

THE HARP THAT ONCE—

A Chronicle of the Life of Thomas Moore

HOWARD MUMFORD KINES

Thomas Moore has no real story. A fine picture would hardly be drawn by history, even in the case of the greatest personages, the pictures of whose lives are not of human beings, with souls, in the case of some, but of mere human beings.

The Harp That Once A Chronicle Of The Life Of Thomas Moore:

The Harp that Once Howard Mumford Jones,1937 Thomas Moore and Romantic Inspiration Sarah McCleave,Brian G. Caraher,2017-08-18 Written by internationally established scholars of Thomas Moore s music poetry and prose writing Thomas Moore and Romantic Inspiration is a collection of twelve essays and a timely response to significant new biographical historiographical and editorial work on Moore This collection reflects the rich variety of cutting edge work being done on this significant and prolific figure Sarah McCleave and Brian Caraher have contributed an introduction that positions Moore in his own time 1800 1850 addresses subsequent neglect in the twentieth century and contextualises the contemporary re evaluation of Thomas Moore as a figure of considerable interdisciplinary artistic and cultural significance The contributions to this collection establish Moore s importance in the fields of Neoclassical and Romantic lyricism musical performance song writing postcolonial criticism Orientalism and biographical writing as well as defining the significance of his voice as an engaged social and political commentator of a strongly cosmopolitan and pluralistic inclination **The Broadview Anthology of Literature of the Revolutionary Period 1770-1832** ,2010 *The Broadview Anthology of Literature of the Revolutionary Period 1770-1832* D.L. Macdonald,Anne McWhir,2010-03-04 The selections from 132 authors in this anthology represent gender social class and racial and national origin as inclusively as possible providing both greater context for canonical works and a sense of the era s richness and diversity In terms of genre poetry non fiction prose philosophy educational writing and prose fiction are included Geographically America Canada Australia India and Africa are represented along with Britain emphasizing Romantic literature as a world literature Biographical headnotes explanatory footnotes and an extensive bibliography clarify and illuminate the texts for readers **The Cambridge Companion to Irish Poets** Gerald Dawe,2018 A fresh accessible and authoritative study that conveys the richness and diversity of Irish poets their lives and times "The Given Note" Seán Crosson,2021-02-03 The oldest records indicate that the performance of poetry in Gaelic Ireland was normally accompanied by music providing a point of continuity with past tradition while bolstering a sense of community in the present Music would also offer particularly for poets writing in English from the eighteenth century onwards a perceived authenticity a connection with an older tradition perceived as being untarnished by linguistic and cultural division While providing an innovative analysis of theoretical work in music and literary studies this book examines how traditional Irish music including the related song tradition primarily in Irish has influenced and is apparent in the work of Irish poets While looking generally at where this influence is evident historically and in contemporary Irish poetry this work focuses primarily on the work of six poets three who write in English and three who write primarily in the Irish language Thomas Kinsella Seamus Heaney Ciaran Carson Gear id Mac Lochlainn Nuala N Dhomhnaill and Cathal Searcaigh **Irish Orientalism** Joseph Lennon,2008-08-04 Centuries before W B Yeats wove Indian Japanese and Irish forms together in his poetry and plays Irish writers found kinships in Asian and West Asian cultures This book maps the

