Resources in Education ,1998-04 Handbook of Special Education James M. Kauffman,Daniel P.

Hallahan,2011-05-15 Special education is now an established part of public education in the United States by law and by custom However it is still widely misunderstood and continues to be dogged by controversies related to such things as categorization grouping assessment placement funding instruction and a variety of legal issues The purpose of this 13 part 57 chapter handbook is to help profile and bring greater clarity to this sprawling and growing field To ensure consistency across the volume chapter authors review and integrate existing research identify strengths and weaknesses note gaps in the literature and discuss implications for practice and future research Key features include Comprehensive Coverage Fifty seven chapters cover all aspects of special education in the United States including cultural and international comparisons Issues Trends In addition to synthesizing empirical findings and providing a critical analysis of the status and direction of current research chapter authors discuss issues related to practice and reflect on trends in thinking Categorical Chapters In order to provide a comprehensive and comparative treatment of the twelve categorical chapters in section IV chapter authors were asked to follow a consistent outline Definition Causal Factors Identification Behavioral Characteristics Assessment Educational Programming and Trends and Issues Expertise Edited by two of the most accomplished scholars in special education chapter authors include a carefully chosen mixture of established and rising young stars in the field This book is an appropriate reference volume for anyone researchers scholars graduate students practitioners policy makers and parents interested in the state of special education today its research base current issues and practices and future trends It is also appropriate as a textbook for graduate level courses in special education Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2001 United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies,2000 **A Compilation of Federal Education Laws** United States,2002 *Handbook of Research on Special Education Teacher Preparation* Paul T. Sindelar,Erica D. McCray,Mary T. Brownell,Benjamin Lignugaris/Kraft,2014-03-05 Compilations of research on teacher preparation often include no more than a cursory mention of the specific roles and needs of special education teachers Although the work that special education teachers perform does indeed differ from the work of classroom teachers teacher preparation in the two fields has much in common The purpose of this seven part handbook is to expand our knowledge of teacher education broadly by providing an in depth look at the most up to date research on special education teacher preparation Opening chapters ground the collection in political and economic context while subsequent sections delve deeply into issues related to the current state of our special education workforce and offer insights into how to best prepare and sustain that workforce Ultimately by illuminating the particularities of special education teacher preparation this landmark handbook addresses the state of current research in the field and sets an agenda for future
