## **Stereo Views An Illustrated History And Price Guide:**

**Stereo Views** John S. Waldsmith,1991 This book includes an expanded detailed history of stereo views photographers and publishers as well as information on collecting evaluating and organizing a collection It also features a special chapter on True Views View Masters and other modern 3 D visual collectibles including the newly discovered True Views of England not covered in any other book It also includes a detailed price guide and sections on foreign views Copyright Libri GmbH All rights reserved

**Cape Ann in Stereo Views** Carolyn Thompson,Jim Thompson,2000 The years that followed the bloody Great War which divided the nation up through the start of the twentieth century were a remarkable era of growth and prosperity for the towns and villages of Cape Ann Swift sailing schooners manned by hardy and able seamen from the fisheries of Gloucester ranged far out into the Atlantic Millions of tons of granite laboriously cut from the bountiful quarries of Rockport were shipped to ports near and far Essex shipyards fueled by the demands of the Gloucester fisheries and the Rockport granite industries turned out new and larger ships in even greater numbers Tourism became a major industry as dozens of the famous and grand North shore hotels were erected along the shores of Gloucester Rockport Magnolia and Manchester by the Sea Coincidentally the years from 1865 to the early twentieth century were a time when stereo photography and stereoscopic images especially stereoview cards enjoyed immense popularity Cape Ann was fortunate to have several outstanding stereo photographers and publishers during this grand era and they produced many excellent views of the Cape s natural wonders its commercial activities and the life and times of its industrious townspeople

**Stereoviews, Their Realized Prices** Doc Boehme,2005 Within this book are realized values from auctions The function of this book is to estimate auction values estimating the value of your collection for insurance purposes and for your own personal use When we designed this there were so many ways it could have been catalogued We choose to exclude stereoviews that did not meet the following criteria A value under 50 00 US dollars and a view that does not have a card number descriptions were to long to use etc For values under 50 please refer to Stereo Views An Illustrated History and Price Guide written by John Waldsmith We know by excluding stereoviews without card numbers that a good majority of expensive views will never make it to this list For example there are so many different views of the same subject by the same photographer The only true way to catalog these stereoviews is to publish a price guide with pictures Photographer refers to the reference the card makes Because of pirating and people like Anthony who published many other people s views we cannot keep track of all negatives Mount and photograph ratings are as follows F G G G G VG VG VG EXC worst best Twelve years ago when I first started collecting final sale prices of stereoviews I was doing this for myself Some of the earliest entries I didn t write down the card title merely a general description of the card You will find a few vague title entries from twelve years ago If you have the actual title I will gladly accept it to update this book We also accept new entries Please include photocopies of the original listings and prices realized or a copy of the receipt detailing the transaction We enter

listings from the E Bay auction website because those cards are not graded in a standardized fashion they are the first items to be removed from the list They exist only on the list as a reference point for future auctions We cannot be held responsible for misprints or actions that lead from the use of this price list Market conditions can fluctuate greatly the most recent realized value is listed The true value of any view is what the buyer is willing to pay for it and respectively what the seller is willing to sell it for Thus making some views priceless Quarterly updates are available at 15 00 each Standard U S postage is included in the purchase price PO Box 326 Osakis MN 56360      **The Art of Stereography** Douglas Heil,2017-02-02 Three dimensional stereoviews were wildly popular in the mid 19th century Yet public infatuation fueled highbrow scorn and even when they fell from favor critics retained their disdain Thus a dazzling body of photographic work has unjustly been buried This book explores how compelling images were made by carefully combining subject matter composition lighting tonality blocking and depth It draws upon the fine arts the mass media humanities history and even geology Throughout overlooked photographers are celebrated such as the one who found extraordinary visual parallels within nature anticipating Cezanne and Seurat or the one who refused to play favorites during a bitter war and found humanity on both sides or the one who took a favorite American glen and found menace all about Stereographers were actually more like film directors or television producers than large format photographers the best ones fused artistry with commercial appeal      **Stereo World** ,1992

**Body Parts of Empire** Nerissa Balce,2016-11-11 Body Parts of Empire is a study of abjection in American visual culture and popular literature from the Philippine American War 1899 1902 During this period the American national territory expanded beyond its continental borders to islands in the Pacific and the Caribbean Simultaneously new technologies of vision emerged for imagining the human body including the moving camera stereoscopes and more efficient print technologies for mass media Rather than focusing on canonical American authors who wrote at the time of U S imperialism this book examines abject texts images of naked savages corpses clothed native elites and uniformed American soldiers as well as bodies of writing that document the goodwill and violence of American expansion in the Philippine colony Contributing to the fields of American studies Asian American studies and gender studies the book analyzes the actual archive of the Philippine American War and how the racialization and sexualization of the Filipino colonial native have always been part of the cultures of America and U S imperialism By focusing on the Filipino native as an abject body of the American imperial imaginary this study offers a historical materialist optic for reading the cultures of Filipino America      **Artists in Ohio, 1787-1900** Mary Sayre Haverstock,Jeannette Mahoney Vance,Brian L. Meggitt,2000 A three volume guide to the early art and artists of Ohio It includes coverage of fine art photography ornamental penmanship tombstone carving china painting illustrating cartooning and the execution of panoramas and theatrical scenery      *An Artistic Approach to Virtual Reality* Cyane Tornatzky,Brendan Kelley,2023-10-25 A special quality about the medium of virtual reality is its immersive nature allowing users to disengage from the physical world around them in order to fully interact with a digital environment

