The Old Barrio Guide To Low Rider Music 1950-1975:

The Old Barrio Guide to Low Rider Music, 1950-1975 Ruben Molina, 2005 **Razabilly** Nicholas F. Centino, 2021-07-13
Vocals tinged with pain and desperation The deep thuds of an upright bass Women with short bangs and men in cuffed jeans These elements and others are the unmistakable signatures of rockabilly a musical genre normally associated with white male musicians of the 1950s But in Los Angeles today rockabilly's primary producers and consumers are Latinos and Latinas Why are these Razabillies partaking in a visibly un Latino subculture that's thought of as a white person's fixation everywhere else As a Los Angeles Rockabilly insider Nicholas F Centino is the right person to answer this question Pairing a decade of participant observation with interviews and historical research Centino explores the reasons behind a Rockabilly renaissance in 1990s Los Angeles and demonstrates how as a form of working class leisure this scene provides Razabillies with spaces of respite and conviviality within the alienating landscape of the urban metropolis A nuanced account revealing how and why Los Angeles Latinas/os have turned to and transformed the music and aesthetic style of 1950s rockabilly Razabilly offers rare insight into this musical subculture its place in rock and roll history and its passionate practitioners

Raciolinguistics H. Samy Alim, John R. Rickford, Arnetta F. Ball, 2016-09-30 Raciolinguistics reveals the central role that language plays in shaping our ideas about race and vice versa The book brings together a team of leading scholars working both within and beyond the United States to share powerful much needed research that helps us understand the increasingly vexed relationships between race ethnicity and language in our rapidly changing world Combining the innovative cutting edge approaches of race and ethnic studies with fine grained linguistic analyses authors cover a wide range of topics including the struggle over the very term African American the racialized language education debates within the increasing number of majority minority immigrant communities in the U S the dangers of multicultural education in a Europe that is struggling to meet the needs of new migrants and the sociopolitical and cultural meanings of linguistic styles used in Brazilian favelas South African townships Mexican and Puerto Rican barrios in Chicago and Korean American cram schools in New York City among other sites Taking into account rapidly changing demographics in the U S and shifting cultural and media trends across the globe from Hip Hop cultures to transnational Mexican popular and street cultures to Israeli reality TV to new immigration trends across Africa and Europe Raciolinguistics shapes the future of scholarship on race ethnicity and language By taking a comparative look across a diverse range of language and literacy contexts the volume seeks not only to set the research agenda in this burgeoning area of study but also to help resolve pressing educational and political problems in some of the most contested raciolinguistic contexts in the world **California Polyphony** Mina Yang, 2010-10-01 What does it mean to be Californian To find out Mina Yang delves into multicultural nature of musics in the state that has launched musical and cultural trends for decades In the early twentieth century an orientalist fascination with Asian music and culture dominated the popular imagination of white Californians and influenced their interactions with the

