Slavonic Dances Op 72 Collection:

Slavonic Dances, Op. 72 Antonin Dvořák, Carol Bell, Maurice Hinson, Allison Nelson, 2011-10-31 Dvořák's Slavonic Dances Op 72 is the second of two sets of dances inspired by the composer's Bohemian folk music roots. There are eight duets in this volume, each one displaying rhythmic energy and lyricism. Based on the original edition, this volume includes performance notes, editorial fingering, and suggested metronome marks. **A Basic Classical and Operatic Recordings Collection on Compact Discs for Libraries** Kenyon C. Rosenberg, 1990. Lists classical and operatic recordings that are specifically available in the new and desirable compact disc format. Individual titles are graded for their appropriateness to specific types and sizes of libraries. The main portion covers some 160 composers whose works are important in constituting a nuclear library collection of serious music. There are over 1,200 titles included and individually numbered and fully cross-referenced and graded. For numerous works, two or more performances are cited in order to provide the librarian with greater choices. Monophonic works are specifically indicated. Many of the works are annotated. Annotation copyrighted by Book News Inc. Portland, OR. *Slavonic Dances, Op. 72, for Piano (4 Hands)*. Antonin (composer) Dvořák, 1982. **Orchestral "Pops"**

Music Lucy Manning, 2013-10-10. In this second edition of *Orchestral Pops Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful pops concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material, or worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral pops concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral Pops Music* includes at least 1,000 new title listings. *Orchestral Pops Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.

Accessible Orchestral Repertoire Daniel Chetel, 2020-06-15. *Accessible Orchestral Repertoire* is a reference volume for conductors who lead non-professional symphonic orchestras, offering practical and insightful commentary on music appropriate for intermediate and advanced youth, community, and collegiate orchestras. Modeled on and complimentary to Daniels' *Orchestral Music*, it is a repertoire and programming resource for youth, academic, and community orchestras. The works included in this book are a combination of well-known warhorses and lesser-known gems, clear favorites for young or amateur players, as well as more challenging pieces. Functioning like an annotated bibliography, entries on individual

works include information about the composer instrumentation movement length and publisher Each entry also features notes regarding the particular pedagogical stylistic logistical and technical strengths and challenges of the specific work Accessible Orchestral Repertoire will help every conductor in the process of selecting repertoire that will both feature and enrich any individual non professional ensemble for which thoughtful and strategic programming is required *Book Bulletin* Chicago Public Library,1924 **Piano Duet Repertoire** Cameron McGraw,2016-05-09 Since the 1981 publication of the first edition Cameron McGraw s Piano Duet Repertoire has been a trusted guide for duet performers This second edition edited and substantially expanded by Christopher and Katherine Fisher brings the volume into the 21st century adding over 500 new or updated composer entries and nearly 1 000 new work entries to the volume a testament to the renewed interest in piano duet playing Entries are arranged alphabetically by composer and include both pedagogical and concert repertoire The annotations and the grade level indications provide piano teachers a wealth of instructional guidance The book also contains updated appendices listing collections and duet works with voice and other instruments This new edition features a title index and a list of composers by nationality making it a convenient and indispensable resource
