Contact Lenses in Ophthalmic Practice Mark J. Mannis, Karla Zadnik, Cleusa Coral-Ghanem, Newton Kara-José, 2006-05-11 Even with the advances in intraocular lens technology and the growing diversity of refractive surgery techniques the role of contact lenses in ophthalmic practice has only increased This is due in part to the great strides in materials technology expanding applications both refractive and therapeutic for contact lenses and the clear recognition that contact lenses will always be an important tool for the ophthalmologist With the fitting of contact lenses as a medical art requiring a thorough understanding of anatomy physiology and optics of the eye this practice is formulaic only in part The rest of contact lens practice requires sound medical judgment and decision making that comes only with hands on experience The authors address this need by starting with a didactic approach that incorporates frequently asked questions and straightforward answers so that the ophthalmology resident intermediate contact lens practitioner and optometrist will find this to be an indispensable resource

**Biomaterials Science** Buddy D. Ratner, Allan S. Hoffman, Frederick J. Schoen, Jack E. Lemons, 2012-12-31 The revised edition of this renowned and bestselling title is the most comprehensive single text on all aspects of biomaterials science It provides a balanced insightful approach to both the learning of the science and technology of biomaterials and acts as the key reference for practitioners who are involved in the applications of materials in medicine Over 29 000 copies sold this is the most comprehensive coverage of principles and applications of all classes of biomaterials the only such text that currently covers this area comprehensively
