The Orange & Black in Black & White, 1992 **The Making of Princeton University** James Axtell, 2021-03-09 In 1902 Professor Woodrow Wilson took the helm of Princeton University then a small denominational college with few academic pretensions But Wilson had a blueprint for remaking the too cozy college into an intellectual powerhouse The Making of Princeton University tells for the first time the story of how the University adapted and updated Wilson's vision to transform itself into the prestigious institution it is today James Axtell brings the methods and insights from his extensive work in ethnohistory to the collegiate realm focusing especially on one of Princeton's most distinguished features its unrivaled reputation for undergraduate education Addressing admissions the curriculum extracurricular activities and the changing landscape of student culture the book devotes four full chapters to undergraduate life inside and outside the classroom The book is a livelywarts and all rendering of Princeton's rise addressing such themes as discriminatory admission policies the academic underperformance of many varsity athletes and the controversial bicker system through which students have been selected for the University's private eating clubs Written in a delightful and elegant style The Making of Princeton University offers a detailed picture of how the University has dealt with these issues to secure a distinguished position in both higher education and American society For anyone interested in or associated with Princeton past or present this is a book to savor

The Educational Legacy of Woodrow Wilson James Axtell, 2012 In The Educational Legacy of Woodrow Wilson James Axtell brings together essays by eight leading historians and one historically minded political scientist to examine the long formative academic phase of Wilson's career and its connection to his relatively brief tenure in politics Together the essays provide a greatly revised picture of Wilson's whole career and a deeply nuanced understanding of the evolution of his educational political and social philosophy and policies the ordering of his values and priorities and the seamless link between his academic and political lives The contributors shed light on Wilson's unexpected rise to the governorship of New Jersey and the presidency and how he prepared for elective office through his long study of government and the practice of academic politics which he deemed no less fierce than that of Washington In both spheres he was enormously successful propelling a string of progressive reforms through faculty and legislative forums Only after he was beset by health problems and events beyond his control did he fail to push his academic and postwar agendas to their logical idealistic conclusions Contributors James Axtell College of William and Mary Victoria Bissell Brown Grinnell College John Milton Cooper Jr University of Wisconsin Stanley N Katz Princeton University W Bruce Leslie SUNY Brockport Adam R Nelson University of Wisconsin Mark R Nemec Forrester Research John R Thelin University of Kentucky Trygve Throntveit Harvard University

I Hear My People Singing Kathryn Watterson, 2021-08-24 I Hear My People Singing shines light on a historic Black neighborhood in the heart of Princeton New Jersey Some 50 first person accounts drawn from an oral history collaboration of African American residents Princeton undergraduates and their professor Kathryn Watterson detail life in

this northern Jim Crow town for the past three centuries Their stories reveal how the community's roots are intertwined with the enslaved people who were key to building the town and a university whose first nine presidents were slave owners Chapter introductions provide context as does the foreword by scholar theologian and activist Cornel West Alive with photographs I Hear My People Singing offers a narrative of inspiring Black experience that contributes to and illuminates the history of the United States and the nation's conversations on race Back cover The Man Who Ran Washington Peter Baker, Susan Glasser, 2021-09-07 BEST BOOK OF THE YEAR The New York Times The Washington Post Fortune Bloomberg From two of America's most revered political journalists comes the definitive biography of legendary White House chief of staff and secretary of state James A Baker III the man who ran Washington when Washington ran the world For a quarter century from the end of Watergate to the aftermath of the Cold War no Republican won the presidency or ran the White House without the advice of James Addison Baker III A scion of Texas aristocracy who became George H W Bush's tennis partner Baker had never worked in Washington until a devastating family tragedy struck when he was thirty nine Within a few years he was leading Gerald Ford's campaign and would go on to manage a total of five presidential races and win a sixth for George W Bush in a Florida recount He ran Ronald Reagan's White House and became the most consequential secretary of state since Henry Kissinger Ruthlessly partisan during campaign season Baker became an indispensable dealmaker after the election He negotiated with Democrats at home and Soviets abroad rewrote the tax code assembled the coalition that won the Gulf War brokered the reunification of Germany and helped bring a decades long nuclear superpower standoff to an end Brilliantly crafted by Peter Baker of The New York Times and Susan Glasser of The New Yorker The Man Who Ran Washington is a page turning study in the acquisition exercise and preservation of power in late twentieth century America and the story of Washington when Washington ran the world Their masterly biography is necessary reading and destined to become a classic **Princeton Alumni Weekly**, 1913 *Antioch-on-the-Orontes* George Wicker Elderkin, Richard Stillwell, 1934 Made in Newark Ezra Shales, 2010-06-30 What does it mean to turn the public library or museum into a civic forum Made in Newark describes a turbulent industrial city at the dawn of the twentieth century and the ways it inspired the library's outspoken director John Cotton Dana to collaborate with industrialists social workers educators and New Women This is the story of experimental exhibitions in the library and the founding of the Newark Museum Association a project in which cultural literacy was intertwined with civics and consumption Local artisans demonstrated crafts connecting the cultural institution to the department store school and factory all of which invoked the ideal of municipal patriotism Today as cultural institutions reappraise their relevance Made in Newark explores precedents for contemporary debates over the ways the library and museum engage communities define heritage in a multicultural era and add value to the economy **Relics of War** Jennifer Raab, 2024-09-10 How a single haunting image tells a story about violence mourning and memory In 1865 Clara Barton traveled to the site of the notorious Confederate prison camp in Andersonville Georgia

where she endeavored to name the missing and the dead The future founder of the American Red Cross also collected their relics whittled spoons woven reed plates a piece from the prison s dead line a tattered Bible and brought them back to her Missing Soldiers Office in Washington DC presenting them to politicians journalists and veterans families before having them photographed together in an altar like arrangement Relics of War reveals how this powerful image produced by Mathew Brady opens a window into the volatile relationship between suffering martyrdom and justice in the wake of the Civil War Jennifer Raab shows how this photograph was a crucial part of Barton s efforts to address the staggering losses of a war in which nearly half of the dead were unnamed and from which bodies were rarely returned home for burial The Andersonville relics gave form to these absent bodies offered a sacred site for grief and devotion mounted an appeal on behalf of the women and children left behind and testified to the crimes of war The story of the photograph illuminates how military sacrifice was racialized as political reconciliation began and how the stories of Black soldiers and communities were silenced Richly illustrated Relics of War vividly demonstrates how one photograph can capture a precarious moment in history serving as witness advocate evidence and memory *The Lafayette Weekly* ,1901
