

SOLDIERS OF GOD

PRIMAL EMOTIONS AND RELIGIOUS TERRORISTS

Jay D. Glass, Ph.D.

Soldiers Of God Primal Emotions And Religious Terrorists

Mark Juergensmeyer

Soldiers Of God Primal Emotions And Religious Terrorists:

Soldiers of God Jay D. Glass, 2003 The history of killing in the name of God focusing on the bombings of World Trade Towers These events are explained by showing their origins in the most primal of our emotional needs Based upon this analysis suggestions made for steps to be taken to stop these murderous acts from happening **Eugenics and the Nature-Nurture Debate in the Twentieth Century** A. Gillette, 2007-10-29 Gillette shows that the sciences of sociobiology and evolutionary psychology were undergoing rapid development in the early Twentieth century However many of the early researchers in these sciences were also eugenicists With the rise of behaviourism and the reaction against eugenics in the 1930s any scientific claims that behaviour might be influenced by heredity were suppressed for ideological reasons

Shakespeare and the Nature of Love Marcus Nordlund, 2007 The best conception of love Marcus Nordlund contends and hence the best framework for its literary analysis must be a fusion of evolutionary cultural and historical explanation It is within just such a bio cultural nexus that Nordlund explores Shakespeare s treatment of different forms of love His approach leads to a valuable new perspective on Shakespearean love and more broadly on the interaction between our common humanity and our historical contingency as they are reflected recast transformed or even suppressed in literary works After addressing critical issues about love biology and culture raised by his method Nordlund considers four specific forms of love in seven of Shakespeare s plays Examining the vicissitudes of parental love in *Titus Andronicus* and *Coriolanus* he argues that Shakespeare makes a sustained inquiry into the impact of culture and society upon the natural human affections *King Lear* offers insight into the conflicted relationship between love and duty In two problem plays about romantic love *Troilus and Cressida* and *All s Well that Ends Well* the tension between individual idiosyncrasies and social consensus becomes especially salient And finally in *Othello* and *The Winter s Tale* Nordlund asks what Shakespeare can tell us about the dark avatar of jealousy

Violence or Dialogue? Sverre Varvin, 2018-10-08 Our understanding of terrorism since the events of September 11th 2001 has usually been channelled through the two dimensional lens of religion and politics This important new work contributes a richer understanding of terrorism by examining a third dimension of individual and group psychology and demonstrates how insights garnered from the human psyche may be translated into more effective public policy

Terror in the Mind of God, Fourth Edition Mark Juergensmeyer, 2017-03-28 Completely revised and updated this new edition of *Terror in the Mind of God* incorporates the events of September 11 2001 into Mark Juergensmeyer s landmark study of religious terrorism Juergensmeyer explores the 1993 World Trade Center explosion Hamas suicide bombings the Tokyo subway nerve gas attack and the killing of abortion clinic doctors in the United States His personal interviews with 1993 World Trade Center bomber Mahmud Abouhalima Christian Right activist Mike Bray Hamas leaders Sheik Yassin and Abdul Azis Rantisi and Sikh political leader Simranjit Singh Mann among others take us into the mindset of those who perpetrate and support violence in the name of religion Provided by publisher *Terror Threat* Dwight Hamilton, Kostas

Rimsa,2007-11-19 The discovery of a suspected homegrown Islamic terrorist cell in our own backyard last year shocked most Canadians The question arose Is this country next on Al Qaeda s hit list But although terrorism in Canada did not begin with Al Qaeda its fundamental dynamics are as unfamiliar to most of the public as the minutiae of quantum physics How could such shocking developments happen in a nation of peacekeepers that opposed the American intervention in Iraq The majority of Canadians have no idea why soldiers are presently sacrificing their lives in Afghanistan Terror Threat provides an examination of every key facet of current terrorist operations affecting this country and it does so in a way that shows how serious the danger really is Who are these people How do they operate And why in the world are they trying to kill us

