Soft Vengeance Of A Freedom Fighter:

The Soft Vengeance of a Freedom Fighter Albie Sachs, 2014-07-04 On April 7 1988 Albie Sachs an activist South African lawyer and a leading member of the ANC was car bombed in Maputo the capital of Mozambique by agents of South Africa's security forces His right arm was blown off and he lost sight in one eye This intimate and moving account of his recovery traces the gradual recuperation of his broken body and his triumphant reentry into the world where his dream of soft vengeance was realized with the achievement of democracy in South Africa This book captures the spirit of a remarkable man his enormous optimism his commitment to social justice and his joyous wonder at the life that surrounds him A new preface and epilogue reflect on the making of Abby Ginzberg's documentary film titled Soft Vengeance Albie Sachs and the New South Africa For information about the film see www.softvengeancefilm.org

Soft Vengeance of a Freedom Fighter Albie Sachs, 1990 **Laughing at the Gods** Allan C. Hutchinson, 2012-02-20 Any effort to understand how law works has to take seriously its main players judges Like any performance judging should be evaluated by reference to those who are its best exponents Not surprisingly the debate about what makes a great judge is as heated and inconclusive as the debate about the purpose and nature of law itself History shows that those who are candidates for a judicial hall of fame are game changers who oblige us to rethink what it is to be a good judge So the best of judges must tread a thin line between modesty and hubris they must be neither mere umpires nor demigods The eight judges showcased in this book demonstrate that if the test of good judging is not about getting it right but doing it well then the measure of great judging is about setting new standards for what counts as judging well **We, the People** Albie Sachs, 2016-11-01 A stirring collection of public talks and essays by an activist and former judge offers an intimate insider's view of South Africa's Constitution This stirring collection of essays and talks by activist and former judge Albie Sachs is the culmination of more than 25 years of thought about constitution making and non racialism Following the Constitutional Court's landmark Nkandla ruling in March 2016 it serves as a powerful reminder of the tenets of the Constitution the rule of law and the continuous struggle to uphold democratic rights and freedoms We the People offers an intimate insider's view of South Africa's Constitution by a writer who has been deeply entrenched in its historical journey from the depths of apartheid right up to the politically contested present As a second year law student at the University of Cape Town Sachs took part in the Defiance Campaign and went on to attend the Congress of the People in Kliptown where the Freedom Charter was adopted in 1955 Three decades later shortly after the bomb attack in Maputo that cost him his arm and the sight in one eye he was called on by the Constitutional Committee of the African National Congress to co draft with Kader Asmal the first outline of a Bill of Rights for a new democratic South Africa In 1994 he was appointed by Nelson Mandela to the Constitutional Court where he served as a judge until 2009 We the People contains some of Sachs most memorable public talks and writings in which he takes us back to the broad based popular foundations of the Constitution in

the Freedom Charter He picks up on Oliver Tambo's original vision of a non-racial future for South Africa rather than one based on institutionalised power sharing between the races He explores the tension between perfectability and corruptibility hope and mistrust which lies at the centre of all constitutions Sachs discusses the enforcement of social and economic rights and contemplates the building of the Constitutional Court in the heart of the Old Fort Prison as a mechanism for reconciling the past and the future Subjective experience and objective analysis interact powerfully in a personalised narrative that reasserts the value of constitutionality not just for South Africans but for people striving to advance human dignity equality and freedom across the world today

The Oxford Encyclopedia of African Thought Abiola Irele, 2010 From St Augustine and early Ethiopian philosophers to the anti-colonialist movements of Pan Africanism and Negritude this encyclopedia offers a comprehensive view of African thought covering the intellectual tradition both on the continent in its entirety and throughout the African Diaspora in the Americas and in Europe The term African thought has been interpreted in the broadest sense to embrace all those forms of discourse philosophy political thought religion literature important social movements that contribute to the formulation of a distinctive vision of the world determined by or derived from the African experience The Encyclopedia is a large scale work of 350 entries covering major topics involved in the development of African Thought including historical figures and important social movements producing a collection that is an essential resource for teaching an invaluable companion to independent research and a solid guide for further study

Commemorating and Forgetting Martin J. Murray, 2013-04-25 When the past is painful as riddled with violence and injustice as it is in postapartheid South Africa remembrance presents a problem at once practical and ethical how much of the past to preserve and recollect and how much to erase and forget if the new nation is to ever unify and move forward The new South Africa s confrontation of this dilemma is Martin J Murray s subject in Commemorating and Forgetting More broadly this book explores how collective memory works how framing events persons and places worthy of recognition and honor entails a selective appropriation of the past not a mastery of history How is the historical past made to appear in the present In addressing these questions Murray reveals how collective memory is stored and disseminated in architecture statuary monuments and memorials literature and art landscapes of remembrance that selectively recall and even fabricate history in the service of nation building He examines such vehicles of memory in postapartheid South Africa and parses the stories they tell stories by turn sanitized distorted embellished and compressed In this analysis Commemorating and Forgetting marks a critical move toward recognizing how the legacies and impositions of white minority rule far from being truly past remain embedded in intertwined with and imprinted on the new nation s here and now