Asian Other Several decades later tensions between the Los Angeles Police Department and the African American community made the thriving jazz and blues nightclub scene of 1940s Central Avenue a target for the LAPD's anti vice crusade The musical scores for Hollywood's noir films confirmed reactionary notions of the threat to white female sexuality in the face of black culture and urban corruption while Mexican Americans faced a conflicted assimilation into the white American mainstream Finally Korean Americans in the twenty first century turned to hip hop to express their cultural and national identities A compelling journey into the origins of musical identity California Polyphony explores the intersection of musicology cultural history and politics to define Californian *Voices of Latin Rock* Jim McCarthy, 2004-11 Book Directly from the Mission District in San Francisco the explosive fusion of Latin salsa and rock is chronicled from a writer who has followed the music and the musicians for over 30 years The book covers the stories of prominent Latin rock bands including Santana and Malo examining in detail the pioneering records and the ways in which both reflect a wide spectrum of Latin influences It highlights the cast of characters and emerging period in the US during the late 60s with all the cultural background events including the Summer of Love Woodstock political activism and the record label expansion Legendary figures such as Bill Graham Clive Davis and the Escovedos family play crucial roles in the development of this sound As Latin music continues to become more mainstream the interest in its musical roots grows This book sheds light on these musical pioneers and is gorgeously illustrated with over 800 B W photos by Jim Marshall Rudy Rodriguez Joan Chase and others plus artwork of dozens of rare album covers Global Popular Music Clarence Bernard Henry, 2024-11-19 Global Popular Music A Research and Information Guide offers an essential annotated bibliography of scholarship on popular music around the world in a two volume set Featuring a broad range of subjects people cultures and geographic areas and spanning musical genres such as traditional folk jazz rock reggae samba rai punk hip hop and many more this guide highlights different approaches and discussions within global popular music research This research guide is comprehensive in scope providing a vital resource for scholars and students approaching the vast amount of publications on popular music studies and popular music traditions around the world Thorough cross referencing and robust indexes of genres places names and subjects make the guide easy to use Volume 2 Transnational Discourses of Global Popular Music Studies covers the geographical areas of North America United States and Canada Central America Caribbean and South America Latin America Europe Africa and Middle East Asia and areas of Oceania Aotearoa New Zealand Australia and Pacific Islands It provides over twenty four hundred annotated bibliographic entries covering discourses of extensive research that extend beyond the borders of the United States and includes annotated entries to books book series book chapters edited volumes special documentaries and programming scholarly journal essays and other resources that focus on the creative and artistic flows of global popular music Machines of Youth Gary S. Cross, 2018-05-04 For American teenagers getting a driver's license has long been a watershed moment separating teens from their childish pasts as they accelerate toward the sweet

sweet freedom of their futures With driver s license in hand teens are on the road to buying and driving and maybe even crashing their first car a machine which is home to many a teenage ritual being picked up for a first date parking at a scenic overlook or blasting the radio with a gaggle of friends in tow So important is this car ride into adulthood that automobile culture has become a stand in a shortcut to what millions of Americans remember about their coming of age Machines of Youth traces the rise and more recently the fall of car culture among American teens In this book Gary S Cross details how an automobile obsession drove teen peer culture from the 1920s to the 1980s seducing budding adults with privacy freedom mobility and spontaneity Cross shows how the automobile redefined relationships between parents and teenage children becoming a rite of passage producing new courtship rituals and fueling the growth of numerous car subcultures Yet for teenagers today the lure of the automobile as a transition to adulthood is in decline Tinkerers are now sidelined by the advent of digital engine technology and premolded body construction while the attention of teenagers has been captured by iPhones video games and other digital technology And adults have become less tolerant of teens on the road restricting both cruising and access to drivers licenses Cars are certainly not going out of style Cross acknowledges but how upcoming generations use them may be changing He finds that while vibrant enthusiasm for them lives on cars may no longer be at the center of how American youth define themselves But for generations of Americans the modern teen experience was inextricably linked to this particularly American icon

[A Blues Bibliography](#) Robert Ford,2008-03-31 A Blues Bibliography Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999 Material previously omitted from the first edition has now been included and the bibliography has been expanded to include works published since then In addition to biographical references this work includes entries on the history and background of the blues instruments record labels reference sources regional variations and lyric transcriptions and musical analysis The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African American culture and among individual blues scholars

[Rock the Nation](#) Roberto Avant-Mier,2010-05-06 Rock the Nation analyzes Latino a identity through rock n roll music and its deep Latin o history By linking rock music to Latinos and to music from Latin America the author argues that Latin o music people and culture have been central to the development of rock music as a major popular music form in spite of North American racial logic that marginalizes Latino as outsiders foreigners and always exotic According to the author the Latin o Rock Diaspora illuminates complex identity issues and interesting paradoxes with regard to identity politics such as nationalism Latino as use rock music for assimilation to mainstream North American culture while in Latin America rock music in Spanish is used to resist English and the hegemony of U S culture Meanwhile singing in English and adopting U S popular culture allows youth to resist the hegemonic nationalisms of their own countries Thus throughout the Americas Latino as utilize rock music for assimilation to mainstream national culture s for resistance to the hegemony of dominant culture s and for mediating the negotiation of Latino a identities **Mexican**

American Mojo Anthony Macías, 2008-11-11 A study of the creation of jazz swing and R B music within the multicultural multiethnic terrain of Los Angeles during and after World War II