An Artistic Approach to Virtual Reality traces the lineage of artist technologists who have worked with virtual reality in its infancy to the interactive virtual work of contemporary artists such as Laurie Anderson Interlaced within a survey of artists whose works fit in the boundary of the interactive virtual medium this book teases out what qualifies as interactive virtual artworks The authors discuss the theories behind basic mechanics required to enter the virtual reality space and investigate theories around visual and embodied conceptual space Key Features Explores theoretical and practical aspects of using virtual reality for artistic practice Includes examples and discussion of virtual reality artworks from award winning artists Discusses topics relevant to virtual reality that are pertinent and persist throughout hardware and software changes Provides historical and contemporary discussion of virtual reality artistic works

**Ohio Photographers** Diane VanSkiver Gagel,1998

**Playing with the Book** Hannah Field,2019-07-02 A beautifully illustrated exploration of how Victorian novelty picture books reshape the ways children read and interact with texts The Victorian era saw an explosion of novelty picture books with flaps to lift and tabs to pull pages that could fold out pop up scenes and even mechanical toys mounted on pages Analyzing books for young children

published between 1835 and 1914 *Playing with the Book* studies how these elaborately designed works raise questions not just about what books should look like but also about what reading is particularly in relation to children's literature and child readers Novelty books promised or threatened to make reading a physical as well as intellectual activity requiring the child to pull a tab or lift a flap to continue the story These books changed the relationship between pictures words and format in both productive and troubling ways Hannah Field considers these aspects of children's reading through case studies of different formats of novelty and movable books and intensive examination of editions that have survived from the nineteenth century She discovers that children ripped tore and colored in their novelty books despite these books explicit instructions against such behaviors Richly illustrated with images of these ingenious constructions *Playing with the Book* argues that novelty books construct a process of reading that involves touch as well as sight thus reconfiguring our understanding of the phenomenology of reading **Romancing the Market** Stephen Brown,Bill Clarke,Anne Marie Doherty,2003-09-02

*Romancing the Market* is a radical rethinking of marketing understanding The book contains essays by an international selection of the most creative contemporary marketing scholars *Seaway to the Future* Alexander Missal,2009-02-01 The building of the Panama Canal became a powerful symbol in a broader search for order as Americans looked to the modern age with both anxiety and anticipation Photography in Japan 1853-1912 Terry Bennett,2012-07-03 K Drama star Lee Joon gi teams up with Language Learning Experts to bring you this all in one guide for beginners who want to learn Korean as it's actually spoken in Seoul today Korean is one of the fastest growing second languages in the world due to the huge popularity of Korean pop music food and K dramas This book is designed to meet the needs of people who want to learn the language quickly and accurately especially Korean pop culture fans It features colorful drawings and a cast of youthful friends Koreans and foreigners who live in Seoul hang out together and have fun exploring the city It also features Korean film and TV star Lee Joon gi who not only provides audio recordings of the dialogues but contributes a series of stories about his favorite places and things to do in Seoul Each chapter is organized as follows An opening dialogue on a topic such as shopping or making plans A list of useful Korean vocabulary and everyday expressions that are commonly used Grammar explanations conversations and exercises to help you learn Talking with Lee Joon gi when you can respond to prompts as though you are talking to him A round up summary of key words phrases and concepts in the chapter Lee Joon gi's Seoul The actor's favorite things to do such as idol spotting This book is designed by two leading Korean language experts Jiyoung Park and Soyoung Yoo to be used either as a classroom textbook or for self study Seizing the Light Robert Hirsch,2017-04-07 The definitive history of photography book *Seizing the Light* A Social Aesthetic History of Photography delivers the fascinating story of how photography as an art form came into being and its continued development maturity and transformation Covering the major events practitioners works and social effects of photographic practice Robert Hirsch provides a concise and discerning chronological account of Western photography This fundamental starting place shows the diversity of makers inventors

issues and applications exploring the artistic critical and social aspects of the creative process The third edition includes up to date information about contemporary photographers like Cindy Sherman and Yang Yongliang and comprehensive coverage of the digital revolution including the rise of mobile photography the citizen as journalist and the role of social media Highly illustrated with full color images and contributions from hundreds of artists around the world *Seizing the Light* serves as a gateway to the history of photography Written in an accessible style it is perfect for students newly engaging with the practice of photography and for experienced photographers wanting to contextualize their own work     Representing Consumers Barbara Stern,2003-09-02 Consumer research has traditionally focused on issues of epistemology in the collection and analysis of data As a consequence the crisis in representation which has radically reshaped understanding in the social sciences has so far had very little impact on consumer research This book redresses the balance with an investigation of representation and constructions of truth in consumer research Subjects covered include construction of the researcher and consumer voice quantitative tools and representation advertising narratives poetic representation of consumer experience the crisis in the crisis concept consumer oriented ethnographic research The essays are written by experts from Britain and the United States and draw on a broad range of theoretical approaches     *The Official Price Guide to Antiques and Collectibles* Rinker Enterprises,2000-02-29 This updated guide completely covers the antique market listing over 60 000 prices and displaying 400 photos to aid identification Experts in the field give advice on the latest market trends how to spot fakes and forgeries and what to save when cleaning out the attic
