## **Sodruzhestvo Evraziia:**

**Peacekeeping And The Role Of Russia In Eurasia** Lena Jonson,Clive Archer,2019-06-04 As the number of peacekeeping efforts conducted internationally under the aegis of military forces increases there is more pressure to resolve the dilemma inherent in all peacekeeping activities how to combine efficiency with legitimacy This dilemma is particularly acute in the many conflicts that have mushroomed in the Eurasian region following the disintegration of the Soviet state Given the history of Soviet Russian repression of ethnicnational entities can Russia the USSR s primary heir be relied on to resolve rather than inflame conflicts in the other post Soviet states and regions In order to answer this question the contributors to this timely volume evaluate the factors that guarantee Russia s intervention in its near abroad They debate whether Russian peacekeeping is legitimate according to international norms or whether it may be a harbinger of neoimperialism Finally they explore the origins and effectiveness of Russia s intervention in four cases of regional conflict and discuss the complexities of broader multilateral involvement The International Politics of Eurasia: v. 4: The Making of Foreign Policy in Russia and the New States of Eurasia S. Frederick Starr,Karen Dawisha,2024-11-01 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The collapse of the Soviet Union and the discrediting of Marxism Leninism as a source of political legitimacy have prompted a search for fresh principles of political organization that will shape the nature of political culture in all the post Soviet countries This volume looks at the making of foreign policy in Russia and the new states of Eurasia The International Politics of Eurasia: v. 8: Economic Transition in Russia and the New States of Eurasia S. Frederick Starr,Karen Dawisha,2016-09-17 First Published in 1996 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The contributors were chosen not only for their recognized expertise but also to ensure a stimulating diversity of perspectives and a dynamic mix of approaches This is Volume 8 Economic Transition in Russia and the New States of Eurasia Economic Transition in Russia and the New States of Eurasia Bartłomiej Kamiński,1996 This volume covers the economic progress made by the new states of the former Soviet Union in the transition from command to market economies Topics discussed include political and economic adjustments the domestic dimension macropolicies restructuring and regional and world integration **Building Security in the New States of Eurasia: Subregional Cooperation in the Former Soviet Space** Renata Dwan,Oleksandr Pavliuk,2015-07-17 This pathbreaking study brings together international experts to consider security issues and the experience and potential for cooperation in the subregions of the former Soviet Union Appendices to the volume provide maps a guide to acronyms

**Security Dilemmas in Russia and Eurasia** Roy Allison,Christoph Bluth,1998 The new states in Eurasia confront many difficulties in forging new security policy identities Some of these states still emphasize the need for integration with Russia others insist on greater diversification and broader multilateral security ties To explore the dynamics

between these trends the 16 chapters of this book analyse the current security policy thinking and military ties of Russia Ukraine the Central Asian and Caucasian states and assess their military and military economic capabilities The authors including specialists from Eurasia also analyze the larger framework of international security relations of these states and consider potential implications for the rest of Europe     The Foundations of Ethnic Politics Henry E. Hale,2008-06-30

Despite implicating ethnicity in everything from civil war to economic failure researchers seldom consult psychological research when addressing the most basic question What is ethnicity The result is a radical scholarly divide generating contradictory recommendations for solving ethnic conflict Research into how the human brain actually works demands a revision of existing schools of thought Hale argues ethnic identity is a cognitive uncertainty reduction device with special capacity to exacerbate but not cause collective action problems This produces a new general theory of ethnic conflict that can improve both understanding and practice A deep study of separatism in the USSR and CIS demonstrates the theory's potential mobilizing evidence from elite interviews three local languages and mass surveys The outcome significantly reinterprets nationalism's role in CIS relations and the USSR's breakup which turns out to have been a far more contingent event than commonly recognized     The End of Eurasia Dmitrii Trenin,2002 Machine generated contents note Introduction Part One A FAREWELL TO THE EMPIRE 1 The Spacial Dimension of Russian History 2 The Break Up of the USSR A Break in Continuity Part Two RUSSIA'S THREE FACADES 3 The Western Facade 4 The Southern Tier 5 The Far Eastern Backyard Part Three INTEGRATION 6 Domestic Boundaries and the Russian Question 7 Fitting Russia In Conclusion AFTER EURASIA

