SECOND EDITION

Speech In The English Novel

Patrick Swinden

Speech In The English Novel:

Speech in the English Novel Norman Page, 1988-02-09 Since *Speech in the English Novel* first appeared in 1973 it has won international recognition as an important pioneering study of a topic that lies on the frontiers of literature and linguistics the nature and function of fictional dialogue and its relationship to real speech Drawing on a wide range of examples from many periods the book includes general and theoretical chapters and also case studies of particular texts as well as a whole chapter devoted to Dickens It has been found stimulating and useful by teachers and students in many countries and has been praised by numerous scholars *The Year's Work in English Studies* described it as a classic *Studia Neophilologica* said that it opened up new vistas for research *Language and Style* found that it admirably bridges the gap between linguistics and English studies and *English Studies* judged it a thoroughly readable and even entertaining book This new edition

incorporates numerous revisions new examples and additions to the bibliographies **The Cambridge History of the English Novel** Robert L. Caserio, Clement Hawes, 2012-01-12 *The Cambridge History of the English Novel* chronicles an ever changing and developing body of fiction across three centuries An interwoven narrative of the novel's progress unfolds in more than fifty chapters charting continuities and innovations of structure tracing lines of influence in terms of themes and techniques and showing how greater and lesser authors shape the genre Pushing beyond the usual period centered boundaries the History's emphasis on form reveals the range and depth the novel has achieved in English This book will be indispensable for research libraries and scholars but is accessibly written for students Authoritative bold and clear the History raises multiple useful questions for future visions of the invention and re-invention of the novel **The Regional Novel in Britain and Ireland** K. D. M. Snell, 1998-12-10 *The Regional Novel In Britain and Ireland 1800-1990* will be of interest to literary and social historians as well as cultural critics *The English Novel of History and Society, 1940-80*

Patrick Swinden, 1984-08-02 **English Fiction and the Evolution of Language, 1850-1914** Will Abberley, 2015-05-27 Victorian science changed language from a tool into a natural phenomenon evolving independently of its speakers Will Abberley explores how science and fiction interacted in imagining different stories of language evolution Popular narratives of language progress clashed with others of decay and degeneration Furthermore the blurring of language evolution with biological evolution encouraged Victorians to re-imagine language as a mixture of social convention and primordial instinct Abberley argues that fiction by authors such as Charles Kingsley Thomas Hardy and H G Wells not only reflected these intellectual currents but also helped to shape them Genres from utopia to historical romance supplied narrative models for generating thought experiments in the possible pasts and futures of language Equally fiction that explored the instinctive roots of language intervened in debates about language standardisation and scientific objectivity These textual readings offer new perspectives on twenty-first century discussions about language evolution and the language of science **A**

Companion to the Eighteenth-Century English Novel and Culture Paula R. Backscheider, Catherine

Ingrassia, 2009-10-19 A Companion to the Eighteenth century Novel furnishes readers with a sophisticated vision of the eighteenth century novel in its political aesthetic and moral contexts An up to date resource for the study of the eighteenth century novel Furnishes readers with a sophisticated vision of the eighteenth century novel in its political aesthetic and moral context Foregrounds those topics of most historical and political relevance to the twenty first century Explores formative influences on the eighteenth century novel its engagement with the major issues and philosophies of the period and its lasting legacy Covers both traditional themes such as narrative authority and print culture and cutting edge topics such as globalization nationhood technology and science Considers both canonical and non canonical literature **The Classic Novel** Erica Sheen, Robert Giddings, 2024-07-30 This book critically examines the long established tradition of adapting classic novels to film or TV screen An emerging area of interest the relationship between film and literature and the way cinema and television have translated classic novels into moving pictures from the 30s to the 90s A wide ranging but focused collection that is bang up to date and free of media jargon that looks at both the film and the book Includes discussion of The English Patient Pride and Prejudice and Middlemarch Pickwick Papers Dracula Dickens Conrad Hardy and Waugh Indian English Novel Gajendra Kumar, 2002 **English Novel Hist 1895-1920** David Trotter, 2022-02-22 First Published in 1993 Written specifically for students and assuming no prior knowledge of the subject David Trotter s The English Novel in History 1895 1920 provides the first detailed and fully comprehensive analysis of early twentieth century English fiction Whereas all previous studies have been rigorously selective Trotter looks at over 140 novelists across the whole spectrum of fiction from the innovations of Joyce s Ulysses through to popular mass market genres such as detective stories and spy thrillers By examining the novels in both stylistic and historical terms David Trotter looks at the ways in which writers responded to contemporary preoccupations such as the spectacle of consumption and the growth of suburbia or to anxieties about the decline of Empire racial degeneration and sexual anarchy He also challenges the view that literature of the period can be interpreted as a neat procession from realism to Modernism The English Novel at Mid-Century Michael Gorra, 2016-07-27 So far as the young were concerned Orwell wrote of Britain in the years after the Great War the official beliefs were dissolving like sandcastles Most critical accounts of that postwar generation have been constrained by having to deal with the myth of the thirties Michael Gorra s innovation in this exciting study of the postwar generation s major novelists lies in seeing the consequences of that dissolution in formal rather than political terms arguing that the novelist s difficulty in representing human character in what Wyndham Lewis called a shell shocked age is itself a sign of that loss of belief But while most studies of this generation end with the coming of World War 2 Gorra follows these novelists throughout their careers The result is a book that not only shows how the British novel s increasing consciousness of its own limitations stands as a mirror to the country s loss of power but also provides memorable portraits of four major twentieth century writers

Speech In The English Novel Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Speech In The English Novel**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
