Step Across This Line Salman Rushdie, 2010-11-05 From one of the great novelists of our day a vital brilliant new book of essays speeches and articles essential for our times Step Across This Line showcases the other side of one of fiction's most astonishing conjurers On display is Salman Rushdie's incisive thoughtful and generous mind in prose that is as entertaining as it is topical The world is here captured in pieces on a dazzling array of subjects from New York's Amadou Diallo case to the Wizard of Oz from U2 to fifty years of Indian writing from a tribute to Angela Carter to the struggle to film *Midnight's Children* The title essay was originally delivered at Yale as the 2002 Tanner lecture on human values and examines the changing meaning of frontiers in the modern world moral and metaphorical frontiers as well as physical ones The collection chronicles Rushdie's intellectual journeys but it is also an intimate invitation into his life he explores his relationship to India through a moving diary of his first visit there in over a decade *A Dream of Glorious Return* Step Across This Line also includes *Messages From the Plague Years* a historic set of letters articles and reflections on life under the fatwa Gathered together for the first time this is Rushdie's humane intelligent and angry response to a grotesque threat aimed not just at him but at free expression itself Step Across This Line Salman Rushdie's first collection of non-fiction in a decade has the same energy imagination and erudition as his astounding novels along with some very strong opinions **Step Across this Line**

Finney, 2006-10-10 This book focuses on representative novels by eleven key English novelists who have broken from the realist novel of the post Second World War period They have reacted to the Thatcherite revolution that thrust Britain into the modern world of multi-national capitalism by giving unusual fictional shape to the impact of global events and culture *Bangkok Bound* Ellen

Boccuzzi,2012-12-01 With the acceleration of global migration literature by migrant writers has emerged as a powerful medium for describing the ways in which global forces are experienced at the personal level Migrant literature offers a compelling counter narrative to abstract visions of globalization grounding large scale processes in real life stories of individuals In Thailand migrant writers have documented the social and cultural impacts of fifty years of rural urban migration through hundreds of stories poems and novels Bangkok Bound is the first book to examine this body of literature and the messages that Thai migrant writers convey about their experiences These stories powerfully describe the ways in which migrants who leave their homes bound for Bangkok are quickly bound to Bangkok through the transformative force of modern city life And they show the ways in which those who remain behind in the village are transformed too as they struggle to maintain a rural way of life in a rapidly urbanizing world Bangkok Bound will be of interest to anyone working on migration or urbanization as well as to scholars of Thailand and Thai literature Specialists in migration will find it a welcome addition to the growing field of migration studies through examination of narrative fiction What others are saying This is an engaging and authoritative study of literary representations of migration from the provinces to Bangkok based on wide reading of short stories written over the last four decades and interviews with major writers and critics It will be of interest not only to students of literature but also to anyone interested in social change in Thailand in the late twentieth century and the way that it has been perceived and recorded by local writers David Smyth SOAS University of London Highlights Useful for an introductory course on Thai or Southeast Asian studies offers a springboard for conversations on development rural urban inequality migration and the impacts of rapid urbanization in Asia First book to examine the theme of migration in Thai literature a significant contemporary genre Contributes to the growing field of migration studies through examination of narrative fiction Provides a window into how migration and urbanization are experienced at the personal level of interest to migration scholars as well as scholars of Thailand Thai cultural studies and Thai literature *Postcolonial Asylum* David Farrier,2011-02-24 This book investigates how as postcolonial studies revises its agenda to incorporate twenty first century concerns asylum has emerged as a key field of enquiry **Postcolonial Literature** Pramod K. Martinez,2014-08-21 In 1905 Rev Francis Clement Kelley founded the Catholic Church Extension Society of the United States of America Drawing attention to the common link of religion Kelley proclaimed the Extension Society s duty to be that of preventing American Protestant missionaries public school teachers and others from separating people from their natural faith Catholicism Though domestic evangelization was its founding purpose the Extension Society eventually expanded beyond the national border into Mexico in an attempt to solidify a hemispheric Catholic identity Exploring international racial and religious implications Anne M Mart nez s Catholic Borderlands examines Kelley s life and actions including events at the beginning of the twentieth century that prompted four exiled Mexican archbishops to seek refuge with the Archdiocese of Chicago and befriend Kelley This relationship inspired Kelley to solidify a commitment to expanding Catholicism in Mexico Puerto Rico and the Philippines in response to the national plan of Protestantization which was indiscreetly being labeled as Americanization Kelley s cause intensified as the violence of the Mexican Revolution and the Cristero Rebellion reverberated across national borders Kelley s work with the U S Catholic Church to intervene in Mexico helped transfer cultural ownership of Mexico from Spain to the United States thus signaling that Catholics were considered not foreigners but heirs to the land of their Catholic forefathers **Rushdie's Cross-Pollinations** Dana Bădulescu,2022-01-12 This book is a literary journey through Salman Rushdie s cross pollinated gardens showing that the metaphor of reading as a quest is essential to Rushdie s writing It invites scholars and students interested in postcolonialism postmodernism transculturalism and the global novel to explore the many facets of Rushdie s novels and collections of essays The journey starts from Rushdie s sorcery with language and it continues with his appraisal of Joyce s legacy The reader will also find an analysis of the dark season of the fatwa as well as the lush sensuality of the body and aestheticized Eros in *The Moor s Last Sigh* *The Ground Beneath Her Feet* *Fury* *Shalimar the Clown* and *The Enchantress of Florence* The book further explores the liquid bridges the postmodernist twist and postcolonial satire in Rushdie s fiction After providing a sense of Rushdie s novel of disorientation and New York the book finishes by exploring Rushdie s *Quichotte* published in 2019 an epitome of the global novel that revisits and translates Cervantes s *Don Quijote de la Mancha* for readers addicted to TV and the Internet **Eschatology and Space** V. Rushdie Republic Prasanta Bhattacharyya, Tapan Kumar Ghosh, 2016-12-14 Mapping out the Rushdie Republic differs from existing studies on the work of Salman Rushdie by dint of its seriousness of intent and profundity of content Every major work of the writer is paid due attention as separate articles are devoted to every aspect of his literary persona As such the contributions raise pertinent issues and questions that invite the perceptive reader to enter into a meaningful dialogue with the views of a range of formidable academics of national and international repute A long interview with Timothy Brennan a notable Rushdie critic offers further insights making this a book that designedly stops short of being merely encomiastic about Rushdie's achievement as an author The significant act of mapping out the Rushdie republic makes this a must read for those who find the Rushdie phenomenon an interesting one as part of ongoing debates and discussions **Realist**

