West, 2012-12-06 volume XIX A of IAU Transactions contains the reports by Presidents of Commissions covering the period July 1981 June 1984 The topics of IAU Commissions deal with all of contemporary astronomy and the present volume therefore constitutes an exhaustive and unique record of astronomical research during this interval It is particularly useful for astronomers and other scientists who want to gain an overview of a certain field not necessarily near their own research area Each Commission President was requested by early 1984 to begin preparations for the compilation of his/her Commission report All members of Commissions were asked to supply details about their individual research programmes The ensuing very substantial task of concatenating was undertaken in late 1984 by the Presidents often supported by a team of authors all recognized authorities in their fields In order to preserve some measure of uniformity which is in any case very difficult with so many authors editorial guidelines were sent to Presidents including the number of pages allotted to each Commission Galactic Bulges Herwig Dejonghe, Harm J. Habing, 2012-12-06 In the early summer of 89 a very informal meeting on the bulge of our Galaxy was held in Leiden During that meeting Michael Rich proposed to hold a more properly organised symposium on Galactic Bulges in a few years time After some discussion a Scientific Organising Committee was founded and after some manoeuvring a chairman was chosen a local organiser was assigned and two editors were given instructions A good thing about the location of the meeting was that Ghent is a very beautiful city and had never before hosted an IAU symposium It could be that this plus the fact that he is a very keen amateur astronomer led H M the King of Belgium to offer his patronage to the meeting an offer that we gratefully and we hope gracefully accepted The meeting took place at a resort some 15 km outside Ghent Most participants were housed on the premises a very convenient situation This feeling of togetherness made up for the small shortcomings of the lecture room which is normally used as a sports hall The weather was fair except on the day of the barbecue when pouring rain forced us
