Bowie to help her figure out what happened to Crissy and find the true culprit before he acts on the next blood moon in four days time With their jobs and their lives at risk Bowie and Collins band together to catch the killer while fighting an irresistible spark between them that threatens to upend everything

[I Want To Kiss You In Public](#) Zelda French, 2020-06-16 Louis thought he had it all figured out He couldn't have been more wrong If you ask Louis he's a rock star Just the right amount of sarcastic cute and only slightly delusional He attends the best high school in Paris no less has the coolest best friend and the fiercest girlfriend and he's absolutely a hundred per cent straight So no Michael the new British student with his dark curls and sweet smiles doesn't interest him whatsoever And when a teacher pairs the two to write an essay together and Louis gets all worked up about it he can always tell himself he doesn't have a choice Slowly and inevitably the two of them become friends and perhaps a little more Soon Michael's presence in Louis's life makes him question everything his lifestyle his friendships and whether he actually ever liked girls Content warnings are available at the beginning of the book

Indian Oratory W. C. Vanderwerth, William R. Carmack, 1971 This collection of notable speeches by early day leaders of twenty two Indian tribes adds a new dimension to our knowledge of the original Americans and their own view of the tide of history engulfing them Little written record of their oratory exists although Indians made much use of public address Around the council fires tribal affairs were settled without benefit of the written word and young men attended to hear the speeches observe their delivery and consider the weight of reasoned argument Some of the early white men who traveled and lived among the Indians left transcriptions of tribal council meetings and speeches and other orations were translated at treaty council meetings with delegates of the United

States government From these scattered reports and the few other existing sources this book presents a reconstruction of contemporary thought of the leading men of many tribes Chronologically the selections range from the days of early contact with the whites in the 1750 s to a speech by Quanah Parker in 1910 Several of the orations were delivered at the famous Medicine Lodge Council in 1867 A short biography of each orator states the conditions under which the speeches were made locates the place of the council or meeting and includes a photograph or copy of a painting of the speaker Speakers chosen to represent the tribes at treaty council were all orators of great natural ability well trained in the Indian oral traditions Acutely conscious that they were the selected representatives of their people these men delivered eloquent moving speeches often using wit and sarcasm to good effect They were well aware of all the issues involved and they bargained with great statesmanship for survival of their traditional way of life
