The Origins Of The English Novel 1600 174:

The Feminine Sublime Barbara Claire Freeman, 2023-04-28 *The Feminine Sublime* provides a new and startling insight into the modes and devices employed in the creation of women's fiction since the eighteenth century. Barbara Claire Freeman argues that traditional theorizations of the sublime depend upon unexamined assumptions about femininity and sexual difference and that the sublime could not exist without misogynistic constructions of the feminine. Taking this as her starting point, Freeman suggests that the other sublime that comes into view from this new perspective not only offers a crucial way to approach representations of excess in women's fiction but allows us to envision other modes of writing the sublime. Freeman reconsiders Longinus, Burke, Kant, Weiskel, Hertz, and Derrida while also engaging a wide range of women's fiction, including novels by Chopin, Morrison, Rhys, Shelley, and Wharton. Addressing the coincident rise of the novel and concept of the sublime in eighteenth-century European culture, Freeman allies the articulation of sublime experience with questions of agency and passion in modern and contemporary women's fiction. Arguments that have seemed merely to explain the sublime also functioned to evaluate, domesticate, and ultimately exclude an otherness that is almost always gendered as feminine. Freeman explores the ways in which fiction by American and British women, mainly of the twentieth century, responds to and redefines what the tradition has called the sublime. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1996. *The Feminine Sublime* provides a new and startling insight into the modes and devices employed in the creation of women's fiction since the eighteenth century. Defoe's Writings and Manliness Stephen H. Gregg, 2016-05-13 *Defoe's Writings and Manliness* is a timely intervention in Defoe studies and in the study of masculinity in eighteenth-century literature more generally. Arguing that Defoe's writings insistently returned to the issues of manliness and its contrary effeminacy, this book reveals how he drew upon a complex and diverse range of discourses through which masculinity was discussed in the period. It is for this reason that this book crosses over and moves between modern paradigms for the analysis of eighteenth-century masculinity to assess Defoe's men. A combination of Defoe's clarity of vision, a spirit of contrariness, and a streak of moral didacticism resulted in an idiosyncratic and restless testing of the forces surrounding his period's ideas of manliness. Defoe's men are men, but they are never unproblematically so; they display a contrariness which indicates that a failure of manliness is never very far away.

Epic, Novel and the Progress of Antiquity Ahuvia Kahane, 2025-08-21 This book rethinks the characterization of two highly contrastive forms of ancient literary tradition: epic and novel, and re-frames their function as

dynamic points of reference in the history of ideas and in our understanding of the interface between antiquity and the modern Epic and novel have often been construed in terms of sharp contrasts temporally with the epic anchored in the canonical beginnings of classical literature as opposed to the novel which rises only late in the ancient era hierarchically with epic regularly occupying the canonical core while the novel often resided in the periphery and in terms of specific highly contrasting attributes sublime vs subversive an aspiration to oral song vs an intimate association with book culture heroic vs anti heroic or mock heroic Ahuvia Kahane argues for the fallibility of each of several major differential attributes to the point of generic disintegration He then constructs a new understanding of epic and novel in antiquity as part of a more fragile dynamic framework governed by intertextuality and openness on the one hand and by fragmented interpretive traditions on the other

Air's Appearance Jayne Elizabeth Lewis, 2024-05-31 In *Air's Appearance* Jayne Elizabeth Lewis enlists her readers in pursuit of the elusive concept of atmosphere in literary works She shows how diverse conceptions of air in the eighteenth century converged in British fiction producing the modern literary sense of atmosphere and moving novelists to explore the threshold between material and immaterial worlds *Air's Appearance* links the emergence of literary atmosphere to changing ideas about air and the earth's atmosphere in natural philosophy as well as to the era's theories of the supernatural and fascination with social manners or as they are now known airs Lewis thus offers a striking new interpretation of several standard features of the Enlightenment the scientific revolution the decline of magic character based sociability and the rise of the novel that considers them in terms of the romance of air that permeates and connects them As it explores key episodes in the history of natural philosophy and in major literary works like *Paradise Lost* *The Rape of the Lock* *Robinson Crusoe* and *The Mysteries of Udolpho* this book promises to change the atmosphere of eighteenth century studies and the history of the novel
