Solution Marriage:

The 7-Minute Marriage Solution Stephen Arterburn, 2025-04-08 Can 7 Minutes Make a Difference If you re thinking the 7 minute solution to a happier marriage sounds far too simplistic even a bit crazy we dare you to read this book It will revolutionize your marriage *Psychological Solutions for Everyday Problems* , **Marriage Is Not a Vision It Is a Strategy** Etim Uso, 2017-11-07 There is no doubt that the marriage institution has been disrupted in many ways Infidelity divorce domestic violence and same sex marriage are some of the visible signs However the human and economic tolls arising from this disruption go far beyond what we can readily see You have probably read or heard all the things the Bible says about marriage you still remember all the things your parents or your pastor told you about marriage and maybe you have also tried out some of the recipes for a happy and successful marriage Most of what has been written and said about marriage come from good husbands and good wives who are happily married and are too careful to rock the boat They keep to the beaten track even when it is obvious that things are not working according to the general prescriptions and assumptions Now what about those things you have never heard I mean those things that could contradict some of your cherished doctrines and beliefs Yes you believe in marriage vows you believe in one man one wife marriages perhaps you were also given a set of rules on love submission in marriage or the formula for a successful marriage You were probably told the type of people you should marry and those you should not based on their backgrounds Maybe you know nothing at all about all these Never mind Nothing will shield you from the vicissitudes of marriage there is no absolute guarantee against failure But you can reduce your odds of failure by acting consciously and proactively and by taking your time to find out and understand who you are your purpose and vision in life before making the strategic decision of who to marry What is the goal of marriage And how do the requirements for running a successful business differ from those of having a successful marriage This book is an attempt to develop a general framework for marriage based on proven business principles and guided by scriptural precepts The central theme in this book is that marriage should be approached as a strategy for achieving a larger goal means to an end and not an end in itself And since the success of any strategy depends on two key factors planning and execution the materials in this book can be classified into two broad categories namely planning and execution of marriage as a strategy However the book comes with some curious icing on the cake Every love is driven by need and love that is devoid of attraction is nothing but kindness Love though necessary is not a sufficient condition for marriage Infidelity is a liberal ground for divorce when compared to some of the evils plaguing marriages in our society today Adultery is not extramarital affair Wedding vows make a deity of marriage and invalidates Gods divine grace on marriage There is nothing sinful about polygamy and there is no virtue or holiness in celibacy If you are tired of reading marriage cookbooks written by good husbands and good wives and their hunky dory marriages then you will find this book a welcome break However the book could set husbands against their wives and wives against husbands but it has a higher potential to unite sincere husbands

and wives around a common vision that can bring lasting happiness and fulfillment to their marriages **The First 15 Minutes for Those Dating with Marriage in Mind** Jay A. Hewlin, 2005 The First 15 Minutes is rich with principles for dating strategically Learn the technique of ZONING the 15 minute process of determining your level of compatibility with others **Romance's Rival** Talia Schaffer, 2016-01-05 Romance s Rival argues that the central plot of the most important genre of the nineteenth century the marriage plot novel means something quite different from what we thought In Victorian novels women may marry for erotic desire but they might instead insist on familiar marriage marrying trustworthy companions who can offer them socially rich lives and futures of meaningful work Romance s Rival shows how familiar marriage expresses ideas of female subjectivity dating back through the seventeenth century while romantic marriage felt like a new risky idea Undertaking a major rereading of the rise of the novel tradition from Richardson through the twentieth century Talia Schaffer rethinks what the novel meant if one tracks familiar marriage virtues This alternative perspective offers new readings of major texts Austen the Bront s Eliot Trollope but it also foregrounds women s popular fiction Yonge Oliphant Craik Broughton Offering a feminist perspective that reads the marriage plot from the woman s point of view Schaffer inquires why a female character might legitimately wish to marry for something other than passion For the past half century scholars have valorized desire individuality and autonomy in the way we read novels Romance s Rival asks us to look at the other side to validate the yearning for work family company or social power as legitimate reasons for women s marital choices in Victorian fiction Comprehensive in its knowledge of several generations of scholarship on the novel Romance s Rival convinces us to re examine assumptions about the nature and function of marriage and the role of the novel in helping us not simply imagine marriage but also process changing ideas about what it might look like and how it might serve people
