Photographs October 17/18 2003 New York Phillips New York (Auctioneers : 2001),2003 **Colonial Cyprus** Maria Hadjiathanasiou,Andreas Karyos,Emilios A. Solomou,2024-12-12 An original innovative and timely study on the cultural history of Cyprus under British rule offering a new interpretative framework for studying the island s colonial past The book focuses on the often overlooked cultural dimensions of the island s colonial experience and demonstrates the crucial role culture played in shaping its historical trajectory and future This is the first volume to explore various aspects of the island s cultural life from 1878 when it transitioned from Ottoman to British rule until the establishment of the Republic of Cyprus in 1960 It features a series of thematic chapters by female authors focusing on photography architecture literature theatre art and collecting cultural policy advertising fashion antiquities and archaeology public gardens and sports clubs Individual chapters bring to light previously unpublished source material in Greek and English both written and visual from state and private archives Using cross disciplinary analytical tools from fields such as imperial and colonial history politics cultural studies and media and communication studies the authors provide new insights Old Fields John R. Stilgoe,2014-03-04 Glamour subverts convention Models images and even landscapes can skew ordinary ways of seeing when viewed through the lens of photography suggesting new worlds imbued with fantasy mystery sexuality and tension In Old Fields John Stilgoe one of the most original observers of his time offers a poetic and controversial exploration of the generations long effort to portray glamour Fusing three forces in contemporary American culture amateur photography after 1880 the rise of glamour and fantasy and the often mysterious quality of landscape photographs Stilgoe provides a wide ranging yet concentrated take on the cultural legacy of our photographic history Through the medium of shop theory the techniques tools and purpose

made equipment a maker uses to realize intent Stilgoe looks at the role of Eastman Kodak in shaping the ways photographers purchased cameras and films while also mapping the divisions that were created by European made cameras He then goes on to argue that with the proliferation of digital cameras smart phones and Instagram young people s lack of knowledge about photographic technique is in direct correlation to their lack of knowledge of the history of glamour photography In his exploration of the rise of glamour and fantasy in contemporary American culture Stilgoe offers a provocative and very personal look into his enduring fascination with and the possibilities inherent in creating one s own images
