Structure Of 1 Maccabees:

The Structure of 1 Maccabees David Salter Williams, 1999 In a careful dissection of 1 Maccabees David Williams finds outlines and organization a division into segments repetition of words and phrases symmetries between parts of the presentation and major themes that help to tie the work together **The Development of the High Priesthood during the pre-Hasmonean Period** Maria Brutti, 2021-11-29 This book deals with the Jewish High Priesthood between 301 152 BCE The research was carried out as part of a doctoral thesis at the Pontifical Gregorian University It is of a historical biblical theological nature Historical in as much as it refers to a chronological period and to the historiographic sources biblical and theological because it questions a Biblical institution its meaning and its religious function The history of the High Priesthood is analysed on the basis of conflicting documents starting from the question of power and the autonomy of the high priests under the rule of the Ptolemies and the Seleucids However the historical reconstruction is strongly determined by the political ideology and theological vision of the available sources on this subject **The Early Reception of the Book of Isaiah** Kristin De Troyer, Barbara Schmitz, 2018-12-17 This volume brings together a lively set of papers from the first session of the Deuterocanonical and Cognate Literature program unit of the Society of Biblical Literature Annual Meeting in 2016 Together with a few later contributions these essays explore a number of thematic and textual issues as they trace the reception history of the Book of Isaiah in Deuterocanonical and cognate literature **The Structure of 1 Maccabees** David S. Williams, 2023-10-31 In a careful dissection of 1 Maccabees David Williams finds outlines and organization a division into segments repetition of words and phrases symmetries between parts of the presentation and major themes that help to tie the work together **The Torah in 1 Maccabees** Francis Borchardt, 2014-08-22 This volume addresses two pivotal questions surrounding the composition of 1 Maccabees It sets out to discern the place and function of the torah within the community described by the book However before addressing the main problem the author must first determine the composition history of the text Given that the former orthodoxy of a unitary authorship seems to be breaking down and no consensus has taken its place a literary critical investigation occupies a necessary and lengthy portion of the work Once a recommendation for the book's composition history is reached attitudes toward the inherited Judean tradition are described in each of the strata discovered The resulting study reveals a wide variety of opinions on the Judean traditions and their function in society This contributes to the current trend in scholarship of the Hellenistic period questioning the dichotomy between Judaism and Hellenism by demonstrating the different attitudes within even one text *Introduction to the Apocrypha* Lawrence M. Wills, 2021-06-22 An ambitious introduction to the Apocrypha that encourages readers to reimagine what canon really means Challenging the way Christian and non Christian readers think about the Apocrypha this is an ambitious introduction to the deuterocanonical texts of the Christian Old Testaments Lawrence Wills introduces these texts in their original Jewish environment while addressing the very different roles they had in various Christian canons

Though often relegated to a lesser role a sort of Bible Lite these texts deserve renewed attention and this book shows how they hold more interest for both ancient and contemporary communities than previously thought **Phinehas, the Sons of Zadok, and Melchizedek** Dongshin Don Chang,2016-08-11 Dongshin Don Chang examines 1 and 2 Maccabees the Dead Sea Scrolls and Hebrews to see how the combined concepts of covenant and priesthood are defined and interlinked within various biblical and extra biblical traditions The three studies show the interesting and varying dynamics of the use of combined concepts of covenant and priesthood The articulations of the two entities are shown to reflect in part the concern of the Second Temple Jewish authors how significant the priestly institutions and priesthood were not only in cultic matters but also in relation to political and authoritative concerns Chang s analysis makes clear that some of the Second Temple compositions have pursued ideas of the legitimacy of priestly identities by juxtaposing the concepts of covenant and priesthood from various traditions Interpretation and representation of certain traditions becomes a way in which some Second Temple Jews and some members of the early Jewish Christian communities developed their priestly covenantal identities It is with an understanding of this Chang argues that we can better understand these Second Temple texts

Jewish Perspectives on Hellenistic Rulers Tessa Rajak,2007 Philosophy and monarchy in the Hellenistic world Oswyn Murray The character of Ptolemaic aristocracy problems of definition and evidence Jane Rowlandson Persia through the Jewish looking glass Erich Gruen Ben Sira on kings and kingship Benjamin Wright The image of the Oriental monarch in the Third Book of Maccabees Philip Alexander and Loveday Alexander The angry tyrant Tessa Rajak The narrative function of the king and the library in the Letter of Aristeas Sylvie Honigman Kingship and banditry the Parthian empire and its western subjects Richard Fowler Translating for Ptolemy patriotism and politics in the Greek Pentateuch Sarah Pearce Poet and critic royal ideology and the Greek translator of Proverbs James Aitken The king s good servant Loyalty subversion and Greek Daniel Jennifer Dines The terminology of government in the Septuagint in comparison with Hebrew Aramaic and other languages Lester Grabbe The court function of the interpreter in Genesis 42 23 and early Greek papyri Trevor Evans The Greek Bible and Jewish concepts of royal priesthood and priestly monarchy Arie van der Kooij Royal ideology 1 and 2 Maccabees and Egypt Jan Willem van Henten Constructing kings from the Ptolemies to the Herodians the archaeological evidence Douglas Edwards *Introducing the Apocrypha* David A. deSilva,2018-02-20 This comprehensive up to date introduction to the Old Testament apocryphal books summarizes their context message and significance The first edition has been very well reviewed and widely adopted It is the most substantial introduction to the Apocrypha available and has become a standard authority on the topic The second edition has been substantially revised and updated throughout to reflect the latest scholarship The book includes a foreword by James H Charlesworth *Power and Emotion in Ancient Judaism* Ari Mermelstein,2021-06-17 In this book Ari Mermelstein examines the mutually reinforcing relationship between power and emotion in ancient Judaism Ancient Jewish writers in both Palestine and the diaspora contended that Jewish

identity entails not simply allegiance to God and performance of the commandments but also the acquisition of specific emotional norms. These rules regarding feeling were both shaped by and responses to networks of power: God, the foreign empire, and other groups of Jews which threatened Jews' sense of agency. According to these writers, emotional communities that felt Jewish would succeed in neutralizing the power wielded over them by others and, depending on the circumstances, restore their power to acculturate, maintain their Jewish identity, and achieve redemption. An important contribution to the history of emotions, this book argues that power relations are the basis for historical changes in emotion discourse.
