Speaker's Sourcebook II (Bk. 2).,2002 *Dig Deep* JC Watts,2016-03-08 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **Stop Whining and Start Winning** Joel Christiansen,2006-07 Stop Whining and Start Winning The Power of Life s Choices is an invaluable guide for anyone who no longer wants to live the life of a whiner but would rather experience the life of a winner Author Joel Christiansen suggests that whiners are life s drainers and takers and that whining is so toxic it can mutate and spread from person to person Gone untreated it becomes a hazardous landfill of negativity and despair which only results in pessimism and failure In clear simple and easy to understand language Christiansen points out that winners are life s enhancers and givers who create positive energy and success through optimism and hope Stop Whining and Start Winning The Power of Life s Choices is an excellent resource for anyone who has reached his or her misery level index with whining and has a desire for a more purposeful peaceful and prosperous life A terrible tragedy and waste is when a whiner fails to see and understand the negative ripple effect their whining creates Joel Christiansen Joel Christiansen also wrote the book Out of the Ashes the Resurrection of an Addict Visit Joel at www.noblesoulenterprises.com **Speaking Skills for Teens Instructor Manual** Gail A. Cassidy,2020-07-21 Speaking Skills for Teens trains students to learn effective speaking skills and also motivates students to view themselves and their classmates in an optimistic manner Because they can find only positives in each talk given by their peers that is the way they start viewing each presenter even before the talk begins Through active participation students learn how to maximize their speaking skills their poise and their recognition of their own skills and abilities In addition to learning actual skills openings evidence closings body language and attitude training participants learn how to use their voice to produce the greatest effect They have the opportunity to practice being as they would like to be Participants will learn far more than speaking skills They learn how to take responsibility for how they feel how they act how they react The training allows them to see people in a more positive manner They learn how to read people and become aware of how they themselves are read Students evaluate every speaker in writing immediately after their talk Only positive comments are allowed for substance delivery or impact The teacher writes an area for improvement on a card and will add a

positive statement immediately after each talk that only the speaker sees At the end of the course each student receives the evaluations from every classmate While participants may eventually forget facts and figures learned elsewhere they will retain much of what they master in this course because they will have constant opportunities to be on their feet and institute that which they have learned They will also have many opportunities to laugh cry and genuinely feel good perhaps the greatest way to solidify their learning
