Praying with Every Heart Claudio Carvalhaes, 2021-08-26 This book develops an understanding of prayer from a liberation theological perspective Praying with offers a distinctive way of praying that can help orient our prayers around the where we pray and with whom we pray as the locus of the body s and heart s theological praxis The book helps create language to pray with people and in situations we are not used to praying with it insists on praying amidst racism poverty violence and suffering it calls us to pray at night and at the end of the world when we are overcome by fear hurt climate disaster or economic impoverishment it ventures into interfaith prayer settings and it claims a sense of self that is not discrete encapsulated in its own thinking or feeling rather it understands the notion of the self as entangled with the whole earth and each sentient and nonsentient being Thus to pray with in this book is to take the location of one s prayer more seriously and individually and collectively to gain an awareness of our grounding and positionality therefore creating a theological structure that assumes both the listening of our own heart and the voices of everything around us
