The Gift of Cancer Brenda Michaels, Marsha Mercant, 2014-10-14 For fourteen years Brenda Michaels battled cancer Then one day she surrendered to the experience and found the gift in her disease The Gift of Cancer A Miraculous Journey to Healing speaks to anyone on a journey of wellbeing whether suffering from a life threatening disease or merely desiring to live a better more fulfilling life After Brenda's third cancer diagnosis and being told she had a year to live she boldly stepped away from the accepted medical model said no to chemotherapy and chose alternative treatment This unorthodox path the connection of mind body and spirit which many experts now believe is the key to true healing ultimately saved Brenda's life and put her in control of her own destiny Her story reveals the immense healing power available within each of us With each obstacle Brenda encounters we see the indefatigable courage and fortitude she demonstrates in facing her demons both inside and out Michaels uplifting memoir encourages us to listen to our inner voice trust our intuition and look at the true source of healing When we are willing to look deep within and take responsibility for our choices we have the power to alter the course of our lives in miraculous and unexpected ways

Out of the Darkness Steve Taylor, 2011-03-07 Out of the Darkness tells the stories of more than 20 people who have undergone permanent spiritual awakening after intense trauma and turmoil in their lives Although psychological turmoil often has no positive effects for some people it can be the catalyst for a kind of spiritual alchemy transforming the base metal of suffering into the gold of intense well being and freedom Read about the young woman who became enlightened after suffering terrible injuries in the 7/7 tube bombings in London the man who became paralysed after falling from a bridge onto a river bed but now lives in a state of permanent bliss and the recovering alcoholic who shifted to a permanent state of enlightenment after hitting rock bottom and losing everything The author has also interviewed several spiritual teachers whose original awakening occurred after intense psychological turmoil including Eckhart Tolle and Catherine Ingram In addition to telling these people's stories Out of the Darkness explains why turmoil has this awakening effect and illustrates the almost infinite capacity of human beings to overcome suffering It suggests that so long as we have the courage to face up to and accept negative situations there is nothing for us to fear But perhaps most importantly it shows how natural spiritual awakening is to human beings and how close it is to all of us

ChemoHeart: On Cancer, Resiliency and Seeing What's Essential Mike Verano,2017-02-08 Too often cancer survivors are measured by what they have lost to the disease Chemo heart seeks to replace this loss by offering insights into the profound nature and resiliency of the human spirit and helping survivors regain a sense of wholeness The Cancer Whisperer Sophie Sabbage,2016-03-10 I have cancer Cancer does not have me Sophie Sabbage was diagnosed with late

Cancer Is a Gift Yvette Boven, 2015-07-01 Nowadays one out of three people get cancer This means that nearly everyone will be confronted with this disease directly or indirectly For most people this is a real nightmare But there are also people who say that cancer was the best thing ever happened to them One disease two totally different perceptions How is this possible In 2000 just after the birth of her fourth daughter Yvette van Boven received the message nobody wants to hear You have cancer A life changing and paradigm shattering experience Her cancer life changing experiences and recovery set her on a quest that led her to research many stories of cancer patients who died and stories of cancer patients who survived their cancer She was especially interested in the seemingly incurable terminal cancer patients who were send home by their doctors to die but are still alive today During the time she had cancer her life changed completely when she discovered that she was not the victim of her cancer but of her lack of consciousness and her limited thoughts and beliefs In fact that she was the creator of her life She knew that if this was true it meant that somehow she had created her cancer a thought she did not like at all but it also meant that it would be possible to turn her situation around and become the creator of her health so she did At the lowest point of her life when she believed she would die soon Yvette found the key to unlock the door of her cancer prison She was shown that LOVE was the way to set herself free Instead of fighting her cancer she started to embrace and love her cancer and started to look at the benefits and the gifts This way she was able to find back her inner strength which transformed her from being a powerless victim and a people pleaser believing that whatever she did was never good enough into the powerful and thriving woman she is today Cancer is a Gift is quite simply the most empowering book about cancer that I have ever read It illuminates the truth with a capital T My hope is that everyone diagnosed with or afraid of cancer finds the courage to read and live the message of this book Bravo Christiane Northrup

This book shares what I have learned over the years There is survival behavior and you can learn from survivors about what helps them to exceed expectations and induce self healing When we are willing to ask not Why Me But what can I do with it Our lives and bodies respond to the message and indeed all the side effects of cancer are not bad Many people will tell you it was a wake up call and new beginning So read on and rebirth yourselves Bernie Siegel The capacity to see cancer as a challenge a quest and a journey toward a deeper affirmation of life love and all that matters is indeed a gift It is a gift Yvette gave herself and a gift she gives to all who read this book Yvette your message is profound compelling and evocative I applaud your work and celebrate your recovery David L Katz This wonderful book will give you the inspiration and determination to deal with and even overcome your cancer Brian Tracy A wake up call to all of us not just for anyone with cancer Read it Give it to everyone you know The message will get all of us through any dark night of the soul Dr Joe Vitale Yvette is a person with tremendous courage and talent Read what she writes listen to what she says and do what she suggests John Harricharan This is a beautiful and encouraging book I wish my mom had the opportunity to read this before her terminal diagnosis of brain cancer We might be celebrating her recovery instead of remembering her untimely passing I highly recommend it Colette Baron Reid It s not always easy to find the Gift in every moment especially when the gift is cancer Yvette has done just that in an inspiring uplifting and for all who enjoy the read life changing way Janet Bray Attwood
