Stronger Michael Joseph Gross, 2025-03-11 A groundbreaking richly informative exploration of the central role of muscle in human life and health Stronger sounds an urgent call for each of us to recognize muscle as the vital inextricable and effective partner of the soul Even if you've never picked up a weight Stronger is for you Arnold Schwarzenegger Stronger tells a story of breathtaking scope from the battlefields of the Trojan War in Homer's Iliad where muscles enter the scene of world literature to the all but forgotten Victorian era gyms on both sides of the Atlantic where women build strength and muscle by lifting heavy weights to a retirement home in Boston where a young doctor makes the astonishing discovery that frail ninety year

olds can experience the same relative gains of strength and muscle as thirty year olds if they lift weights These surprising tales play out against a background of clashing worldviews an age old competition between athletic trainers and medical doctors to define our understanding and experience of muscle In this conflict muscle got typecast Simplistic binaries of brain versus brawn created a persistent prejudice against muscle and against weight training the type of exercise that best builds muscular strength and power Stronger shows muscle and weight training in a whole new light With warmth and humor Michael Joseph Gross blends history and firsthand reporting in an inspiring narrative packed with practical information based on rigorous scientific studies from around the world The research proves that weight training can help prevent or treat many chronic diseases and disabilities throughout the lifespan including cardiovascular disease cancer type 2 diabetes osteoarthritis and depression Stronger reveals how all of us from elite powerlifters to people who have never played sports at all can learn to lift weights in ways that yield life s ultimate prize the ability to act upon the world in the ways that we wish
