## **The Health Of Young People A Challenge And A Promise:**

**The Health of Young People** World Health Organization,1993-01-01 This book issues a call for public health action that recognizes the unique health problems of young people responds to their special need for support Recommended actions also underscore the contributions young people can do make to their own health development that of their societies While noting that this age group has been traditionally regarded as enjoying good health the book draws attention to a number of radical changes in social conditions that have created new hazards in the very areas where youth are most vulnerable These range from the increasing availability of drugs alcohol tobacco to the pressures of urbanization rising unemployment from the breakdown of family social supports to the grave risks posed by HIV infection AIDS Using facts figures from around the world the book also illustrates the lines of action that can protect young people from these hazards channel their energy in constructive ways help them secure a healthy future

**Control of Human Behavior, Mental Processes, and Consciousness** Walter J. Perrig,Alexander Grob,2013-05-13 In this book an international group of leading scientists present perspectives on the control of human behavior awareness consciousness and the meaning and function of perceived control or self efficacy in people s lives The book breaks down the barriers between subdisciplines and thus constitutes an occasion to reflect on various facets of control in human life Each expert reviews his or her field through the lens of perceived control and shows how these insights can be applied in practice

**A Practical Approach to the Care of Adolescents and Young Adults with Cancer** Julia Chisholm,Rachael Hough,Louise Soanes,2018-02-27 This book discusses the most important practical aspects involved in providing multidisciplinary Adolescent and Young Adult AYA services for cancer patients It draws on international experience in several continents of establishing and running such services and provides a contemporary practical approach to AYA care based on accumulated experience It is of interest to those establishing or seeking to improve AYA services as well as those already caring for AYA cancer patients Among topics discussed are incidence trends and treatment pathways access to clinical trials for adolescents transition from pediatric to adult services psychological support and social care as well as survivorship and fertility This book is of value of those establishing new services those developing an existing service and those whose work includes the care of AYA patients It is an important companion for pediatricians oncologists as well as other medical nursing and allied health professionals caring for

*Managing Reproductive Life* Soraya Tremayne,2001 In 1999 the Institute of Social and Cultural Anthropology at the University of Oxford held a workshop on the social dynamics of human reproduction This volume contains 12 papers from scholars in Britain and the U S that were originally presented at that workshop Topics include for example motherhood among young prostitutes in Thailand the meaning of children in Hong Kong and the reproductive health of refugees Annotation copyrighted by Book News Inc Portland OR

**Developmental Science and the Holistic Approach** Lars R. Bergman,Robert B. Cairns,Lars-Goran Nilsson,Lars Nystedt,2000 This volume celebrates

David Magnusson's career long contributions with a collection of chapters by internationally renowned colleagues on the holistic approach that is transforming developmental psychology For developmentalists and lifespan researchers **Young people, education, and sustainable development** Peter Blaze Corcoran, Philip M. Osano, 2023-09-04 Young people have an enormous stake in the present and future state of Earth Almost half of the human population is under the age of 25 If young people's resources of energy time and knowledge are misdirected towards violence terrorism socially isolating technologies and unsustainable consumption civilization risks destabilization Yet there is a powerful opportunity for society if young people can participate positively in all aspects of sustainable development In order to do so young people need education political support resources skills and hope This volume offers a global perspective on education initiatives by and for young people that promote a transition to sustainability It includes 38 essays co authored by 68 contributors from 25 nations representing a diversity of geography gender and generation The development of youth leadership has been a central concern of my professional work Young people have a lot to offer to sustainable development and should participate in planning for our planet's future This rich collection of theoretical and practical approaches captures the growing response of young people to this challenge I am particularly pleased with the attention paid to the role of often underrepresented regions of the world to the role of women and to the Earth Charter in the creating of a peaceful and sustainable future Julia Marton Lefèvre Director General of IUCN International Union for Conservation of Nature and former Rector of the University for Peace This book is a rich global tapestry depicting the inter linkages among youth education and sustainable development What is particularly interesting is that it shows how education at all levels can be a powerful engine for promoting sustainability This work is an important contribution to the United Nations Decade of Education for Sustainable Development Goolam Mohamedbhai Secretary General Association of African Universities and Past President International Association of Universities This important and skillfully prepared book comes at a critical time A great strength of this volume is that it blends together theoretical and practical insights regarding education for sustainable development by and for young people It is written from diverse cultural perspectives from all world regions Readers from many fields especially young people and their teachers will find it timely and relevant I hope that it will inspire the younger generation to get involved in seeking solutions to the challenges we face James Gustave Speth Former Administrator of the United Nations Development Programme and Dean Emeritus of the School of Forestry and Environmental Studies at Yale University It is my hope that you are inspired as I have been by *Young People Education and Sustainable Development Exploring Principles Perspectives and Praxis* for the stories in this volume are full of the possibilities that emerge when we honor and support young people Ruud Lubbers Former Prime Minister of The Netherlands and past United Nations High Commissioner for Refugees *Entre Nous*, 1994 *IFPRI Annual Report 2005-2006: The promises and challenges of biofuels for the poor in developing countries*.
