Spectaculum Volume 2 2004

Emily Richmond Pollock

Spectaculum Volume 2 2004:

A History of Russian Exposition and Festival Architecture Alla Aronova, Alexander Ortenberg, 2018-10-03 This collection of thirteen vignettes addresses several important episodes in the history of Russian temporary architecture and public art from the royal festivals during the times of Peter the Great up to the recent venues including the Sochi Winter Olympics The forms and the circumstances of their design were drastically different however the projects discussed in the book share a common feature they have been instrumental in the construction of Russia's national identity with its perception of the West simultaneously a foe and a paragon looming high over this process The book offers a history of multidirectional relationships between diplomacy propaganda and architecture **Poetry Project**, 2006 Literary Magazine Review, 2004 *The Theatrical Spectaculum* Tova Gamliel, 2019-12-11 This book offers a new mythic perspective on the secret of the allure and survival of a current archaic institution the Western theatre in an era of diverse technological media Central to the theory is the spectaculum a stage world that mirrors a monotheistic cosmic order Tova Gamliel here not only alerts the reader to the possibility of the spectaculum's existence but also illuminates its various structural dimensions the cosmological ritual and sociological Its cosmo logical meaning is a Judeo Christian monotheistic consciousness of non randomness an exemplary order of the world that the senses perceive The ritual meaning denotes the centrality of the spectaculum as the theatre repeatedly reenacts the mythical and paradigmatic event of Biblical revelation Its social meaning concerns any charismatic social theory that is anchored in the epitomic structure of social sovereignty stage and audience that the Western theatre advances in an era characterized by hypermedia The Renaissance Ethics of Music Hyun-Ah Kim, 2015-10-06 In early modern Europe music particularly singing was the arena where body and soul came together embodied in the notion of musica humana Kim uses this concept to examine the framework within which music and song were used to promote moral education and addresses Renaissance ideas of religion education and music Caesar and the Bellum Alexandrinum Jan Felix Gaertner, Bianca C. Hausburg, 2013-09-18 Das Bellum Alexandrinum beschreibt die Ereignisse des römischen Bürgerkriegs zwischen 49 und 47 v. Chr. und berichtet von Caesars Aufenthalt im ägyptischen Alexandria und seiner Auseinandersetzung mit Ptolemaios XIII. Die beiden Autoren widmen sich in diesem Buch vor allem den bisher weitgehend unerforschten Aspekten der literarischen Technik sowie den Bezügen des Bellum Alexandrinum zur griechischen und römischen Historiografie. Zugleich bietet das Buch aber auch eine detaillierte Untersuchung der Sprache und rekonstruiert die Umstände der Entstehung. Es zeigt, dass der Bericht aus mehreren Einzelberichten zusammengefasst wurde, die sich sprachlich inhaltlich und erzähltechnisch deutlich voneinander unterscheiden **Queen Hedwig Eleonora and the Arts** Lisa Skogh, 2017-07-05 As queen consort and dowager Hedwig Eleonora 1636-1715 held a unique position in Sweden for more than half a century. As the dominant collector and patron of art and architecture in the realm, she left a strong mark on Swedish court culture. Her dynastic network among the Northern European courts was extensive and this helped to make

Sweden a major cultural center in Northern Europe in the later seventeenth century This book represents the first major scholarly publication on the full range of Hedwig Eleonora s endeavours from the financing of her court to her place within a larger princely network to her engagements with various cultural pursuits to her public image As the contributors show despite her high profile political position and conspicuous patronage Hedwig Eleonora experienced little of the animosity directed at many other foreign queens and regents such as the Medici in France and Henrietta Maria in England In this way she provides a model for a different and more successful way of negotiating the difficulties of joining a foreign court the analysis of her circumstances thus adds a substantial dimension to the study of early modern queenship Presenting much new scholarship this volume highlights one extremely significant early modern woman and her imprint on Northern European history and fosters international awareness of the importance of early modern Scandinavia for European cultural history

Opera After the Zero Hour Emily Richmond Pollock,2019-08-20 Opera After the Zero Hour The Problem of Tradition and the Possibility of Renewal in Postwar West Germany presents opera as a site for the renegotiation of tradition in a politically fraught era of rebuilding Though the Zero Hour put a rhetorical caesura between National Socialism and postwar West Germany the postwar era was characterized by significant cultural continuity with the past With nearly all of the major opera houses destroyed and a complex relationship to the competing ethics of modernism and restoration opera was a richly contested art form and the genre s reputed conservatism was remarkably multi faceted Author Emily Richmond Pollock explores how composers developed different strategies to make new opera new while still deferring to historical conventions all of which carried cultural resonances of their own Diverse approaches to operatic tradition are exemplified through five case studies in works by Boris Blacher Hans Werner Henze Carl Orff Bernd Alois Zimmermann and Werner Egk Each opera alludes to a distinct cultural or musical past from Greek tragedy to Dada bel canto to Berg Pollock s discussions of these pieces draw on source studies close readings unpublished correspondence institutional history and critical commentary to illuminate the politicized artistic environment that influenced these operas creation and reception The result is new insight into how the particular opposition between a conservative genre and the idea of the Zero Hour motivated the development of opera s social aesthetic and political value after World War II

Cities and Fascination Wolf-Dietrich Sahr,2016-05-23 Bringing together leading urban scholars this book discusses the linkages between the economic social and psychological factors of the urban environment It focuses on the growth of private urbanity that has led to a spectacularization of the city the most extreme component of attention being the fascination which is aroused by attractions and state managed events The complex characteristics of this fascination are examined under the dimensions of aesthetics emotions lived experiences and power structures and governance The interdisciplinary nature of this collection has wide international appeal and will be of interest to academics of social and cultural geography and cultural and media studies

The Ashgate Research Companion to the Counter-Reformation Alexandra Bamji,Geert H. Janssen,Mary

Laven, 2016-03-23 In the last two decades the history of the Counter Reformation has been stretched and re shaped in numerous directions Reflecting the variety and innovation that characterize studies of early modern Catholicism today this volume incorporates topics as diverse as life cycle and community science and the senses the performing and visual arts material objects and print culture war and the state sacred landscapes and urban structures Moreover it challenges the conventional chronological parameters of the Counter Reformation and introduces the reader to the latest research on global Catholicism The Ashgate Research Companion to the Counter Reformation presents a comprehensive examination of recent scholarship on early modern Catholicism in its many guises It examines how the Tridentine reforms inspired conflict and conversion and evaluates lives and identities spirituality culture and religious change This wide ranging and original research guide is a unique resource for scholars and students of European and transnational history

Decoding **Spectaculum Volume 2 2004**: Revealing the Captivating Potential of Verbal Expression