Terror in the Mind of God Mark Juergensmeyer,2003-09-01 Completely revised and updated this new edition of *Terror in the Mind of God* incorporates the events of September 11 2001 into Mark Juergensmeyer s landmark study of religious terrorism Juergensmeyer explores the 1993 World Trade Center explosion Hamas suicide bombings the Tokyo subway nerve gas attack and the killing of abortion clinic doctors in the United States His personal interviews with 1993 World Trade Center bomber Mahmud Abouhalima Christian Right activist Mike Bray Hamas leaders Sheik Yassin and Abdul Azis Rantisi and Sikh political leader Simranjit Singh Mann among others take us into the mindset of those who perpetrate and support violence in the name of religion

Health and Healing in Minority Religions Sarah Harvey,Eileen Barker,2025-10-15 This volume explores the diversity of beliefs and practices around health and healing in minority religions from different perspectives The contributors include academics from a variety of disciplines as well as members of minority religions The introductory chapter focuses on the metaphors and meanings that religions use to indicate their understandings of the body and its boundaries and concepts of health and healing Chapters follow on the concepts of health and healing in the Jehovah s Witnesses Christian Science Panacea Society Pentecostal Christianity Paganism Lubavitcher Hasidim and Daesoon Jinrihoe amongst others Other chapters focus on contemporary yoga the Gisu of Uganda the psychology of believers in alternative medicine and the French government s opposition to alternative healing practices The book will be useful for academics and students of religious studies especially those interested in minority religions and alternative healing practices

Daily Life of U.S. Soldiers Christopher R. Mortenson,Paul J. Springer,2019-06-14 This ground breaking work explores the lives of average soldiers from the American Revolution through the 21st century conflicts in Afghanistan and Iraq What was life really like for U S soldiers during America s wars Were they conscripted or did they volunteer What did they eat wear believe think and do for fun Most important how did they deal with the rigors of combat and coming home This comprehensive book will answer all of those questions and much more with separate chapters on the American Revolution the War of 1812 the Mexican American War the Civil War the Indian Wars the Spanish American War World War I World War II in Europe World War II in the Pacific the Cold War the Korean War the Vietnam War the Persian Gulf War the Afghanistan War and War on Terror and the Iraq War Each chapter includes such topical sections as Conscription and Volunteers Training Religion Pop

Culture Weaponry Combat Special Forces Prisoners of War Homefront and Veteran Issues This work also examines the role of minorities and women in each conflict as well as delves into the disciplinary problems in the military including alcoholism drugs crimes and desertion Selected primary sources bibliographies and timelines complement the topical sections of each chapter

Does God Exist? G. Todd Brimm M.A. M.DIV.,2022-04-06 Does God Exist examines crucial evidence that points to a Creator and helps readers develop and frame a consistent worldview to help answer some of the most challenging questions in life This book exposes the inconsistencies and the atrocities that has resulted from modern societies embracing Darwinian evolution throughout most of the 20th century The evidence presented in the book puts allegations of a blind faith approach directly in the corner of the atheist A must read for anyone who is engaging in serious inquiry into the question of whether or not our universe and the life that is the result of a Creator instead of time and chance

Engaged Pedagogy, Engaged Pedagogy: Reconciling Politics, Emotion, Religion, and Science for Critical Pedagogy T. Monchinski,2011-07-23 Students teachers and schools are under attack The assault comes in the guise of accountability and choice cloaking itself in the scientifically proven with an over emphasis of data It combines a vilification of organized labor along with a promotion of the irrational while readily blurring the line between utopia and dystopia The attack abuses education as it disseminates self serving propaganda simultaneously covering up inconvenient truths like the United States government s long and storied relationships with Saddam Hussein and Osama bin Laden in the Wars on Terror It suppresses solidarity and compassion while it champions a divisive form of selfish individualism Engaged Pedagogy Engaged Pedagogy seeks to counter these attacks and expose the ideological impulses behind them Marshalling critical pedagogy and an ethic of care with the notions of justified anger and the intellectual warrior the book explores the non antagonistic dualisms between faith and science reason and emotion it deconstructs social texts ranging from 80s action films to dystopian literature as it uncovers the ideologies that structure and order our lives it explores and champions the democratic potential of dialogue mutuality and authority while challenging left essentialism and identity politics The book also features an interview with Joe Kincheloe a seminal figure in the field of critical pedagogy

