

A serene sunset over the ocean. The sky is a warm, golden-orange color, transitioning into a darker blue at the horizon. The ocean is calm with gentle ripples, and in the foreground, dark, jagged rocks are visible, with waves crashing against them, creating white foam. The overall mood is peaceful and contemplative.

The Ultimate and Highest leave
taking is leaving God for GOD, leaving
your notion of God for an Experience
of That which transcends all notions.

On Taking Leave of God by Don Cupitt David Wasdell, Urban Church Project, 1980 Introduction to Philosophy of Religion James Kellenberger, 2017-09-29 Using various and competing religious sensibilities Introduction to the Philosophy of Religion helps students work through the traditional material and their own religious questions Taking Leave of Abraham Troels Nager, 2008-12-31 Abraham's intention to sacrifice his son on God's command symbolizes the violent potential of authoritarian religion The contemporary resurgence of radically conservative and fundamentalist religion raises the question whether this kind of God relation is compatible with a commitment to liberal democracy In this timely and original book Troels Nager provides an answer by integrating insights from philosophy of religion and political philosophy In Part One Nager surveys the interpretive history of Genesis 22 focusing in particular on Kierkegaard's ingenious attempt to save

Abraham and his unquestioning faith In Part Two drawing on eminent thinkers like Rawls and Habermas Nager argues that while religion can be accorded an important role in the public square each religion and each believer must learn to appreciate that in a pluralist society the political government legal system and public administration is neutral towards religion and ultimately guided by secular reason Taking Leave of Abraham is a call to embrace our post secular modernity without surrendering to the demands of authoritarian religion **Wrestling with Angels** Rowan William,2007-10-26

Wrestling with Angels gathers writings by Rowan Williams spanning the years 1980 2000 It focuses on his engagement with a range of modern theologians and philosophers Hegel Wittgenstein Barth Bonhoeffer Balthasar Simone Weil Marilyn McCord Adams and more Key themes explored in this volume include negative theology postmodernity violence innocence divine action and the nature of historical development in theology From publisher s description [Dying to Self and Detachment](#) James Kellenberger,2016-04-29 Exploring the religious category of dying to self this book aims to resolve contemporary issues that relate to detachment Beginning with an examination of humility in its general notion and as a religious virtue that detachment presupposes Kellenberger draws on a range of ancient medieval modern and contemporary sources that address the main characteristics of detachment including the work of Meister Eckhart St Teresa and Simone Weil as well as writers as varied as Gregory of Nyssa Rabi a al Adawiyya S ren Kierkegaard Andrew Newberg John Hick and Keiji Nishitani Kellenberger explores the key issues that arise for detachment including the place of the individual s will in detachment the relationship of detachment to desire to attachment to persons and to self love and self respect and issues of contemporary secular detachment such as inducement via chemicals This book heeds the relevance of the religious virtue of detachment for those living in the twenty first century **Homo Mysticus** Wolfgang Struve,George Wald,2014-12-16 Homo Mysticus presents three renowned lectures delivered by Wolfgang Struve from 1974 to 1984 translated into English in this volume The first two were published in German in 1983 and serve to develop the fundamental difference between world and reality philosophy and mysticism and relative and absolute transcendence The third lecture was given in 1984 and seeks to present the non conformity of reality with all natural and reflective experience of the I and what imaginings and volition proceed from it It shows how the terror and the horror at this non conformity pervades the thinking and feeling of mankind and properly endured translates man into the real In the confusion and quagmire of contemporary mysticism religious thought alternative thought esotericism and so on it is refreshing to find a truly philosophical discussion of mysticism that is rigorous and analytical Philosophical and mystical experiences are finally given expression in this remarkable collection

The Vocation of Theology Today Tom Greggs,Rachel Muers,Simeon Zahl,2013-02-08 What is the task of theology in a complex religious and secular world What are theologians called to contribute to society the churches and the academy Can theology be both fully faithful to Christian tradition and Scripture and fully open to the challenges of the twenty first century In this book an international team of contributors including some of the best known names in the field respond to these

questions in programmatic essays that set the direction for future debates about the vocation of theology David Ford in whose honor the collection is produced has been for many years a key figure in articulating and shaping the role of contemporary theology The contributors are his colleagues collaborators and former students and their essays engage in dialogue with his work The main unifying feature of this exciting collection is not Ford's work per se however but a shared engagement with the pressing question of theology's vocation today

God as the Mystery of the World Eberhard Jungel, 2009-04-14 Eberhard Jungel is among the handful of top theologians teaching in Germany today Intelligent and orthodox subtle and strong *God as the Mystery of the World* is a masterpiece which should at last make its author as familiar in the English speaking world as he has long deserved to be Geoffrey Wainwright Union Theological Seminary Jungel sets out in this work to establish a basis for a theology of God the crucified while avoiding the shoals of theism and atheism He warns of the danger rooted in the fact that modernity no longer dares to think God of talking God to death of silencing God with too much God talk He analyzes what our possibilities are of thinking and speaking God and concludes that theology has to become the narrative of God's humanity told like every love story This is a stimulating but demanding book It helps theology move forward again in its quest really to say what it talks about when it talks about God H M Rumscheidt Atlantic School of Theology

The Future of Hegel Catherine Malabou, 2005 Published in English for the first time this is one of the most important recent books on Hegel Seeking to restore Hegel's concepts of time and temporality it is essential reading for those interested in contemporary continental philosophy

Revelation and Reconciliation Stephen N. Williams, 1995 Professor Williams's book addresses the turn against Christianity in the West The author challenges some contemporary theologians focus on epistemological objections to revelation and argues for the need to focus instead on anthropological objections to reconciliation Discussing Locke Nietzsche and Barth's characterisation of the eighteenth century as absolutist Williams demonstrates the sensibility which found repugnant the notion of a divine reconciling action through Christ in history as does the modern Williams shows that the driving force behind Nietzsche and Don Cupitt alike is a rejection of the Christian view of humanity and redemption *Revelation and Reconciliation* concludes that either we have refuge in Christ or no refuge at all but that we have no refuge in Christ without the crucifixion

New Directions in Philosophical Theology Gavin Hyman, 2018-01-18 At the beginning of a new millennium philosophical theology has become more contested than ever before The appearance of non realist theologies postmodern theologies and the theology of radical orthodoxy has provoked a vibrant debate about the nature of theology itself In what new directions should theology be moving in the wake of the end of modernity For over thirty years Don Cupitt has been provoking theologians to reconsider the nature of their discipline Taking their inspiration from his work and writing in his honour on the occasion of his 70th birthday some of the leading figures in the contemporary theological scene address urgent questions facing theology today and in doing so exemplify the methodological diversity which characterises the contemporary field
