used in different fields of study Describes case study as a research strategy rather than as a single tool for decision making and inquiry Guides rather than dictates readers understanding and applications of case study research Includes a critical summary in each entry which raises additional matters for reflection Makes case study relevant to researchers at various stages of their careers across philosophic divides and throughout diverse disciplines Key Themes Academic Disciplines Case Study Research Design Conceptual Issues Data Analysis Data Collection Methodological Approaches Theoretical Traditions Theory Development and Contributions From Case Study Research Types of Case Study Research The Routledge Handbook of the History and Sociology of Ideas Stefanos Geroulanos, Gisèle Sapiro, 2023-09-26 The Routledge Handbook of the History and Sociology of Ideas establishes a new and comprehensive way of working in the history and sociology of ideas in order to obviate several longstanding gaps that have prevented a fruitful interdisciplinary and international dialogues Pushing global intellectual history forward it uses methodological innovations in the history of concepts gender history imperial history and history of normativity many of which have emerged out of intellectual history in recent years and it especially foregrounds the role of field theory for delimiting objects of study but also in studying transnational history and migration of persons and ideas The chapters also explore how intellectual history crosses the study of particular domains law politics economy science life sciences social and human sciences book history literature and emotions Sociology, Work and Industry Tony J. Watson, 2003 In the fourth edition of this successful and popular text Tony Watson explains how the discipline of sociology contributes to our wider understanding of the variety of work practices and institutions which exist in modern society The new edition outlines both what has been achieved historically and what is currently being achieved by the sociological study of work as well presenting a range of concepts models and other theoretical ideas that students and researchers can apply to the study of work Subjects covered include how working patterns have changed and continued to change since the industrial revolution work organizations innovations in the structuring of work activities at the enterprise level the occupational aspects of the organization of work in changing societies how people experience and cope with the pressures insecurities and inequalities of a restructured world of work how challenge and resistance influence the shaping of work in an ever changing world Fully updated throughout this book includes an all new chapter on the distinctiveness of the sociological perspective along with guidance on the research and analysis of work It will be essential reading for anybody studying the sociology of work and organizations Sociology, Work and Industry, Social Work and Sociology: Historical and Contemporary Perspectives Irene Levin, Marit Haldar, Aurélie Picot, 2018-02-05 Discussing the relationship between social work and sociology this book explores how the two have become more and more divided moving from one single discipline to two separate but related fields Both sociology and social work focus on social problems social structure social integration and how individuals respond to and live within cultural and structural constraints Today both disciplines face the possibility of losing some of their most important

characteristics to individualising trends the disappearance of the importance of the social and pressure towards solely evidence based knowledge In addition to casting light on areas that have been in the shadows of the mainstream narrative the contributions to this book will raise new questions contributing to continuing discussions between and within each discipline This book was originally published as a special issue of Nordic Social Work Research **Sociological Practice Review** ,1992 The Family ,1929 Sociology, Work, and Organisations Brian McDonough, Jane Parry, 2024-10-23 This accessible edited collection provides global context for undergraduate and postgraduate students studying the sociology of work and organisations Composed of short example led chapters this book covers a wide range of contemporary topics including the COVID 19 pandemic the digitalisation of work the gig economy and the shifting roles of women and other marginalised groups The book s innovative approach uses case studies as diverse as work life balance in China gender pay inequity in Britain and Germany and the exploitation of workers on the Mexico US border to incorporate perspectives from both the Global North and South and provide students with the tools to analyse new developments in the rapidly changing world of work The book is particularly concerned with inequalities and marginalisation in the workplace discussing discrimination against women ethnic minorities migrants and older workers The book also explores how increasing digitalisation the rise of the gig economy and the COVID 19 pandemic have impacted working practices and how this relates to precarious employment Other chapters are dedicated to issues of workplace organisation including female leadership work life balance and well being The book goes on to explore how climate change and policies such as Universal Basic Income may shape the future of work in the near future Each chapter also includes useful pedagogical resources including practice exam questions key concepts and definitions and further readings Therefore the book will be therefore essential reading for undergraduate and postgraduate students studying the sociology of work business management and organisation