Forthcoming Books Rose Arny,2003-12 Military Moral Injury and Spiritual Care Nancy J. Ramsay,Carrie Doehring,2019-12-03 Military Moral Injury and Spiritual Care offers resources to inform and support practices of spiritual care for veterans and others affected by moral injury incurred in the context of military service A dozen contributors all experienced in the field contributed to this work first published in Pastoral Psychology and now widely available This book is published with the support of the Soul Repair Center at Brite Divinity School Interreligious in its focus the Center sponsors research and creates resources to inform and support religious leaders and communities of faith as they respond to veterans and their families and others affected by military moral injury Proceeds from the book support the Center s work

The Real War on Terror Derek Kobilus,Jonathan Priebe,2007-06-15 Do you ever find yourself confused about the war and violence that pervade our post 9 11 world On the one hand the Bible and Christ

speak of loving enemies and self sacrifice On the other hand the world around us teaches and most Christians seem to simply accept that violence is necessary in a world wrecked with sin Are Christians a people of peace Does that peace have to be won through war Should we fight for our convictions Or die for them Jonathan and Derek invite you to come along with them as they explore the biblical teachings on war and violence and attempt to construct a solidly biblical and uniquely Christian view of war and violence

Transition to Adulthood During Military Service Amia Lieblich, 2012-02-01 This is a developmental study of men in mandatory military service based on indepth interviews of young soldiers who had recently completed their service in Israel The book deals with the central issues of transition to adulthood and the psychological effects of military service in the context of the previous research and theory concerning these subjects

Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In The Encyclopedia of Christian Education contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women s education graded schools compulsory education of the deaf and blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church s founding through the Middle Ages to the modern day Denominational and institutional profiles Intellectual traditions in Christian education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education

Psychoanalytic and Spiritual Perspectives on Terrorism Nina E. Cerfolio, 2023-12-22 Nina E Cerfolio masterfully explores the deeper spiritual and psychoanalytic understanding of the origins of human aggressive and destructive instincts which underlie mass shootings and terrorism The author survived two terrorist attacks developing breast cancer from being a first responder at 9 11 and being poisoned by an FSB agent while providing humanitarian aid in the Second Chechen War Through a personal scholarly investigation into her psyche the author describes the spiritual awakening that was catalyzed by these events and their traumatic impact and examines how a world could create the firmament for the kinds of destructive aggression that are a daily occurrence Featuring cutting edge

quantitative research and case material which illustrates the prevalence of undiagnosed and untreated psychiatric illness among mass shooters and terrorists this book encourages dialogue about the stigma of mental illness and challenges the perception of terrorists as monsters with no societal responsibility Championing the forgotten collective humiliation of the marginalized which in turn breeds terrorism and documenting a new spiritual lens through which healing is possible this book will be essential reading for mental health workers and anyone wishing to understand the traumatizing epoch in which we are living

Encyclopedia of Trauma Charles R. Figley, 2012-06-19 Trauma is defined as a sudden potentially deadly experience often leaving lasting troubling memories Traumatology the study of trauma its effects and methods to modify effects is exploding in terms of published works and expanding in terms of scope Originally a narrow specialty within emergency medicine the field now extends to trauma psychology military psychiatry and behavioral health post traumatic stress and stress disorders trauma social work disaster mental health and most recently the subfield of history and trauma with sociohistorical examination of long term effects and meanings of major traumas experienced by whole communities and nations both natural Pompeii Hurricane Katrina and man made the Holocaust 9 11 One reason for this expansion involves important scientific breakthroughs in detecting the neurobiology of trauma that is connecting biology with human behavior which in turn is applicable to all fields involving human thought and response including but not limited to psychiatry medicine and the health sciences the social and behavioral sciences the humanities and law Researchers within these fields and more can contribute to a universal understanding of immediate and long term consequences both good and bad of trauma both for individuals and for broader communities and institutions Trauma encyclopedias published to date all center around psychological trauma and its emotional effects on the individual as a disabling or mental disorder requiring mental health services This element is vital and has benefited from scientific and professional breakthroughs in theory research and applications Our encyclopedia certainly will cover this central element but our expanded conceptualization will include the other disciplines and will move beyond the individual

