Indigenous Theology and the Western Worldview (Acadia Studies in Bible and Theology) Randy S. Woodley, 2022-04-19 This volume by a Cherokee teacher former pastor missiologist and historian brings Indigenous theology into conversation with Western approaches to history and theology. Written in an accessible conversational style that incorporates numerous stories and questions, this book exposes the weaknesses of a Western worldview through a personal engagement with Indigenous theology. Randy Woodley critiques the worldview that undergirds the North American church by dismantling assumptions regarding early North American histories and civilizations, offering a comparative analysis of worldviews and demonstrating a decolonized approach to Christian theology. Woodley explains that Western theology has settled for a particular view of God and has perpetuated that basic view for hundreds of years, but Indigenous theology originates from a completely different DNA. Instead of beginning with God created humanity, it begins with God creating place. Instead of emphasizing individualism, it emphasizes a corporateness that encompasses the whole community of creation. And instead of being about the next world, it is about the tangibility of our lived experiences in this present world. The book encourages readers to reject the many problematic aspects of the Western worldview and to convert to a worldview that is closer to that of both Indigenous traditions and Jesus.

Heartland Western Collection Set 4 Blythe Carver, *A Socialite's Abduction* Mattie Holbrook has an easy life. She lives with her brother and sister in Bighorn, Texas, where her father works as a judge, a man known for his fairness in dealing with outlaws and criminals, doling out justice that suited almost everyone involved. When her socialite sister is abducted at a party thrown in his honor, instead of telling her parents what's happened, Mattie sets off on a journey of her own, accompanied by her loving and devoted brother Franklin, to find their stolen sister. Dylan Sullivan and his business partner Luke Turner are just trying to find the money to start their own magazine for men, espousing all the wonderful traits of men while exploring why the female of the species is so inept. It doesn't take long after he meets Mattie Holbrook for Daniel to begin to question his chauvinistic ways. Dylan and Luke join Mattie and Franklin in the search for Lauren, at times confused to be dealing with bandits that seem to change their plans frequently if they have plans at all. Dylan suspects they are making things up as they go along with no real end in sight. Will he and Mattie rescue Lauren without coming up against each other in conflicts of their beliefs? Or will love win the day, creating a different world for everyone involved?