Critiques of Visual Culture Edward Barnaby, 2018-05-10 Have industrial age technologies and visual discourses transformed us into spectators of the real and can realist fiction make that transformation visible to us This book brings Situationist Guy Debord's Society of the Spectacle and an array of cultural criticism into dialogue with novels by Hardy Forster Woolf Rushdie Carey and Barnes to foreground literary realism's critique of visual culture including Gothic architectural revival neoclassicism tourism historical pageantry postcolonial cinema and photography museums preservationism urbanism and artisanal neo folk movements Barnaby advances the concept of meta spectacle to distinguish realist fiction that engages ethically with visual discourses from realist fiction that reproduces the visible veneer of reality for aesthetic consumption He highlights the limitations of artistic critiques of spectacle considers their resilience toward a culture industry that continuously repackages iconoclasm as iconicity and reflects upon the process of reorienting the reader to comprehend realist gestures By heightening the capacity to recognize our own immersion within objectified representations of the real Realist Critiques of Visual Culture demonstrates how literary realism remains vital within a society that is so deeply invested in visually replicating and archiving lived experience **Global Fragments**, 2007-01-01

While the world seems to be getting ever smaller and globalization has become the ubiquitous buzz word regionalism and fragmentation also abound This might be due to the fact that far from being the alleged production of cultural homogeneity the global is constantly re defined and altered through the local This tension pervading much of contemporary culture has an obvious special relevance for the new varieties of English and the literature published in English world wide Postcolonial literatures exist at the interface of English as a hegemonic medium and its many national regional and local competitors that transform it in the new English literatures Thus any exploration of a globalization of cultures has to take into account the fact that culture is a complex field characterized by hybridization plurality and difference But while global or transnational cultures may allow for a new cosmopolitanism that produces ever changing fluid identities they do not give rise to an egalitarian global village an asymmetry between centre and periphery remains largely intact albeit along new parameters The essays collected in this volume offer readings of literary theoretical and filmic texts from the postcolonial world These

texts are read as attempts to articulate the global with the local from a perspective of immersion in the actual diversity of life worlds focusing on such issues as consumption identity politics and modes of affiliation In this sense they are global fragments locally refracted figurations of an experience of world wide interconnectedness

