*The World of Yesterday's Humanist Today* Stefan Zweig Symposium (1981: Fredonia, N.Y.),1983-01-01 France 1837 was the third volume published in Cooper s *Gleanings in Europe* series but first in the chronology of his European experience Less sequential than his other travel narratives *France* distills his impressions of French and European culture during his first two years abroad Exhibiting many qualities of the familiar essay it considers a wide range of topics of interest to Cooper his friends and potential readers in the United States As a celebrity thoroughly at home in the brilliant society of Bourbon Paris Cooper was able to provide fascinating glimpses of personalities spectacles institutions and manners from his distinctly American perspective Indeed as Professor Philbrick remarks No other of Cooper s works perhaps brings us closer to his speaking voice or puts us more directly in contact with the man himself with all his idiosyncratic preoccupations his

quick resentments his restless curiosity his surprising humor and his nobility of principle The reader of this edition is brought even closer to Cooper in the draft of a hitherto unpublished letter probably intended for this book which illustrates Cooper's grasp of the still finer points of French customs and attitudes The World of Yesterday's Humanist Today Marion Sonnenfeld, 1984-06-30 Fifty years ago Stefan Zweig who committed suicide in 1942 was the most widely read and translated living writer in the world Zweig's Vienna was a world of bright brittle superficialities in which the bourgeoisie gradually elevated the eternal business of seeing and being seen to the purpose of the existence To break through the facades of this society Zweig developed a remarkable literary and psychological method In The World of Yesterday's Humanist Today thirty scholars of history literature and music share their studies of Zweig and their insight into his works **Stefan and Lotte Zweig's South American Letters** Stefan Zweig, Lotte Zweig, 2010-09-16 Born in Vienna in 1881 Stefan Zweig was one of the most respected authors of his time Foreseeing Nazi Germany's domination of Europe Zweig left Austria in 1933 In 1941 following a successful lecture tour of South America and several months in New York Stefan Zweig and his wife Lotte emigrated to Brazil Despairing at Europe's future and feeling increasingly isolated the Zweigs committed suicide together in 1942 Stefan Zweig was an incessant correspondent but as the 1930s progressed it became difficult for him to maintain contact with friends and colleagues As Zweig's correspondence all but ceased with the outbreak of World War II little is known about his final years Even less is known about Lotte Zweig his second wife secretary and travel companion This book provides an analysis of the Zweigs time together and for the first time reproduces personal letters written by the couple in Argentina and Brazil along with editorial commentary Furthermore Lotte finally emerges from her husband's shadows with the letters offering significant insights into their relationship and her experience of exile The Impossible Exile George Prochnik, 2015-08-25 Winner of the National Jewish Book Award for Biography Now in paperback the biography of Austrian writer Stefan Zweig the inspiration behind *The Grand Budapest Hotel* Wes Anderson's award winning film By the 1930s Stefan Zweig had become the most widely translated living author in the world His novels short stories and biographies were so compelling that they became instant best sellers Zweig was also an intellectual and a lover of all the arts high and low Yet after Hitler's rise to power this celebrated writer who had dedicated so much energy to promoting international humanism plummeted in a matter of a few years into an increasingly isolated exile from London to Bath to New York City then Ossining Rio and finally Petrpolis where in 1942 in a cramped bungalow he killed himself *The Impossible Exile* tells the tragic story of Zweig's extraordinary rise and fall while it also depicts with great acumen the gulf between the world of ideas in Europe and in America and the consuming struggle of those forced to forsake one for the other It also reveals how Zweig embodied through his work thoughts and behavior the end of an era the implosion of Europe as an ideal of Western civilization **A Modern Poetics of Biography** Zhengrun Yang, 2025-09-02 This book provides a comprehensive study of biography to summarize the standard forms as well as a range of peripheral and expanded forms of autobiography Discussion and
