Conversation Is Sexy Todd R Reed, 2011-03-01. Everyone knows that communication is the super glue that holds a relationship together. It's a no-brainer that when couples lose the ability to share and express their thoughts, feelings, and emotions, their relationship suffers. Communication breakdowns happen to the best of us and while it's tempting to point fingers, no one is necessarily to blame. Chalk a lot of it up to the everyday stresses of life: work, finances, raising children that can wear you down and cause exhausted couples to slowly drift apart. The great juggling act of life can also cause that spark you once had to sputter. Throw differences in the ways men and women communicate into the mix as well and couples can't help but feel misunderstood and disconnected. What if you could re-ignite the attraction, passion, and communication you once had? Coach Todd says you can and offers tips, tools, and techniques to show you how to sharpen your couple communication skills and rediscover the joy and fun of being in a committed relationship.