Transforming Terror Karin Lofthus Carrington, Susan Griffin, Howard Teich, 2011-06-02 A book and an unexploded bomb may lay equally motionless but their kinetic potential is vastly different A bomb may kill hundreds of people but a book can change millions think of Common Sense Das Kapital Uncle Tom s Cabin or The Gulag Archipelago To that energizing company add Transforming Terror This practical inspiring book cuts through moral relativism by defining terror according to how it affects its victims It is a luminous collection of wisdom You ll want many of these essays in your library forever I needed to read it and you do too Peter Coyote actor and author of Sleeping Where I Fall Only an anthology could create the mosaic that would display the profound paradigm shift offered here defining terrorism according to the experiences of the victims unarmed civilians who are violently attacked or threatened and not by any ideology or purpose Each tile in the mosaic offers a catalyst to radical transformation of the calamitously increasing scale of such assaults from suicide bombers to state terrorism and offers real hope for a way out of

the death spiral This should be read at military academies and defense departments as well as by teachers and religious leaders Deirdre English Director Felker Magazine Center Graduate School of Journalism UC Berkeley and former editor of Mother Jones This collection of writings reveals a wealth of proposals for transforming the combustible conditions that often produce terror as well as for the reconciliation and healing of terror s victims This book is not only an inspired and singular achievement it is a courageous and bold challenge to a world too often jaded and numbed by the omnipresence of violence to consider any creative alternatives Here is a work that couldn t be more timely relevant or persuasive in its call for us to transform the terror that bedevils us all individuals and cultures alike Phil Cousineau author of Beyond Forgiveness Reflections on Atonement and A Seat at the Table Huston Smith in Conversation with Native Americans on Religious Freedom This volume brings together the wisest voices of our era to reveal the prevalence of terror in our world and its unconsidered consequences Until a behavior has a name it cannot be challenged This amazing collection of wise and beautiful voices challenges our received definition of terror and moves us a step further toward a world of peace Marilyn Sewell editor of Cries of the Spirit

Enemy Combatants, Terrorism, and Armed Conflict Law David K.

Linnan, 2008-01-30 With a renewed emphasis on national and homeland security the United States is once again seeking to balance the needs of the state with both the rights of its citizens as well as those of other nations This book represents an interdisciplinary approach to the legal dilemmas borne out by the war on terror against the specific background of Afghanistan Iraq and this new kind of conflict It is a strong contribution to a broader debate visible since 9 11 which will remain in the public eye for the foreseeable future It addresses the overlap between religion ethics armed conflict and law within the context of the current conflict While many issues in areas such as intelligence reconciliation of civil liberties dealing with terrorist threats and the permissible bounds of interrogation treatment of prisoners and laws governing armed conflict have long standing precedents under domestic and international law this war has challenged even long standing legal interpretations The contributors to this volume explore those precedents and contemporary challenges to them Now that traditional wars between nation states are no longer the rule the terrorist threat has gained credence popularly terrorism and its claimed breeding ground in failed states linked in practice to issues of intervention on the territory of states harboring such groups In military circles the idea of armed struggle between modern military forces and what were formerly called guerillas has now largely been replaced by asymmetric warfare and the concept of intelligence and preventive action interchangeably within U S borders and overseas Opposing views contemplate that different and presumably lower legal standards may apply in internal armed conflicts Such legal issues are visible under current circumstances of asymmetric warfare in conjunction with questions about prisoner status and detentions including the permissible bounds of interrogation versus torture following the Abu Ghraib prison scandal in Iraq but also the treatment at the Guantanamo Bay facility of alleged Al Q aeda captives from Afghanistan All of the contributors in this book explore the changing circumstances against

which these contentious new legal issues now unfold The experts strike no consensus Indeed one of the work s many strengths can be attributed to the fact that the many facets of the ongoing debate are represented herein

Recognizing the pretension ways to get this books **Soldiers Of God Primal Emotions And Religious Terrorists** is additionally useful. You have remained in right site to start getting this info. acquire the Soldiers Of God Primal Emotions And Religious Terrorists link that we present here and check out the link.
