Stretching 220 miles from Yosemite Valley to Mount Whitney and onward to Whitney Portal, California's famed John Muir Trail (JMT) is one of the most popular backpacking routes in the US. The comprehensive guide describes the entire passage with detailed directions as well as UTM coordinates for important junctions, lateral trails, campsites, food storage boxes and other points of interest. The book divides the trail into 13 sections and each section includes an elevation profile and a table that lists elevation, distance from the previous point and total mileage. Inside you'll find: Detailed description of the entire trail from an expert author; Trail junction locations and distances between junctions; Comprehensive table of campsites; 17 topographic maps plus elevation profiles; Side trips to 15 notable peaks; Pre trip planning information about food resupplies, gear, permits and more.
