The Prison Letters
of George Jackson

Brother

Foreword by Jonathan Jackson, Jr.

Soledad Brother

Michael G. Flaherty, K. C. Carceral

Soledad Brother:

Soledad Brother George Jackson, 1994-09-01 A collection of Jackson's letters from prison *Soledad Brother* is an outspoken condemnation of the racism of white America and a powerful appraisal of the prison system that failed to break his spirit but eventually took his life Jackson's letters make palpable the intense feelings of anger and rebellion that filled black men in America's prisons in the 1960s But even removed from the social and political firestorms of the 1960s Jackson's story still resonates for its portrait of a man taking a stand even while locked down *Soledad Brother* George Jackson, 1976

The Cage of Days Michael G. Flaherty, K. C. Carceral, 2022-02-22 Prisons operate according to the clockwork logic of our criminal justice system we punish people by making them serve time *The Cage of Days* combines the perspectives of K C Carceral a formerly incarcerated convict criminologist and Michael G Flaherty a sociologist who studies temporal experience Drawing from Carceral's field notes his interviews with fellow inmates and convict memoirs this book reveals what time does to prisoners and what prisoners do to time Carceral and Flaherty consider the connection between the subjective dimensions of time and the existential circumstances of imprisonment Convicts find that their experience of time has become deeply distorted by the rhythm and routines of prison and by how authorities ensure that an inmate's time is under their control They become obsessed with the passage of time and preoccupied with regaining temporal autonomy creating elaborate strategies for modifying their perception of time To escape the feeling that their lives lack forward momentum prisoners devise distinctive ways to mark the passage of time but these tactics can backfire by intensifying their awareness of temporality Providing rich and nuanced analysis grounded in the distinctive voices of diverse prisoners *The Cage of Days* examines how prisons regulate time and how prisoners resist the temporal regime ***Soledad Brother* George Jackson, 1977**

The Rise and Fall of California's Radical Prison Movement Eric Cummins, 1994 This is a history of the California prison movement from 1950 to 1980 focusing on the San Francisco Bay Area's San Quentin State Prison and highlighting the role that prison reading and writing played in the creation of radical inmate ideology in those years The book begins with the Caryl Chessman years 1948-60 and closes with the trial of the San Quentin Six 1975-76 and the passage of California's Determinate Sentencing Law 1977 This was an extraordinary era in the California prisons one that saw the emergence of a highly developed radical convict resistance movement inside prison walls This inmate groundswell was fueled at times by remarkable individual prisoners at other times by groups like the Black Muslims or the San Quentin chapter of the Black Panther Party But most often resistance grew from much wider sources and in quiet corners from dozens of political study groups throughout the prison from an underground San Quentin newspaper and from covert attempts to organize a prisoners union The book traces the rise and fall of the prisoners movement ending with the inevitably bloody

confrontation between prisoners and the state and the subsequent prison administration crackdown The author examines the efforts of prison staff to augment other methods of inmate management by attempting to modify convict ideology by means of bibliotherapy and communication control and describes convict resistance to these attempts as control He also discusses how Bay Area political activists became intensely involved in San Quentin and how such writings as Chessman's Cell 2455 Cleaver's Soul on Ice and Jackson's Soledad Brother reached far beyond prison walls to influence opinion events and policy *Jet*, 1972-04-13 The weekly source of African American political and entertainment news **Ebony**, 1971-07 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine From Slave Ship to Supermax Patrick Elliot Alexander, 2018 Introduction antipanoptic expressivity and the new neo slave novel Talking in George Jackson's shadow neoslavery police intimidation and imprisoned intellectualism in Baldwin's If Beale Street could talk Middle passage reinstated whispers from the women's prison in Morrison's Beloved Didn't I say this was worse than prison the slave ship Supermax relation in Johnson's Middle passage Tell them I'm a man slavery's vestiges and imprisoned radical intellectualism in Gaines's A lesson before dying Epilogue the prison classroom and the neo abolitionist novel **Social Controversy and Public Address in the 1960s and Early 1970s** Richard J. Jensen, 2017-10-01 The period between the 1960s and 1970s is easily one of the most controversial in American history Examining the liberal movements of the era as well as those that opposed them this volume offers analyses of the rhetoric of leaders including those of the civil rights movement the Chicano movement the gay rights movement second wave feminism and conservative resistance groups It also features an introduction that summarizes much of the significant research done by communication scholars on dissent in the 1960s and 1970s This time period is still a fertile area of study and this book provides insights into the era that are both provocative and illuminating making it an essential read for anyone looking to learn more about this time in America **Agents of Repression** Ward Churchill, Jim Vander Wall, 2002 For those wondering how Bill Clinton could pardon white collar fugitive Marc Rich but not Native American leader Leonard Peltier important clues can be found in this classic study of the FBI's COINTELPRO Counterintelligence Program Agents of Repression includes an incisive historical account of the FBI siege of Wounded Knee and reveals the viciousness of COINTELPRO campaigns targeting the Black Liberation movement The authors new introduction examines the legacies of the Panthers and AIM and shows how the FBI still presents a threat to those committed to fundamental social change Ward Churchill is author of From a Native Son Jim Vander Wall is co author of The COINTELPRO Papers Documents from the FBI's Secret Wars Against Dissent in the United States with Ward Churchill Captive Nation Dan Berger, 2014-11-14 In this pathbreaking book Dan Berger offers a bold reconsideration of twentieth century black activism the prison system and the origins of mass incarceration Throughout the civil rights era black activists thrust the prison into public view turning prisoners into symbols of racial oppression while arguing that confinement was an