unacknowledged discourse of Irish Orientalism within Ireland's complex colonial heritage **From Castle Rackrent to Castle Dracula** Paul E. H. Davis, 2011 Paul E H Davis and the Irish Land Question In his challenging new book Paul E H Davis offers an entirely new critique of how novelists in nineteenth century Ireland had to act both as writers and historians in their attempts to find a solution to what became the Irish Land Question Challenging the widely held nationalist view that Irish novelists of this period had little or nothing to offer Davis slots these castaway novelists into a new identifiable category the agrarian novelists The book is divided into three parts Part One considers novelists writing between the Union and the Famine Maria Edgeworth Gerald Griffin John and Michael Banim and William Carleton Part Two looks at how the agrarian novel emigrates with reference to the novels of Charles Kickham and to the Irish novels of Anthony Trollope Part Three considers how some agrarian novelists specifically Thomas Moore and Bram Stoker felt the solution lay not in the real world but in the world of fantasy An exceptional book on why the agrarian novelists deserve to be valued for their unique perception of Ireland in the nineteenth century **Catalog of Copyright Entries. between them He then considers Allan Ramsay's role in song collecting hybridizing high cultural genres with broadside forms creating in synthetic Scots a language really used by men and promoting a domestic public sphere Chapters 3 and 4 discuss the Scottish and Irish public spheres in the later eighteenth century together with the struggle for control over national pasts and the development of the cults of Romance the Picturesque and Sentiment Macpherson Thomson Owenson and Moore are among the writers discussed Chapter 5 explores the work of Robert Fergusson and his contemporaries in both Scotland and Ireland examining questions of literary hybridity across not only national but also linguistic borders while Chapter 6 provides a brief literary history of Burns descent into critical neglect combined with a revaluation of his poetry in the light of the general argument of the book Chapter 7 analyzes the complexities of the linguistic and cultural politics of the national tale in Ireland through the work of Maria Edgeworth while the following chapter considers of Scott in relation to the national tale Enlightenment historiography and the European nationalities question Chapter 9 looks at the importance of the Gothic in Scottish and Irish Romanticism particularly in the work of James Hogg and Charles Maturin while Chapter 10 Patriotism explores a new concept in the manner in which Scottish and Irish literary political and military figures of the period related to Empire

History and Relevance Howard Mumford Jones, 2012-12-01 The 1980s were certainly years of turmoil and upheaval fueled by both domestic conflict and a questionable foreign policy and these years also posed some difficult questions for historians searching for explanations Could an appreciation of history provide insights into a particular epoch or an understanding of domestic issues In his 1986 Wimmer Memorial Lecture History and Relevance Howard Mumford Jones explored these questions and affirmed the relevance of history According to Jones It is I think true that a good many stresses and strains in our society are if not new in character novel in intensity Yet the historian muses on much that is traditional in these conflicts History he concluded does teach a valuable lesson Only by patience and reflection do we amid a thousand blunders slowly improve the lot of man And to the study of man in this large sense Howard Mumford Jones concluded his Wimmer Memorial Lecture the humanities and history must remain forever committed Howard Mumford Jones 1892-1980 taught English at the University of Texas at Austin the University of Montana at Missoula and the University of North Carolina In 1936 he accepted an offer to become an English professor at Harvard where he taught for 26 years while also serving as the University's Dean of the Graduate School of Arts and Sciences between 1943 and 1944 Jones has published a variety of books including America and French Culture 1750-1848 for which he was awarded the Jusserand Medal from the American Historical Association in 1932 and the 1965 Pulitzer Prize winning O Strange New World History

Lucia C. Stanton, 2012 Our perception of life at Monticello has changed dramatically over the past quarter century The image of an estate presided over by a benevolent Thomas Jefferson has given way to a more complex view of Monticello as a working plantation the success of which was made possible by the work of slaves At the center of this transition has been the work of Lucia C. Stanton recognized as the leading interpreter of Jefferson's life as a planter and master and of the lives of his slaves and their descendants This volume represents the first attempt to pull together Stanton's most important writings on slavery at Monticello and beyond Stanton's pioneering work deepened our understanding of Jefferson without demonizing him But perhaps even more important is the light her writings have shed on the lives of the slaves at Monticello Her detailed reconstruction for modern readers of slaves' lives vividly reveals their active roles in the creation of Monticello and a dynamic community previously unimagined The essays collected here address a rich variety of topics from family histories including the Hemingses to the temporary slave community at Jefferson's White House to stories of former slaves' lives after Monticello Each piece is characterized by Stanton's deep knowledge of her subject and by her determination to do justice to both Jefferson and his slaves Published in association with the Thomas Jefferson Foundation **From Song to**
