Tell Me Why A Father Answers His Daughters Questions About God:

Catholic Discordance Massimo Borghesi, 2021-11-15 One element of the church that Pope Francis was elected to lead in 2013 was an ideology that might be called the American model of Catholicism the troubling result of efforts by intellectuals like Michael Novak George Weigel and Richard John Neuhaus to remake Catholicism into both a culture war colossus and a prop for ascendant capitalism After laying the groundwork during the 1980s and armed with a selective and manipulative reading of Pope John Paul II's 1991 encyclical *Centesimus Annus* these neoconservative commentators established themselves as authoritative Catholic voices throughout the 1990s viewing every question through a liberal conservative ecclesial political lens The movement morphed further after the 9/11 terror attacks into a startling amalgamation of theocratic convictions which led to the troubling theopoliticism we see today The election of the Latin American pope represented a mortal threat to all of this and a poisonous backlash was inevitable bringing us to the brink of a true American schism This is the drama of today's Catholic Church In *Catholic Discordance: Neoconservatism vs the Field Hospital Church of Pope Francis* Massimo Borghesi who masterfully unveiled the pope's own intellectual development in his *The Mind of Pope Francis* analyzes the origins of today's Catholic neoconservative movement and its clash with the church that Francis understands as a field hospital for a fragmented world

A History of Apologetics Avery Dulles, 2018-08-22 Making the case for the Christian faith apologetics has always been part of the Church's mission Yet Christians sometimes have had different approaches to defending the faith responding to the needs of their respective times and framing their arguments to address the particular issues of their day Cardinal Avery Dulles's *A History of Apologetics* provides a masterful overview of Christian apologetics from its beginning in the New Testament through the Middle Ages and on to the present resurgence of apologetics among Catholics and Protestants Dulles shows how Christian apologists have at times both criticized and drawn from their intellectual surroundings to present the reasonableness of Christian belief Written by one of Catholicism's leading American theologians *A History of Apologetics* also examines apologetics in the 20th and early 21st centuries including its decline among Catholics following Vatican II and its recent revival as well as the contributions of contemporary Evangelical Protestant apologists Dulles also considers the growing Catholic Protestant convergence in apologetics No student of apologetics and contemporary theology should be without this superb and masterful work

Wirth,Bob Smithouser,2012-09-21 As girls enter their

tween and teen years it's especially important for them to have an open and growing relationship with their father. Unfortunately, this is often the time when parental relationships are strained. The One Year Father Daughter Devotions can foster communication and understanding and it's a wonderful way for a father to bond with his daughter during a crucial point in her life. Each of the 365 devotions begins with an introductory story, then daddy daughter time provides discussion questions, activities, or other practical applications of the daily lesson. A What's the Word section gives a related Bible verse to help bring God's Word alive as father and daughter apply the Scripture to their lives. Written by three fathers, the devotions have a tone that is conversational and relatable; the authors use everything from flavored potato chips to the Etch A Sketch game to share truths about God's Word and to help fathers and daughters relate to each other. **Talking Book Topics**
