Sociology Themes And Perspectives Main Edition:

Sociology Michael Haralambos, Martin Holborn, 2013 The eighth edition of this essential resource covers new and completely up to date sociological teaching with the latest research empirical studies and theoretical developments includes new Chapter Development and Globalisation

The Myth of Social Action Colin Campbell, 1998-07-09 The Myth of Social Action first published in 1996 is a powerful critique of the sociology of the time and a call to reject the prevailing orthodoxy Arguing that sociological theory had lost its way Colin Campbell mounts a case for a new dynamic interpretivism a perspective on human conduct which is more inkeeping with the spirit of traditional Weberian action theory Discussing and dismissing one by one the main arguments of those who reject individualistic action theory he demonstrates that this has been wrongly rejected in favour of the interactional social situationist approach now dominating sociological thought

The Cambridge Handbook of Social Sciences in Australia Ian McAllister, Steve Dowrick, Riaz Hassan, 2003-08-07 First published in 2003 The Cambridge Handbook of Social Sciences in Australia is a high quality reference on significant research in Australian social sciences The book is divided into three main sections covering the central areas of the social sciences economics political science and sociology Each section examines the significant research in the field placing it within the context of broader debates about the nature of the social sciences and the ways in which institutional changes have shaped how they are defined taught and researched

Introducing the Social Sciences for Midwifery Practice Patricia Lindsay, Ian Peate, 2015-07-16 Introducing the Social Sciences for Midwifery Practice makes clear the links between social anthropological and psychological concepts midwifery practice and women's experience of birth Demonstrating how empathising with women and understanding the context in which they live can affect childbirth outcomes and experiences this evidence based text emphasises the importance of compassionate and humane care in midwifery practice Exploring midwifery as an art as well as a science the authors collected here make the case for midwives as professionals working with women rather than as birth technicians taking a purely competency based approach to practice The book incorporates a range of pedagogical features to enhance student learning including overall chapter aims and learning outcomes recommendations for practice learning triggers to encourage the reader to delve deeper and reflect on practice application to practice case studies which ensure that the theory is related to contemporary practice and a glossary of terms The chapters cover perspectives on birth from sociology psychology anthropology law social policy and politics Other chapters address important issues such as disability politics and sexuality Outlining relevant theory from the social sciences and clearly applying it to practice this text is an essential read for all student midwives registered midwives and doulas

Sociological Thought Venkata Mohan, 2017-11-17 This book Sociological Thought In the Light of J Krishnamurti's Philosophy is an exceptional and brilliant contribution of the author whom I consider as a unique academic intellectual of contemporary times I am sure no one in the academic sphere has so far attempted to explain Social Thought the way the

author has analyzed and presented G Satyanarayana Emeritus professor of Sociology at Osmania University Hyderabad This book first covers the basic ideas in Sociological Thought from Comte to postmodernism It comprehensively discusses Marx Weber Durkheim and Parsons giving prominent place to Marx It then takes Thought to its philosophical roots and also widens it by bringing in Kant Nietzsche and Freud Why J Krishnamurti here Well that is a way of bringing the Buddha to the discussion

Work, Unemployment and Leisure Rosemary Deem,2002-09-09 Rosemary Deem provides students with a concise introduction to a range of issues and debates surrounding work unemployment and leisure in contemporary societies Beginning with an examination of the social and historical factors which have shaped work and leisure patterns in modern Britain she shows how the boundaries between them are culturally constructed and change over time As well as looking at the effects of class Work Unemployment and Leisure also considers gender race and ethnicity dimensions The author takes a wide view of work encompassing work carried out both within and outside the formal economy The chapter on unemployment considers the lives of those who are unemployed and the impact of unemployment on work and leisure There is a critical analysis of leisure itself and some recent controversies are considered The final chapter contains a discussion of the future of work and leisure in industrial societies