Dear Comrade President André Odendaal, 2022-08-01 In his annual presidential address on 8 January 1986 ANC president Oliver Tambo

called on South Africans to make apartheid ungovernable through armed action and militant struggle But unknown to the world on that very day the quiet spoken mathematics teacher and aspirant priest turned reluctant revolutionary had also set up a secret think tank in Lusaka which he named the Constitution Committee giving it an ad hoc unique exercise that had no precedent in the history of the movement Knowing that all wars end at a negotiating table and judging the balance of forces to be moving in favour of the liberation movement Tambo wanted the ANC to hold the initiative after the fall of apartheid Assisted by Pallo Jordan he instructed his new think tank to formulate the principles and draft the outlines of a constitution that could unite South Africa when the time came to talk in the fledgling days of freedom and democracy The seven member team including Albie Sachs Kader Asmal and Zola Skweyiya started deliberating and reporting to Tambo In correspondence they typically addressed him as Dear Comrade President Drawing on the personal archives of participants Dear Comrade President explains how the purposeful first steps were taken in the making of South Africa's Constitution Why and how did this process happen What were the first written words When and where were they put on paper By whom What values did they espouse And how did the committee's work fit into the broader struggle This book answers these questions in new paradigm shifting ways

The Political Power of Visual Art Daniel Herwitz, 2021-04-08 Visual art has a ubiquitous political cast today But which politics Daniel Herwitz seeks clarity on the various things meant by politics and how we can evaluate their presumptions or aspirations in contemporary art Drawing on the work of William Kentridge drenched in violence race and power and the artworld immolations of Banksy Herwitz's examples range from the NEA 4 and the question of offense as dissent to the community driven work of George Gittoes the identity politics of contemporary American art and for contrast with the power of visual media literature written in dialogue with truth commissions He is interested in understanding art practices today in the light of two opposing inheritances the avant gardes and their politicization of the experimental art object and 18th century aesthetics preaching the autonomy of the art object which he interprets as the cultural compliment to modern liberalism His historically informed approach reveals how crucial this pair of legacies is to reading the tensions in voice and character of art today Driven by questions about the capacity of the visual medium to speak politically or acquire political agency this book is for anyone working in aesthetics or the art world concerned with the fate of cultural politics in a world spinning out of control yet within reach of emancipation

Mapping My Way Home Stephanie Urdang, 2017-11-22 Stephanie Urdang was born in Cape Town South Africa into a white Jewish family staunchly opposed to the apartheid regime In 1967 at the age of twenty three no longer able to tolerate the grotesque iniquities and oppression of apartheid she chose exile and emigrated to the United States There she embraced feminism met anti apartheid and solidarity movement activists and encountered a particularly American brand of racial injustice Urdang also met African

revolutionaries such as Amílcar Cabral who would influence her return to Africa and her subsequent journalism In 1974 she trekked through the liberation zones of Guinea Bissau during its war of independence in the 1980 s she returned repeatedly to Mozambique and saw how South Africa was fomenting a civil war aimed to destroy the newly independent country From the vantage point of her activism in the United States and from her travels in Africa Urdang tracked and wrote about the slow inexorable demise of apartheid that led to South Africa s first democratic elections when she could finally return home Urdang s memoir maps out her quest for the meaning of home and for the lived reality of revolution with empathy courage and a keen eye for historical and geographic detail This is a personal narrative beautifully told of a journey traveled by an indefatigable exile who while yearning for home continued to question where as a citizen of both South Africa and the United States she belongs My South Africa she writes on her return in 1991 after the release of Nelson Mandela How could I have imagined for one instant that I could return to its beauty and not its pain

The Columbia Guide to South African Literature in English Since 1945 Gareth Cornwell, Dirk Klopper, Craig MacKenzie, 2010 From the outset South Africa's history has been marked by division and conflict along racial and ethnic lines From 1948 until 1994 this division was formalized in the National Party's policy of apartheid Because apartheid intruded on every aspect of private and public life South African literature was preoccupied with the politics of race and social engineering Since the release from prison of Nelson Mandela in 1990 South Africa has been a new nation in the making inspired by a nonracial idealism yet beset by poverty and violence South African writers have responded in various ways to Njabulo Ndebele's call to rediscover the ordinary The result has been a kaleidoscope of texts in which evolving cultural forms and modes of identity are rearticulated and explored An invaluable guide for general readers as well as scholars of African literary history this comprehensive text celebrates the multiple traditions and exciting future of the South African voice Although the South African Constitution of 1994 recognizes no fewer than eleven official languages English has remained the country's literary lingua franca This book offers a narrative overview of South African literary production in English from 1945 to the postapartheid present An introduction identifies the most interesting and noteworthy writing from the period Alphabetical entries provide accurate and objective information on genres and writers An appendix lists essential authors published before 1945

Joyful Human Rights William Paul Simmons, 2019-01-24 In popular legal and academic discourses the term human rights is now almost always discussed in relation to its opposite human rights abuses Syllabi textbooks and articles focus largely on victimization and trauma with scarcely a mention of a positive dimension Joy especially is often discounted and disregarded William Paul Simmons asserts that there is a time and place and necessity in human rights work for being joyful Joyful Human Rights leads us to challenge human rights foundations afresh Focusing on joy shifts the way we view victims perpetrators activists and martyrs and mitigates our propensity to express paternalistic or heroic attitudes toward human rights victims Victims experience joy indeed it is often what sustains them and

in many cases what best facilitates their recovery from trauma. Instead of reducing individuals merely to victim status or the tragedies they have experienced, human rights workers can help harmed individuals reclaim their full humanity, which includes positive emotions such as joy. A joy-centered approach provides new insights into foundational human rights issues such as motivations of perpetrators, trauma and survivorship, the work of social movements and activists, philosophical and historical origins of human rights, and the politicization of human rights. Many concepts rarely discussed in the field play important roles here, including social erotics, clowning, dancing, expressive arts therapy, posttraumatic growth, and the Buddhist terms metta (loving kindness) and mudita (sympathetic joy). Joyful Human Rights provides a new framework, one based upon a more comprehensive understanding of human experiences, for theorizing and practicing a more affirmative and robust notion of human rights.
