Techniques Of Making Love:

Techniques of Making Love Roger Baker, Kate Connolly, 1989-08-19 **How to Make Love All Night (And Drive a Woman Wild)** Lance Candella, 2015-12-27 Daniel and Allison have been making love on a rainy Sunday morning and they are both totally turned on. It started in the shower with a slow massage and moved to the bedroom where they have been having intercourse for the past ten minutes. Daniel knows that Allison needs at least another five minutes of intercourse before she can climax. Here's the problem: Daniel doesn't think he has five minutes left in him. If Daniel continues having intercourse the way he has for the past ten minutes, it may be only a matter of seconds before he has an orgasm. He thinks about slowing down or stopping but to break the rhythm now would only make it more difficult for Allison to climax. He knows that Allison is at that stage where any kind of change in his movement would only frustrate her. Besides, if he tried to stop or to change the rhythm, Daniel could lose strength in his erection, which would complicate matters even further. This dilemma is making the whole experience a lot less pleasurable for Daniel. The first few minutes of sex were pure excitement, but now he is worried and conflicted. It is hard to enjoy sex when you're fighting your own body. Truth is, you really can't enjoy sex when you're fighting your own body. And neither can your partner. What Daniel does not yet know is that he has another option: male multiple orgasm. The multi-orgasmic man has staying power. He doesn't have to hold back. He doesn't have to fight his own body and deny himself his own pleasure. He can enjoy all of the erotic sensations of intercourse, have a full orgasm, and keep going. If he wishes, he can have a second orgasm and keep going. He can last as long as his partner wishes, experience all of the excitement and release, and keep going. For the multi-orgasmic man, the sky is truly the limit. Daniel is not the only man who has this exciting option. Today, techniques have been perfected to make male multiple orgasm an option for almost every man. Age doesn't matter. Previous experience doesn't matter. Young or old, virgin or veteran, all you need is the desire, your penis, and a few minutes a day. So don't stop now. Turn the page and cross the threshold into a whole new sense of your own sexuality and a whole new relationship for you and your partner. Enjoy your ebook *Sex how to make love all night*. **Sex and Spirit** Robert Barzan, 1995 Explore new perspectives in gay men's spirituality. Baldwin,2015-02-21 This study brings together widely divergent discourses to fashion a comprehensive picture of sexual language and attitudes at a particular time and place in the medieval world John Baldwin introduces five representative voices from the turn of the twelfth century in northern France Pierre the Chanter speaks for the theological doctrine of Augustine the Prose Salernitan Questions for the medical theories of Galen Andre the Chaplain for the Ovidian literature of the schools Jean Renart for the contemporary romances and Jean Bodel for the emerging voices of the fabliaux Baldwin juxtaposes their views on a range of essential subjects including social position the sexual body desire and act and procreation The result is a fascinating dialogue of how they agreed or disagreed with ignored imitated or responded to each other at a critical moment in the development of European ideas about sexual desire fulfillment morality and gender These spokesmen allow us into the discussion of sexuality inside the church and schools of the clergy in high and popular culture of the laity This heterogeneous discussion also offers a startling glimpse into the construction of gender specific to this moment when men and women enjoyed equal status in sexual matters if nowhere else Taken together these voices extend their reach encompass their subject and point to a center where social reality lies By articulating reality at its varied depths this study takes its place alongside groundbreaking works by James Brundage John Boswell and Leah Otis in extending our understanding of sexuality and sexual behavior in the Middle Ages Superb work These five kinds of discourse are not often treated together in scholarly writing let alone compared and contrasted so well Edward Collins Vacek *Theological Studies* Baldwin has made the five voices speak to us in a language that is at one and the same time familiar and alien in its resonance and accents This is a truly exceptional book interdisciplinary in the real sense of the word which is surely destined to become a landmark in medieval studies Keith Busby *Bryn Mawr Reviews* Baldwin's attempt to listen to these distant voices and translate their language of sex into our own raises

The Book of Love James McConnachie, 2008-05-27 An engaging enlightening biography of the ancient Hindu manuscript that became the world's most famous sex manual The Kamasutra is one of the world's best known yet least understood texts its title instantly familiar but its actual contents widely misconstrued In the popular imagination it is a work of practical pornography a how to guide of absurdly acrobatic sexual techniques Yet the book began its long life in third century India as something quite different a seven volume vision of an ideal life of urbane sophistication offering advice on matters from friendship to household decoration Over the ensuing centuries the Kamasutra was first celebrated then neglected and very nearly lost until an outrageous adventurer introduced it to the West and earned literary immortality In lively and lucid prose James McConnachie provides a rare intimate look at the exquisite civilization that produced this cultural cornerstone He details the quest of famed explorer Richard F Burton who along with his clandestine coterie of libertines and iconoclasts unleashed the Kamasutra on English society as a deliberate slap at Victorian prudishness and paternalism And he describes how the Kamasutra was driven underground into the hands of pirate pornographers until the end of the Lady Chatterley obscenity ban thrust it once more into contentious daylight The first work to tell the full story of the Kamasutra The Book of Love explores how a remarkable way of looking at the world came to be cradled between book covers and survived

Technological Choices Pierre Lemonnier, 2013-10-15 Technological Choices applies the critical tools of archaeology to the subject of technology and its impact on humankind throughout the ages An examination of the challenges technological innovations present to various cultures Technological Choices asserts that in any society such choices are made on the basis of cultural values and social relations rather than on the inherent benefits in technology itself Of course this revolutionary viewpoint has critical implications for contemporary Western societies Based on case studies covering a wide range of chronologies and geographies Technological Choices moves rapidly from Neolithic Europe to the modern industrial age stopping on the way to examine the tribes of Papua New Guinea rural Indian and North African societies as well as several European peasant communities The techniques studied range from the manufacture of stone implements to the development of high tech transportation devices With its breadth of subject matter and multidisciplinary approach Technological Choices offers new insight into the interrelationship between technology and society Also unprecedented is the book's emphasis on the functional aspects of material culture
