The Old Speak Out:

Upon Waking: 58 Voices Speaking Out From the Shadow of Abuse Annette Gagliardi, Laura Kozy Lanik, 2019 Upon Waking 58 Voices Speaking Out From the Shadow of Abuse is the culmination of the Let's Talk About It Poetry Project created by Annette Gagliardi and Laura Kozy Lanik and represents the work of 58 poets from around the state and the country and Canada Whether we have had first hand experiences or not the subject of abuse shapes the world we are in It is our hope that the many victims of abuse can find solace within these pages or that their voice is echoed in one or more of these poems Even if you are not a victim of abuse these poems help us become more aware of the atrocities told and untold that happen daily and make us more empathetic to the long healing process of survivors *Speaking up and Speaking Out* Thomas L. Hughes, 2013-08-22 2014 will be the 50th anniversary of the landslide victory of Lyndon Johnson and Hubert Humphrey in the 1964 election This collection of speeches by my husband Thomas L Hughes displays one privileged insiders unusual role during LBJs five years in office The political courage and literary merit of these speeches were highly praised the time Their targeted distribution usually carried a not for publication restriction Together they cover a variety of significant foreign policy topics from the 1964 69 years After graduating from Carleton College Oxford University and Yale Law School Tom served as Senator Humphreys Legislative Counsel in the Senate from 1955 59 when Johnson was Majority Leader President Kennedy appointed him Director of Intelligence and Research in the State Department and he remained in that position until the summer of 1969 In fact Dean Rusk and Tom were the only presidential appointees to serve at State from the first day of Kennedys administration to the last day of Johnsons Because of his long Humphrey association Tom was also regarded by many as the Vice Presidents man in the State Department Thus some of these speech themes were inevitably perceived rightly or wrongly as examples of what the Vice President himself might be thinking if he were not obliged to toe the official line on controversial issues like Vietnam China and Latin America What is unique about the speeches is that their various themes were topics deliberately chosen to influence policymakers inside the government as well as observers outside hence *Speaking Up and Speaking Out* **Activists Speak Out** NA NA, 2019-06-12 In *Activists Speak Out* a group of fifteen American activists speak candidly about how and why they struggle for change Their causes and strategies vary in the areas of civil rights gay and lesbian rights the environment women's issues health youth education labor freedom of expression and the arts But the lessons learned resonate across geographic and ideological boundaries Whether working as grass roots organizers or corporate insiders in cities or in rural areas the through line of their observations is constant Change is slow and may take shape in unexpected ways Small victories count And whatever the initial motivation to become engaged in the struggle for change anger compassion frustration the very process of engagement is itself transformative You cross that line and nothing is ever the same **Speak Up Speak Out** Robert Tucker IV, 2024-11-18 Lin Shouyi smiled This man never gave up the opportunity to flatter himself and he

Teachers Speak Up! Sonia Nieto, Alicia López Nieto, 2024-04-26 In the past several years we have witnessed unprecedented political racial economic and health related ruptures in society. The resulting turmoil has had an inevitable and negative impact on students, teachers, the profession of education and especially marginalized and vulnerable populations. Academics and policymakers have had their say in how to address today's volatile issues but teachers and other practitioners closest to students have not had the same visibility or access. This volume is an attempt to remedy that absence resulting in a compelling picture of education today. Chapters highlight essays written by a diverse group of K-12 classroom teachers who share their vision for education and describe their empowering classroom practices. At times hopeful and full of joy at other times angry and full of frustration, these essays speak to what classrooms and schools based on social justice might mean for our nation. Teachers Speak Up presents a bold vision of what education could be if teachers were to have a more direct influence on the purpose and aims of learning and teaching. Book Features: Offers grounded accounts about creating classrooms filled with hope and promise amid the many challenges to everyday practice. Addresses the harm done by universal school closures due to the pandemic, growing political divisions, the ugly specter of racism, book bans and more. Gives voice to classroom teachers who describe their vision for education as well as their successful practice teaching diverse students. Includes chapter authors who are diverse in their identities, the subject matter they teach and their time in the profession.