inescapable part of black life in the United States Black prisoners became global political icons at a time when notions of race and nation were in flux Showing that the prison was a central focus of the black radical imagination from the 1950s through the 1980s Berger traces the dynamic and dramatic history of this political struggle The prison shaped the rise and spread of black activism from civil rights demonstrators willfully risking arrests to the many current and former prisoners that built or joined organizations such as the Black Panther Party Grounded in extensive research Berger engagingly demonstrates that such organizing made prison walls porous and influenced generations of activists that followed

Imprisoned Intellectuals Joy James,2004-09-01 Prisons constitute one of the most controversial and contested sites in a democratic society The United States has the highest incarceration rate in the industrialized world with over 2 million people in jails prisons and detention centers with over three thousand on death row it is also one of the few developed countries that continues to deploy the death penalty International Human Rights Organizations such as Amnesty International have also noted the scores of political prisoners in U S detention This anthology examines a class of intellectuals whose analyses of U S society politics culture and social justice are rarely referenced in conventional political speech or academic discourse Yet this body of outlawed public intellectuals offers some of the most incisive analyses of our society and shared humanity Here former and current U S political prisoners and activists writers from the civil rights black power women s gay lesbian American Indian Puerto Rican Independence and anti war movements share varying progressive critiques and theories on radical democracy and revolutionary struggle This rarely referenced resistance literature reflects the growing public interest in incarceration sites intellectual and political dissent for social justice and the possibilities of democratic transformations Such anthologies also spark new discussions and debates about reading for as Barbara Harlow notes Reading prison writing must demand a correspondingly activist counterapproach to that of passivity aesthetic gratification and the pleasures of consumption that are traditionally sanctioned by the academic disciplining of literature Barbara Harlow 1 1 Barbara Harlow *Barred Women Writing and Political Detention* New England Wesleyan University Press 1992 Royalties are reserved for educational initiatives on human rights and U S incarceration *The African-American Bookshelf* Clifford Mason,2004-12 Noted scholar Clifford Mason showcases 50 of the most significant books that document and celebrate the bravery spirit and tenacity of a people from before the Civil War to the present day and provides commentary on each work s place in history

Chase,2019-04-09 This volume considers the interconnection of racial oppression in the U S South and West presenting thirteen case studies that explore the ways in which citizens and migrants alike have been caged detained deported and incarcerated and what these practices tell us about state building converging and coercive legal powers and national sovereignty As these studies depict the institutional development and state scaffolding of

overlapping carceral regimes they also consider how prisoners and immigrants resisted such oppression and violence by drawing on the transnational politics of human rights and liberation transcending the isolation of incarceration detention deportation and the boundaries of domestic law Contributors Dan Berger Ethan Blue George T D az David Hernandez Kelly Lytle Hernandez Pippa Holloway Volker Janssen Talitha L LeFlouria Heather McCarty Douglas K Miller Vivien Miller Donna Murch and Keramet Ann Reiter

Prison Life Writing Simon Rolston, 2021-06-30 Prison Life Writing is the first full length study of one of the most controversial genres in American literature By exploring the complicated relationship between life writing and institutional power this book reveals the overlooked aesthetic innovations of incarcerated people and the surprising literary roots of the U S prison system Simon Rolston observes that the autobiographical work of incarcerated people is based on a conversion narrative a story arc that underpins the concept of prison rehabilitation and that sometimes serves the interests of the prison system rather than those on the inside Yet many imprisoned people rework the conversion narrative the way they repurpose other objects in prison Like a radio motor retooled into a tattoo gun the conversion narrative has been redefined by some authors for subversive purposes including questioning the ostensible emancipatory role of prison writing critiquing white supremacy and broadly reimagining autobiographical discourse An interdisciplinary work that brings life writing scholarship into conversation with prison studies and law and literature studies Prison Life Writing theorizes how life writing works in prison explains literature s complicated entanglements with institutional power and demonstrates the political and aesthetic innovations of one of America s most fascinating literary genres

The Black Border and Fugitive Narration in Black American Literature Paula von Gleich, 2022-03-07 This book tests the limits of fugitivity as a concept in recent Black feminist and Afro pessimist thought It follows the conceptual travels of confinement and flight through three major Black writing traditions in North America from the 1840s to the early 21st century Cultural analysis is the basic methodological approach and recent concepts of captivity and fugitivity in Afro pessimist and Black feminist theory form the theoretical framework
