The Hidden Universe:

Hidden Universe Michael Disney, 1985-06-01 The Hidden Universe Alexandre Antonelli, 2023-04-06 **The Hidden Universe** Alexandre Antonelli, 2022-09-12 An unforgettable exploration of the natural world and the concept of biodiversity what it is why it matters and how we as individuals can work to preserve it We are now living in an environmental emergency As climate change habitat loss and other threats have placed almost one fifth of all species on Earth at risk of extinction in the coming decades a deeper understanding of biodiversity has never been more important Biodiversity encompasses the rich variety of all life on Earth the building blocks of life that provide invaluable sources of food medicine clothing building materials and more Marking the arrival of a bold new voice in popular science The Hidden Universe shows readers what s at stake in the fight to protect and restore biodiversity but also what can and should be done now to protect our planet and ourselves for the future As director of science at one of the world s largest research organizations in plant and fungal sciences Brazilian born scientist Alexandre Antonelli is ideally suited to reveal the wonders of biodiversity at a genetic species and ecosystem level what biodiversity is how it works and why it is the most important tool in our battle against climate change Antonelli offers recommendations for large scale political changes as well as smaller practical steps that readers can implement in their own lives and homes With Antonelli as our guide The Hidden Universe helps us imagine a future where biodiversity is not just preserved but cherished **The Hidden Universe** Anthony Peake, 2019-12-10 From aliens or ghosts to the djinn electric voice phenomenon and UFO abductions this book is the most comprehensive and enlightening survey ever made of encounters with the Others Since our very beginnings human beings from all civilisations across the globe have encountered the Others intelligent self motivated beings that are clearly not human in their origins This book offers the most comprehensive survey ever made of such otherworldly visitors from gods angels demons and djinns to hobgoblins poltergeists and ghosts to UFOs and aliens In addition to fully detailing the history of these encounters the book attempts a bold explanation never before undertaken of the true nature of these beings The book will explore the increasingly frequent entheogen encounters facilitated by substances such as dimethyltryptamine ayahuasca 5 Meo DMT and LSD as well as the beings encountered by individuals suffering from Alzheimer s related Charles Bonnet Syndrome young children s non corporeal companions and the seemingly independent beings met during lucid dreaming and near death and out of body experiences This book continues Anthony Peake s work in developing a completely original model of reality based upon an amalgamation of ancient belief systems subjective human experiences of the extraordinary and the latest discoveries of neurology neurochemistry quantum mechanics and cosmology This model proposes that consciousness far from being simply an accident of evolution is the actual root source of the material universe It suggests that at its most basic level everything that is seemingly physical is rendered into existence by consciousness **The Hidden Universe (videorecording)** Tom Bywaters, 1968 The Hidden Universe Michael Disney, 1984 **Secrets of the Tell Tale**

Universe Bruce Jimerson, 2018-08-21 For More than three centuries the universe has been remonstrating that it is not what it appears to be It is time to listen the answers to the mysteries of the cosmos are not to be found in its particles but rather in the space from which they are made *The Hidden Universe* SEBASTIAN H. DUNN, 2025-03-18 The Hidden Universe Decoding Cosmic Strings and Higher Dimensions is an exhilarating exploration into the unknown reaches of our cosmos With meticulous research and engaging narrative Sebastian H Dunn takes readers on a journey that transcends the boundaries of everyday experience diving into the intricacies of cosmic strings and the potential of higher dimensions Dunn demystifies these highly complex ideas providing clarity and insight for both science lover and curious reader Journey through the quantum foam traverse hidden dimensions and unravel the potential implications of these discoveries on our understanding of reality Discover a universe more intricate than it appears a reality stranger than fiction This book is your guide to the hidden structures of the cosmos and your invitation to join the frontiers of human understanding *Hidden Universe* Lars Lindberg Christensen, Robert Fosbury, Robert L. Hurt, 2008-12-22 Our eyes are the result of an evolutionary adaptation to the sun s light Since the sun is a G dwarf and emits most of its light in only a small part of the electromagnetic spectrum our eyes are very limited in their capability to show us the universe This book shows the fundamental change in our perception by covering the full spectrum of light The authors unique skill in both science and science communication allows for a popular writing style with an emphasis on what cannot be seen with our eyes They make many comparisons with high color images to reveal what is actually taking place behind the veil They also make good use of their access to the most striking images in the field creating full color illustrations as needed In addition boxes and diagrams provide overviews of the instruments used
