Solihull Sue Bates,1991      Warwickshire History ,1990      **The East Coast Main Line 1939-1959 (Volume 2)** Peter Tuffrey,B. W. L. Brooksbank,2022-07-02 The first detailed study of this huge mainline through its operational history Features extended commentaries from the authors rich in detail Superbly illustrated with black and white photographs many never seen before In this second and final volume the whole of the East Coast Main Line between King s Cross and Edinburgh Waverley stations is examined closely with a particular emphasis on the ways and structures the line stations connections yards and other physical features Interposed are accounts of the traffic at the principal stations including connecting and branch line services with observations on changes over the period 1939 to 1959 Some emphasis is placed on freight traffic on account of its importance and perhaps its relative unfamiliarity to the reader The lines stations and many other elements are described as they were in August 1939 but as some plans on which they are based are dated before the late 1930s there may be marginal differences from the precise layout in 1939      **Transactions and Proceedings** Birmingham and Warwickshire Archaeological Society,1990      *The Local Historian* ,1992 Issues for autumn 1961 include the Standing Conference for Local History Bulletin      *Ward and Lock's Pictorial Guide to Warwickshire* Ward, Lock & Co,1882      Birmingham's Victorian and Edwardian Architects Phillada Ballard,2009      The British National Bibliography Arthur James Wells,2003      **Played in Birmingham** Steve Beauchampe,Simon Inglis,2006 Played in Birmingham is the fifth book in a groundbreaking English Heritage series celebrating Britain s rich and diverse sporting heritage Lavishly illustrated and adopting a completely new approach to the study of sporting and urban history Played in Birmingham leads readers along a trail of fascinating locations and little known buildings landscapes and waterscapes in all corners of the city and its surrounds Birmingham is a city founded upon hard work enterprise and civic pride Its stock of historic public baths includes three of the oldest operational swimming pools in Britain In 1888 a Birmingham draper was responsible for setting up the Football League the first in the world Birmingham also has a proud record at grassroots level Following on from the pioneering example set at Bournville by the Quaker brothers George and Richard Cadbury during the early 20th century Birmingham industrialists invested in a network of sports facilities for their employees that gave rise to the largest works football association ever known Birmingham was the cradle of lawn tennis in the 1860s and the setting for the world s first snooker championships in 1927 Its numerous workshops have also been responsible for supplying medals cups and trophies for generations of international competitions plus no fewer than 200 million Acme Thunderer whistles the first choice of referees around the world since 1884 For those who do not know the city or perhaps dismiss it as a mere concrete jungle Played in Birmingham also reveals a wealth of green space parks golf courses cricket grounds and bowling greens several barely more than a mile or so from the Bull Ring Perhaps even more surprising Birmingham s topography is interlaced with rivers brooks lankes and pools with Edgbaston Reservoir forming one of the great waterscapes of urban Britain a magnet for
