## **Steps On The Path To Enlightenment Vol 2 A Commentary On The Lamrim Chenmo:**

Steps on the Path to Enlightenment Lhundub Sopa, 2005-01-01 This second volume of the five volume commentary by the renowned Buddhist scholar Geshe Lhundub Sopa focuses on the key Buddhist concepts of karma or cause and effect and dependent origination. Considered one of the finest living Buddhist scholars, Geshe Sopa provides commentaries essential for anyone interested in a sound understanding of Tibetan Buddhist practice and philosophy. Never has a book gone into such clear detail on karma and dependent origination concepts which despite many references in contemporary culture are too often misunderstood. Here Geshe Sopa starts from the beginning with a faithful reading of the Lamrim Chenmo and in the end leaves readers with the proper tools for incorporating core Buddhist concepts into their study, teaching and practice.

**The Great Treatise on the Stages of the Path to Enlightenment (Volume 2)** Tsong-kha-pa, 2015-04-28 The second volume of the 15th century spiritual classic that condenses Buddhist teachings into one easy to follow meditation manual. The Great Treatise on the Stages of the Path to Enlightenment (Tib. Lam rim chen mo) is one of the brightest jewels in the world's treasury of sacred literature. The author Tsong kha pa completed it in 1402 and it soon became one of the most renowned works of spiritual practice and philosophy in the world of Tibetan Buddhism. Because it condenses all the exoteric scriptures into a meditation manual that is easy to understand, scholars and practitioners rely on its authoritative presentation as a gateway that leads to a full understanding of the Buddha's teachings. Tsong kha pa took great pains to base his insights on classical Indian Buddhist literature, illustrating his points with classical citations as well as with sayings of the masters of the earlier Kadampa tradition. In this way, the text demonstrates clearly how Tibetan Buddhism carefully preserved and developed the Indian Buddhist traditions. This first of three volumes covers all the practices that are prerequisite for developing the spirit of enlightenment (bodhicitta).

**Steps on the Path to Enlightenment** Lhundub Sopa, 2017-12-12 The final installment of the Steps on the Path to Enlightenment series examines the nature of reality with a master class in Buddhist Middle Way philosophy and meditation. The late Geshe Sopa was a refugee monk from Tibet sent to the United States by the Dalai Lama in 1963. He became a professor at the University of Wisconsin, training a generation of Western Buddhist scholars and was a towering figure in the transmission of the Buddhism to the West. In this fifth and final volume of his commentary on Lama Tsongkhapa's masterwork on the graduated steps of the Buddhist path, Geshe Sopa explains the practice of superior insight or wisdom, the pinnacle of the bodhisattva's perfections. All the Buddhist practices are for the purpose of developing wisdom, for it is wisdom that liberates from the cycle of suffering. All other positive actions, from morality to deep states of meditation, have no power to liberate unless they are accompanied by insight into the nature of reality. With unparalleled precision, Geshe Sopa unpacks this central principle with scholarly virtuosity, guiding the reader through the progressive stages of realization.