Ukraine and Russia Roman Solchanyk,2001 This timely study provides a clear analysis of both the domestic and foreign policies and security issues confronting Russia's largest and most important neighbor during its first decade as an independent state Roman Solchanyk emphasizes throughout the book the complex centuries old Ukrainian Russian relationship which is so central that the "Russian question" plays the determining role in Ukraine's foreign and domestic politics In turn the policy choices of Ukraine's leaders influence the direction of Russia's own transformation The book opens with a conceptual framework that addresses the key issues of the Ukrainian Russian relationship The initial chapters illustrate how relations between Kyiv and Moscow changed in the final analysis dramatically under the conditions of a crumbling and ultimately collapsing Soviet state This is followed by a discussion of how the "Russian question" influences Ukraine's internal developments political social and economic as well as its behavior in the international arena The concluding chapters focus specifically on Crimea a microcosm of the Ukrainian Russian relationship Basing his argument on a wealth of primary source material the author argues that the success of both Ukraine's and Russia's nation and state building projects will be largely determined by the normalization of their historically conditioned relationship Indeed success or failure will profoundly influence the direction of regional and European foreign policy and security     **The International Politics of Eurasia: Economic transition in Russia and the new states of Eurasia** ,1994     Towards Social Stability

**and Democratic Governance in Central Eurasia** Irina Yurievna Morozova,2005 Provides the contributors views on the socio political challenges confronting the nine Central Eurasian states This book presents scientific discussions on the historical development of Central Eurasia and its sociocultural legacies Soviet and contemporary state organisation social transformation and communal structures and more   **The Russian Project of Eurasian Integration** Nataliya A.

Vasilyeva,Maria L. Lagutina,2016-09-14 Modern trends in geopolitics have raised serious questions about the future global and regional architecture of the world system In the case of the Eurasian Economic Union these questions bring up important issues for debate What is the Eurasian Economic Union What theoretical concepts could be applied for modern Eurasian integration Why is the Eurasian Economic Union forming Most importantly what prospects does this Union have in the framework of the modern geopolitical situation This book explores the process of Eurasian integration in the modern global world The creation of the Eurasian Economic Union has become a topical issue in modern Russian foreign policy Neo Eurasianist ideas can be viewed as a geopolitical basis and rationale for the Eurasian Economic Union that may constitute an integrational structure consolidating the post Soviet area and neighboring regions This book argues that Eurasia is a region representing an organic integrity due to close mentality common and centuries long history common language of international communication a multitude of economic ties and an identical level of technological development across all countries within the post Soviet area Yet advancement of the Eurasian integration idea into practical implementation should have new objective suppositions as well These are defined by the contemporary economic political and ethno cultural processes in the post Soviet space   **Anthropology & Archeology of Eurasia** ,2006   **New Order in Post-communist Eurasia** Osamu Ieda,1993   **Analysing Kazakhstan's Foreign Policy** Luca Anceschi,2020-03-16 This book investigates the roles that ideas and constructs associated with Eurasia have played in the making of Kazakhstan s foreign policy during the Nazarbaev era This book delves into the specific Eurasia centric narratives through which the regime headed by Nursultan Nazarbaev imagined the role of post Soviet Kazakhstan in the wider Eurasian geopolitical space Based on substantive fieldwork and sustained engagement with primary sources the book unveils the power implications of Kazakhstani neo Eurasianism arguing that the strengthening of the regime s domestic power ranked highly in the list of objectives pursued by Kazakhstani foreign policy between the collapse of the Soviet Union and Nazarbaev s apparent withdrawal from the Kazakhstani political scene 19 March 2019 This book ultimately is a study of inter state integration which makes use of a rigorous methodological approach to assess different incarnations of post Soviet multilateralism from the Commonwealth of Independent States to the more recent and highly controversial Eurasian Economic Union This book offers a ground breaking analysis of Kazakhstani foreign policy in the Nazarbaev era It will be of interest to students and scholars of Central Asian Politics International Relations and Security Studies
