utterly unique a female vagabond who embraced the freedom of the tramp lifestyle and philosophy Like the infamous women explorers of the Victorian era she traveled before as a single woman adventuring to every place on the planet funding her travels through canny bets on horseracing At age 26 in 1944 she met and married author and fellow tramp Jim Phelan who introduced her to his literary circle She tramped another 40 years after he passed roaming from continent to continent staying with Picasso in Spain playing football with Pele in Brazil and even telling her stories to the Shah of Iran Her magnetism attracted friends all over the world with whom she corresponded and kept entertained with lively letters We meet Kathleen here in her never before published memoir of her travels with husband Jim and her return to the road after his passing in 1966 Also included are personal correspondence and magazine articles written by Kathleen while on the road Her nephew Liam Phelan a senior journalist with the Sydney Morning Herald writes a moving and personal introduction The Power of Personal Style Patrice Renee,2020-09-23 Many people associate fashion with style and although it took me many years I realized that they are two different things and serve different purposes If you know anything about my company Lady Stylistique then you know that I see fashion as a money scheme and believe it hinders you from becoming the best version of yourself I believe it s personal style that not only helps us better connect with ourselves but it also helps us become the best version of ourselves which you ll see by the end of this book So what is style Style is anything people can see touch hear smell or speak as it relates to you that reflects who you are It s symbols and clues that allow people to get to know you and for you to know yourself without you saying a word Cord and Creese James De Mille,2019-12-11 In Cord and Creese James De Mille intricately weaves a riveting narrative set against the backdrop of the British Empire This adventure novel showcases his adeptness at blending humor and suspense while exploring themes of colonialism morality and human folly De Mille s literary style is characterized by vivid descriptions and sharp dialogue drawing readers into a world where fate and chance collide within a high stakes environment of treasure hunting and intrigue The book reflects the Victorian fascination with exotic locales and the darker undercurrents of imperial exploration positioning De Mille within the tradition of adventure fiction that critiques the period s attitudes James De Mille a Canadian writer and professor displayed a keen insight into human nature which permeates his works His experiences and education significantly influenced his writing as he delved into the complexities of character and society in a rapidly changing world Known for his strong narrative voice and intellectual depth De Mille s literary contributions echo the themes of cultural clash and philosophical inquiry making his works both entertaining and thought provoking I highly recommend Cord and Creese to readers seeking not only an enthralling adventure but also a reflective examination of the moral dilemmas faced during the age of exploration De Mille s unique blend of humor and philosophical insight invites readers to ponder the implications of their own narratives while enjoying a thrilling tale of courage and camaraderie In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes
