Take That:

Take That Action! Chris Ekpekurede, 2015-09-07 If this book doesn't get you started on some profitable action right away nothing else will. It debates your conscience for longstanding inaction and delivers you from yourself. No ordinary business guide. Take That Action provides wisdom for building capacity and a blueprint for living wealthy. The author demystifies success when he defines it as being genuinely happy with life. What a solid foundation this definition provides for the rest of the book. Whether you don't know what to do, have been trapped in long term planning or incapacitated by a failure, this book will bail you out. From managing business risks to unravelling difficult choices from converting pennies to pounds to securing your future in retirement. Take That Action is a gem for all success seekers. Written from personal experience, it is a collection of the author's best teachings on self development and the pursuit of success. He is the author of five books with numerous accolades. Take That and Robbie Williams Emily Herbert, 2010-10-28 Take That as a four piece and Robbie Williams alone. It never seemed quite right, no matter how much success they had apart. Now they are back together. This insightful biography tells the story of how it happened. It includes the secret writing and recording sessions which led to the official announcement of a new album and goes behind the headlines that said Robbie was to rejoin. And it also tells the whole story of the UK's best loved boy band. Take That are wiser since their mid 1990s split. Robbie Williams' debut solo album Life Thru a Lens went to No 1 and he had a massive hit with Angels. But after an equally celebrated follow up, he began to hit the headlines for all the wrong reasons. A Robbie-less Take That outdistanced him. The new album comes 20 years after the band first got together as young hopefuls under Manchester manager Nigel Martin Smith. Singer-songwriter Gary Barlow was 19, 18 year old Mark Owen had tried out as a footballer, Howard Donald was a 21 year old painter and Jason Orange was a 19 year old decorator. With the youngest member Robbie Williams who joined at 16, they went on to sell more than 25 million records in their original incarnation, becoming one of the biggest acts of the 1990s.

Can't Take That Away Steven Salvatore, 2021-03-09 A charming inspired story about being true to who you are. Phil Stamper, bestselling author of The Gravity of Us. An empowering and emotional debut about a genderqueer teen who finds the courage to stand up and speak out for equality when they are discriminated against by their high school administration. Carey Parker dreams of being a diva and bringing the house down with song. They can hit every note of all the top pop and Broadway hits. But despite their talent, emotional scars from an incident with a homophobic classmate and their grandmother's spiraling dementia make it harder and harder for Carey to find their voice. Then Carey meets Cris, a singer-guitarist who makes Carey feel seen for the first time in their life. With the rush of a promising new romantic relationship, Carey finds the confidence to audition for the role of Elphaba the Wicked Witch of the West in the school musical, setting off a chain reaction of prejudice by Carey's tormentor and others in the school. It's up to Carey, Cris, and their friends to defend their rights and they refuse to be silenced. Told in alternating chapters with identifying pronouns, debut author Steven Salvatore's Can't Take