Reading the Margins Michael J. Gilmour, 2024-09-24 The Bible and theology are contested spaces battlegrounds where participants guard entrenched beliefs against perceived threats But literature observes novelist Salman Rushdie opens the universe It expands what we perceive and understand and ultimately what we are Writers make our world feel larger and more inclusive When other forces push in the direction of narrowness bigotry tribalism cultism and war fiction encourages understanding sympathy and identification with others Reading the Margins invites readers to immerse themselves in imaginary worlds and to pursue visions of justice and compassion Whether stories about poverty empire war or the environment the writers considered raise moral questions and often in the process even unwittingly deepen our understanding of biblical calls for kindness and mercy Reading the Margins offers a kind of commentary on biblical ethics Using Matthew's Beatitudes and sheep and goats parable as an organizing principle Gilmour argues there is much to learn about Jesus's peacemakers and call to feed the hungry from aspirational fiction and poetry

The Return of the Storyteller in Contemporary Fiction Areti Dragas, 2014-08-31 Focusing on the figure of the storyteller this study breaks new ground in the approach to reading contemporary literature by identifying a growing interest in storytelling For the last thirty years contemporary fiction has been influenced by theoretical discourses textuality and writing Only since the rise of postcolonialism have academic critics been more overtly interested in stories where high theory frameworks are less applicable However as we move through various contemporary contexts engaging with postcolonial identities and hybridity to narratives of disability and evolutionary accounts of group and individual survival a common feature of all is the centrality of story which posits both the idea of survival and the passing on of traditions The

Return of the Storyteller in Contemporary Fiction closely examines this preoccupation with story and storytelling through a close reading of six contemporary international novelists that are either about actual storytellers or engage with the figure of the storyteller revealing how death of the author has given birth to the storyteller The Routledge Handbook to the Culture and Media of the Americas Wilfried Raussert, Giselle Liza Anatol, Sebastian Thies, Sarah Corona Berkin, 2020-03-02 Exploring the culture and media of the Americas this handbook places particular emphasis on collective and intertwined experiences and focuses on the transnational or hemispheric dimensions of cultural flows and geocultural imaginaries that shape the literature arts media and other cultural expressions in the Americas The Routledge Handbook to the Culture and Media of the Americas charts the pervasive asymmetrical flows of cultural products and capital and their importance in the development of the Americas The volume offers a comprehensive understanding of how inter American communication is constituted framed and structured and covers the artistic and political dimensions that have shaped literature art and popular culture in the region Forty six chapters cover a range of inter American key concepts and dynamics divided into two parts Literature and Music deals with inter American entanglements of artistic expressions in the Western Hemisphere including music dance literary genres and developments Media and Visual Cultures explores the inter American dimension of media production in the hemisphere including cinema and television photography and art journalism radio digital culture and issues such as freedom of expression and intellectual property This multidisciplinary approach will be of interest to a broad array of academic scholars and students in history sociology political science and cultural postcolonial gender literary globalization and media studies Literature: An Introduction to Theory and Analysis Mads Rosendahl Thomsen, Lasse Horne Kjældgaard, Lis Møller, Lilian Munk Rösing, Peter Simonsen, Dan Ringgaard, 2017-03-09 How does literature work And what does it mean How does it relate to the world to politics to history to the environment How do we analyse and interpret a literary text paying attention to its specific poetic and fictitious qualities This wide ranging introduction helps students to explore these and many other essential questions in the study of literature criticism and theory In a series of introductory chapters leading international scholars present the fundamental topics of literary studies through conceptual definitions as well as interpretative readings of works familiar from a range of world literary traditions In an easy to navigate format Literature An Introduction to Theory and Analysis covers such topics as Key definitions from plot character and style to genre trope and author Literature s relationship to the surrounding world ethics politics gender and nature Modes of literature and criticism from books to performance from creative to critical writing With annotated reading guides throughout and a glossary of major critical schools to help students when studying revising and writing essays this is an essential introduction and reference guide to the study of literature at all levels The companion website to the book ltdh.audk.dk focuses on digital humanities and literary studies For each topic in the book you will find an introduction to computational aspects of the topic approaches for both newcomers and advanced users and references to tools scripts and articles The website also has a