Key Topics in Social Sciences Mark Walsh,2018-04-27 *Key Topics in Social Sciences* is a collection of short articles summarising the most important concepts in sociology and psychology that nursing and healthcare students will need to understand Each entry is intended to give a brief introduction to the topic as a prompt for writing essays and assignments Arranged in alphabetical order so you can find entries quickly and easily Short entries take you straight to the heart of each topic A great starting point for essays and assignments Ideal for revision before assessments and exams Cross references and further reading suggestions provided so you can study in more depth as needed From reviews It s a really easy to use book the layout is very user friendly and I like the references for further reading at the end of each section I would really recommend this book to all student nurses as it can help support most assignments Third year nursing student University of Surrey

The Social Context of Birth Caroline Squire,2009 Providing an understanding of the impact of social circumstance on women giving birth their babies and families in the 21st century this title explains to midwives and other health professionals how social issues such as domestic violence race and poverty can affect the birth progress

Parsons' The Structure of Social Action and Contemporary Debates Gabriele Pollini,Giuseppe Sciortino,2001

Humanist Realism for Sociologists Terry Leahy,2017-01-20 Recent critiques treat humanism as a mistaken value framework Indeed the concept of human nature is in fact essential for sociology but is often being denied at the same time as it appears without acknowledgement While classic authors can show us how to connect an ethics with a concept of human nature current humanists must tackle the sociobiological view of human nature and interrogate humanism in the light of the ecological crisis Humanist Realism for Sociologists both explains and explores some of the main arguments surrounding humanism put forward by classic social theorists such as Aristotle Marx and Weber as well as more contemporary authors such as Braidotti Oakley Weedon Firestone Connell Flyvbjerg Foucault and Bourdieu A must have tool for understanding how value perspectives cannot be eliminated from the social sciences this book is essential for undergraduates postgraduates and postdoctoral researchers interested in the fields of sociology anthropology women s studies social work human geography political philosophy and ecology

Knowledge-building Karl Maton,Susan Hood,Suellen Shay,2015-10-08 Education and knowledge have never been more important to society yet research is segmented by approach methodology or topic Legitimation Code Theory or LCT extends and integrates insights from Pierre Bourdieu and Basil Bernstein to offer a framework for research and practice that overcomes segmentalism This book shows how LCT can be used to build knowledge about education and society Comprising original papers by an international and multidisciplinary group of scholars Knowledge building offers the first primer in this fast growing approach Through case studies of major research projects Part I provides practical insights into how LCT can be used to build knowledge by enabling dialogue between theory and data in qualitative research bringing together quantitative and qualitative methodologies in mixed methods research relating theory and practice in praxis conducting interdisciplinary studies with systemic functional linguistics Part II offers a series of studies of pressing issues facing knowledge building in education and beyond encompassing diverse subject areas including physics

English cultural studies music and design educational sites schooling vocational education and higher education practices of research curriculum pedagogy and assessment both education and informal learning contexts such as museums and masonic lodges Carefully sequenced and interrelated these chapters form a coherent collection that gives a unique insight into one of the most thought provoking and innovative ways of building knowledge about knowledge building in education and society to have emerged this century This book is essential reading for all serious students and scholars of education sociology and linguistics

African Families in a Global Context Göran Therborn, 2004 The family is one of the most important institutions of African societies Where is it going today How is it affected by global processes cultural and political as well as economic How does it compare with family developments in other parts of the world These are questions which this book addresses The contributors deal with the African family in a comparative global context focusing on patriarchy sexuality and marriage and fertility biological and social reproduction in Ghana under conditions of globalization and structural adjustment Nigerian marriage relations under the impact of current conditions and family changes in the North Britain from a family perspective of the South South Africa

Stereotypes and the Construction of the Social World Perry R. Hinton, 2019-10-16 Stereotypes and the Construction of the Social World explores the complexity of stereotypes guiding the reader through issues of definition and theoretical explanations from psychology and other disciplines The book examines why people use stereotypes which have often been represented as inaccurate rigid and discriminatory If that is what they are then why would people employ such faulty or biased views of others Whilst this book presents a detailed and comprehensive analysis of the psychological research into the individual use of stereotypes it also presents this research within its ideological and historical context revealing the important sociocultural factors in what we mean by stereotypes From the politics of representation and inter group power relations alongside individual social cognitive issues the book provides a comprehensive and cross disciplinary account of stereotypes and stereotyping Featuring a wealth of real world examples it will be essential reading for all students and researchers of stereotypes
