LEARN TO READ EFFICIENTLY AND FLUENTLY

You want to become an efficient and fluent reader. That means that you'll have the time that you spend dealing with written information and you'll probably read more for pleasure as well.

Reading is a simple two part process both doing and thinking. During this program you'll work on both skill sets.

We learn by listening, seeing and doing. High Efficiency @ Reading gets you to do all of these things. The tutorials will tell you all you need to know about how to read quickly, fluently and strategically. However, it's the doing that enables you to understand the ideas and put them into practice. That's why we use 3 innovative exercises from The Reader's Edge; these exercises help you overcome some of the common habits that slow us down when reading.

You should try and allow at least two hours to complete the program. You don't need to finish it all in one go, but try not to leave too long between the 7 modules. Please complete the program in order starting with this module.
