## **The Genesis Protocol:**

The Genesis Protocol Dayton Ward, 2006 Deep in the Utah desert lies the EDN project a man made ecosystem built at government direction and inhabited by an intricate array of bizarre artificially designed lifeforms unlike anything that has ever walked the earth New Eden is supposed to be under total scientific control from the bizarre outlandish animal life created by the EDN scientists to the otherworldly and even toxic environment of the artificial forest itself But when a team of researchers goes missing deep inside the deadly jungle a small Marine unit must be sent in to rescue the trapped scientists and confront the terrors mankind has released by following The Genesis Protocol As a Force Recon Marine with hard won combat experience in numerous hot spots around the world Gunnery Sergeant Donovan Hassler thought he and his team had seen it all But none of the dangers they had faced prepared them for what he and his comrades in arms find when they venture into the unique foreboding region that is New Eden to rescue the lovely Dr Elizabeth Christopher and her team of scientists To survive Hassler and his squad must come face to face with the nightmarish results of ungodly science run amok
