Andrew Gerstle, Chikamatsu, 2002-09-04 Chikamatsu Monzaemon 1653 1725 often referred to as Japan's Shakespeare and a god of writers was arguably the most famous playwright in Japanese history and wrote more than 100 plays for the kabuki and bunraku theaters Today the plays of this major literary figure are performed on kabuki and bunraku stages as well as in the modern theater and forty nine films of his plays have been made thirty one of them from the silent era Translations of Chikamatsu's plays are available but we have few examples of his late work in which he increasingly incorporated stylistic elements of his shorter contemporary dramas into his longer period pieces Translator C Andrew Gerstle argues that in these mature history plays Chikamatsu depicted the tension between the private and public spheres of society by combining the rich character development of his contemporary pieces with the larger political themes

of his period pieces In this volume Gerstle translates five plays four histories and one contemporary piece never before available in English that complement other collections of Chikamatsu's work revealing new dimensions to the work of this great Japanese playwright and artist
